Looking for a compact MPV that's easy to park and manoeuvre around town? A car that makes rear passengers of all ages feel as welcome as those in the front – with adjustable rear seats that blend family members of all ages and their luggage? Check out the latest Meriva models from Vauxhall. With fresh style, lively engine choices and great features throughout, today's Meriva fits your family's lifestyle – effortlessly.

Think Meriva. How clever is that?

This brochure covers Meriva Expression, Life, Club and Design models only. Full prices are available at your dealer. And most of the features described are available at extra cost. Not all features are available on all models. See your dealer or the Vauxhall website for details. From time to time, we also offer alternative Meriva models such as Special Editions, featured in their own separate literature or found on the Vauxhall website: www.vauxhall.co.uk

My Meriva. My Life.
Stylish.
Compact.
Spacious.
And always fun.

With sharp lines and brilliant detailing, Meriva has bags of visual appeal. And everything is designed to make life a little bit easier, whether you’re loading up at the supermarket, finding a place to park or simply heading off for a great day out.

My family’s cool day.
Extra legroom?
Extra bag room?
Extra flexibility?
Welcome to FlexSpace.

My Auntie’s dressing up day.
My Auntie’s shopping day.

Loads of seating positions. Loads of ways to make life easier.
And keep the family happy.

Meriva’s FlexSpace® seating system is all about finding simple ways to accommodate every family transport need, however unexpected, without removing the seats. With rear seats that move backwards, forwards – even sideways – and a 40:20:40 split-folding seat back, Meriva can always make room for friends, family and luggage – plus all the children’s bags or buggies.

For maximum versatility, Meriva’s outer rear seats also tilt, so you can recline them back to 29 degrees for a more relaxed seating position. Or lift them up to a maximum 17 degrees (and slide them forward by up to 130mm) to accommodate a little extra luggage. Choose Meriva’s optional fold-flat front passenger’s seat and your capacity increases even further – enough for loads of up to 2400mm in length with both front and rear nearside seats folded.
Feel the light.
Enjoy the view.
And relax.

Superb visibility. A fresher, brighter interior. And a higher seating position. And that’s not simply from the driver’s perspective. The advantages include more light. More space. More comfort. And an altogether sunnier outlook. Wherever you’re sitting!
Dynamic chassis.
Efficient engines.
Great safety.
Brilliant day out.

My 'Let's go to the seaside' day
Safety for the whole family.

With a 4-star EuroNCAP adult occupancy rating, you don’t need a family to appreciate Meriva’s many safety features. Every model comes with ten front airbags, front seatbelt pretensioners and side-impact protection beams. All three rear seats are equipped with adjustable head restraints and lap and diagonal seatbelts—the centre belt pulls down from the headlining.

### Airbags

Every Meriva features driver and front passenger airbags as standard. Front seat side-impact airbags and full-size curtain airbags are available as part of the optional Protection Pack, along with active-safety front seat head restraints and other important safety features.

### ISOFIX child seat restraint system

Every Meriva is fitted with ISOFIX child seat restraint fittings in both outer rear seats, with front passenger seat fittings optional as part of the Protection Pack. Used in conjunction with Vauxhall front seat head restraints, the rigid ISOFIX anchoring mechanism virtually eliminates the dangers that can result from incorrect child seat installation. The Vauxhall ISOFIX child seat (see page 35) simply slides into the mounting points engineered into the car.

### Adaptive Forward Lighting (AFL)

This sophisticated halogen lighting system moves the headlight beams up to 15 degrees left or right when you turn the steering wheel, helping improve your vision of the approaching bend. It’s optional on Meriva Club and Design.

### Powerful lighting

Halogen headlights with electric headlight beam levelling are standard on every Meriva. And fog lights, standard on Design and optional as part of the Club Plus Pack, help you see even more clearly, and arrive safely, in the most demanding of weather conditions.

### Security

The hard work we’ve put into securing your belongings has also led to low, money-saving Meriva insurance group ratings. Features include an engine deadlock immobiliser, remote control central deadlocking and a visible vehicle identification number.

Driving dynamics

Driving dynamics. A family car that’s great to drive. Meriva gives you a real feeling of confidence at the wheel – secure in the corners and agile in all conditions. The ride is beautifully balanced – no matter how many people you have on board. And the availability of intelligent chassis features like Dynamic Stability (DSA) suspension – which enhances stability when braking on surfaces with differing levels of grip on either side of the vehicle – anti-lock brakes and traction control adds the sort of active safety you would expect from Vauxhall.

ABS. Meriva’s Anti-lock Braking System (ABS) with Electronic Brakeforce Distribution (EBD) and Emergency Brake Assist (EBA) can reduce emergency stopping distances, particularly on slippery roads. It prevents the wheels from locking up and allows drivers to retain steering control.

