Options

- Air conditioning: 425.53 (74.47)
- Electronic Stability Programme: 340.43 (59.57)
- Metallic/pearlescent paint: 297.87 (52.13)
Always stylish. Always flexible. New Agila could be the best looking, most reliable partner you’ve ever had. Easy to drive, simple to park and affordable to own. And with five doors too, it’s everything you need to make a busy life simple.

Some of the models shown include options and accessories available at extra cost. Also not all of the features described are available on every model. Some of the models illustrated may not be to final UK specification.
always on the move

This is where it all happens. The New Agila interior. With plenty of light and space, great sounds, clever storage ideas and flexible luggage space, there’s no end to what you can get done.
Always putting you first

New Agila proves that size doesn’t matter – it’s what you do with it that counts. Like maximising your interior space for people and their luggage. Making you comfortable. And dreaming up clever interior features that help you feel at home.

Flexible loadspace. Fold the New Agila rear seats forward to create an impressive 1050 litres of load space. Club and Design models feature a 60/40 split-folding rear seat and a luggage compartment underfloor storage area.
Air conditioning. For chilled air on hot days, faster demisting when it's damp outside, and a more pleasant driving atmosphere throughout the year, air conditioning is a brilliant addition to any car interior. It's standard on New Agila Design and optional on Club.

Seat comfort. New Agila has a high seating position for a great view of the road ahead. And it's easy to get comfortable too, especially on Club and Design models with six-way adjustable driver and front passenger seats (including height adjustment) and a tiltable steering column too.

Rev counter. On New Agila Club and Design models the rev counter is mounted in a separate pod on top of the facia directly in the driver's vision. Cool!

Quality sounds. If you like your tunes on the move, you won't be disappointed by New Agila's stereo radio/CD player with 30 station presets, RDS with Traffic Programme, and four speakers. On Club and Design models, it also features steering wheel audio controls and MP3 CD playback.

Clever storage. New Agila is packed with clever storage ideas, including a large compartment (with lid) on top of the facia – with coin holders and space for up to three CDs. Other examples, featured on most models, include spacious door pockets, a seat back map pocket and holders for cups, bottles and sunglasses.
Lively engines. Whether you go for petrol or diesel, New Agila’s high-tech engines are lively through the gears, big on flexibility and economy, and low on emissions. The lightweight 1.0 litre 12v petrol engine delivers a nippy 65PS, and at 86PS, the 1.2i 16v adds extra zest for acceleration and cruising, while still delivering frugal fuel consumption. New Agila’s 75PS 1.3CDTi common rail turbo diesel provides strong mid-range punch and superior economy.

Always ready for action
Great to drive. Easy to park. New Agila is designed to make life simple – in the city or out of town. With five doors, economical engines, secure roadholding and intelligent safety features, it’s the perfect partner for an active lifestyle.
Security. New Agila features an engine deadlock immobiliser, a remote fuel filler release and an electronic touchpad tailgate latch. Club and Design also come with remote control central deadlock. Push the key fob button once to open the driver’s door – twice to open all the doors and the tailgate.

Electronic Stability Programme (ESP) with traction control. This optional system senses when the vehicle is about to slide on a bend and applies corrective braking to the appropriate wheels, correcting the slide and helping you regain control more rapidly. The system also includes traction control helping prevent wheelspin during acceleration on slippery surfaces.

Seatbelt reminder. We know you’re careful about safety, but just in case, New Agila comes with a front seatbelt reminder light on the central instrument cluster just above the multi-function display (or trip computer on Club and Design models).

Airbags. New Agila safety begins with front and side airbags for the driver and front passenger. And on Club and Design models when a child seat is carried, or if the front passenger seat is unoccupied, the passenger airbags can be deactivated with a key operated switch at the end of the facia.

Manual and automatic transmissions. An easy-shifting five-speed manual gearbox is standard on every New Agila. And a smooth four-speed automatic is optional with the 1.2i 16v engine – perfect for city traffic and relaxed cruising. Both feature a convenient, high-mounted gear lever.

Engines, safety and security.
Choose your New Agila
EXPRESSION
5-door

Standard features include:
- Driver’s and front passenger’s front and side-impact airbags
- Anti-lock Braking System (ABS)
- Emergency Brake Assist (EBA)
- Electronic engine immobiliser
- Door-to-door illumination
- Speed-sensitive power-assisted steering
- Stereo radio/CD player
- Body-colour bumpers
- Tailgate with electronic touchpad release
- Internal release for fuel filler flap
- Tinted glass
- Lights-on audible warning
- 14-inch steel wheels with full-size wheel trims
- Height-adjustable front seatbelts and head restraints
- Three inertia-reel lap and diagonal rear seatbelts
- ISOFIX child seat restraint system for outer rear seats (does not include child seat)

The fuel consumption figures shown comply with EC directive 1999/100 to provide a realistic indication of fuel consumption by taking into account everyday driving conditions, such as cold starts, acceleration and braking. These figures take account of the vehicles kerbweight, ascertained in accordance with the above regulation.

Important: the results given relate to the particular car tested. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption; therefore the results do not express or imply any guarantee of fuel consumption attainable.