Tinted rear lights. Extra safety with style. Meriva’s pillar-mounted rear lights increase visibility for following drivers whilst integrating perfectly into the car’s smooth rear styling. High mounting also keeps them out of harm’s way, protecting against accident parking damage.

ESP and Traction Control. Electronic Stability Programme (ESP) helps you maintain control during adverse or emergency conditions. If the car begins to slide, ESP gently applies corrective braking to the appropriate road wheel to help you regain control. Traction Control (TC) helps prevent wheelspin during acceleration.
Powerful and efficient. Responsive and clean.

Meriva's engines pack plenty of punch matched with low fuel consumption and low service requirements too.

The range extends to three advanced petrol engines and two super-efficient common rail turbo diesels.

**Common rail diesels.** Meriva is available with two advanced, common rail, turbo diesel engines. The 1.3CDTi 75PS and more powerful 1.7CDTi 100PS engine are designed to offer good flexibility, light emissions control and low running costs.

**Petrol engines.** Meriva is available with a choice of three advanced petrol engines – highly economical 1.4i 16v and 1.6i 16v Twinport units plus a powerful 1.8i 16v. The Twinport variable induction system ensures lively power delivery with high fuel economy and low emissions.

**Choice of transmissions.** Meriva can be specified with either a slick, five-speed manual gearbox or an automatic. Vauxhall’s innovative Easytronic transmission. The ratios in five-speed manual versions have been specifically chosen to optimise flexibility and promote ease of driving.

**Easytronic.** Choose the optional Easytronic transmission and you’ll get a five-speed manual gearbox with a fully automatic mode. In manual mode, you simply push the lever forward or back to shift gears up or down. The facia display tells you what gear you’re in – 1 to 5, N for Neutral or A for Auto. Switch to fully automatic mode and it has many of the features of a regular automatic, including a kickdown function. There’s no clutch pedal so you can drive it on an automatic-only driving licence.

**Powertrain.**

Easytronic. Choice the optional Easytronic transmission and you’ll get a five-speed manual gearbox with a fully automatic mode.切换至手动模式，只需简单地向前或向后推换档杆以升档或降档。仪表板显示屏会告诉你当前的齿轮 – 1至5档，N为中性或A为自动。切换到完全自动模式，它拥有许多自动变速器的特性，包括降档功能。没有离合器踏板，因此你可以在自动驾驶执照上驾驶它。
How do you like to drive?

Meriva puts the driver firmly in control. To begin with, the six-way adjustable driver’s seat – including height adjustment – plus a tiltable steering column (standard on Design, optional at extra cost on Life and Club) ensure the perfect driving position. And the driver environment is packed with clever ideas to make driving easier and more enjoyable.

Features

Audio and Sat Nav. Equally sounds as high on your agenda, you won’t be disappointed by Meriva. Choose Life or Club and you get a radio/CD player with steering wheel controls. Select Design and you’re also treated to MP3 playback capability and our ingenious rear seat Twin Audio® system. Optional infotainment systems include the very best satellite navigation functions too. Our Sat Nav units can determine your precise location and guide you to wherever you want to go using voice instructions and directional pictograms displayed on the face-mounted display.

Welcome lighting and door-to-door illumination. Meriva’s front, rear and interior lights are activated when the car is unlocked using the remote control unit, they go out when the engine is started, or when the car is locked. On Club and Design models simply flick the main beam headlight stalk upon leaving the car and the dipped headlights and rear lights stay on for 30 seconds, giving you time to make your way from the vehicle in an unlit driveway or car park.

Bluetooth® technology. Meriva Club models can be specified with the latest mobile phone technology, operated via the car’s audio system. Fully integrated into the car’s audio system, it’s easy to use with both voice activation and the latest Bluetooth® wireless connectivity.

Perfect seating position. With a six-way adjustable driver’s seat – including height adjustment – and tiltable steering column on Design models, it’s easy to find the perfect seating position. Club and Design models also feature a folding front armrest.

Air-conditioning and ECC. Air-conditioning provides chilled air on hot days, faster demisting on damp days and a more pleasant atmosphere throughout the year. Move up to Electronic Climate Control (ECC) for a more consistent control of the interior temperature.

Enjoy the luxury of comfort and convenience.

Meriva is a great car to travel in because it’s just as comfortable in the back as in the front. And there are many clever features designed to make every journey a pleasure.

Clever storage solutions. With available features like a stowage net and underseat storage tray for the front passenger, a driver’s sunglasses holder and an underfloor storage area in the luggage compartment, Meriva is brilliantly in tune with family life.

Features

Fold-out tray tables. Meriva’s practical tray tables, with their integrated drinks holders – standard on Design models – provide a handy surface for a variety of uses. They also come with net pockets for both front seat backs – perfect for magazines and other rear passenger belongings.

Fold-flat front passenger seat. Select the optional fold-flat front passenger seat and you can make room for even more luggage. The seat back even doubles as a handy table top – ideal for those impromptu picnic stops.

Roof-mounted removable DVD player. Keeping rear seat passengers entertained means a more enjoyable journey for all, so this DVD player is a wise investment. It features a 7-inch screen and two sets of wireless headphones. And at the journey’s end it can be used indoors (mains adaptor included) and connected to a TV if you want to see the bigger picture (see also page 49).

Twin-Audio®. Meriva’s independent rear seat Twin-Audio® system – standard on Design, optional on Club – comes with a single headphone set and separate rear controls. There’s an on/off switch, independent volume controls for each headseat, switching between CD and radio tuner, and a scan function. So front and rear passengers can listen to the radio or a CD totally independently and at the same time. It even mutes the rear speakers when in use. Additional headphone sets and alternative earhook headphones (shown left) are available as accessories.

Enjoy the luxury of comfort and convenience.
No two families are identical. And no two Meriva drivers will want exactly the same blend of model, engine and equipment. That’s why we’ve made Meriva choice as flexible as possible. With four feature-packed trim levels – plus the sensational Meriva VXR – five power units and a huge array of options, option packs and accessories, Meriva offers a model to suit all families – and all budgets.

Expression is our entry model – superb value and remarkably well equipped. Life takes this successful recipe and adds just that little bit more. Club is our upwardly mobile model – clearly aspirational in its outlook. While Design models more than live up to their name – capturing everything that’s great about Meriva with an added injection of style.
Standard features include:
• Anti-lock Braking System (ABS)
• FlexSpace® flexible rear seats
• Twin front airbags
• Three rear seat head restraints and lap and diagonal rear seatbelts
• Engine deadlock immobiliser
• Remote central deadlocking
• CD/20 stereo radio/cassette player
• Welcome lighting
• ISOFIX child seat fixings on outer rear seats
• Dark-style tail lights

Additional features over and above Expression model:

Vauxhall by Design

Vauxhall by Design is all about choice – selecting your new car, then personalising it to suit yourself with our choice of individual options, special option packs and accessories - all available at highly attractive prices. You’ll find more information on the following pages. Or ask your Vauxhall retailer for further details.

VXR Styling Pack One.

Breathe some extra style into your Meriva with a front lower spoiler, side sills, rear roof spoiler (see below) and rear skirt. All of these items are also available separately. Vehicle illustrated also features Irmscher 17-inch Delta alloy wheels.

Developed in conjunction with auto design specialists Irmscher International, Meriva styling accessories perfectly complement the vehicle’s lines, as well as being manufactured to the same exacting standards as the car itself. For availability details of these features please refer to the Vauxhall Car and Accessory Price Guide.

Inspired by the hugely successful VXRacing team, Vauxhall VXR styling products come with all the same experience, knowledge, and passion for style and performance. They put the accent firmly on quality and exclusivity with a winning edge. And they add flair, personality and excitement to every Meriva model. VXR styling products are available in factory-fit option packs or accessories fitted by your Vauxhall retailer. Please refer to the Vauxhall Car and Accessory Price Guide for availability details of the full Vauxhall VXR range.

VXR Styling. Treat your Meriva to a stylish add-on rear lower skirt, side sills and rear roof spoiler: sports interior with twin rectangular tailpipes, fuel flap cover: cross-hatch grille with Irmscher badge: aluminium door lock buttons and an Irmscher chrome-effect badge and keyring.

Irmscher Styling. With a huge range of styles – including Sigma (below), Stila (below) and Delta (on vehicles) – and options to choose from, you’re sure to find one to suit your chosen look and budget. Don’t forget to ask about accessory wheel locking kits too.

Meriva options can make life better in so many ways. Alloy wheels, air-conditioning, a sunroof – there’s a huge range to choose from and they’re available individually or in special option packs at great prices. You’ll find further information on availability in the Equipment section. Or you can ask your Vauxhall retailer.

Rear parking sensor. This optional early warning system helps safeguard your car and pedestrians. When reverse gear is selected, the system keeps an eye on movement close to a stationary object, stopping it short of a collision. Most Meriva models feature a rear parking sensor as standard.

Other individual options include:
• Tiltable steering column
• Roof-mounted removable DVD player
• Air-conditioning
• Halogen Adaptive Forward Lighting
• CD 70 stereo radio/CD with MP3 capability/colour-tunable navigation with monochromatic graphic information display
• Rear seat Twin-Audio Rosso system with individual headsets

Protection Pack:
• Electronic Stability Programme (ESP)
• Traction control
• Full-size curtain airbags
• Front seat side-impact airbags
• Active-safety front seat head restraints
• Front seat occupancy detection
• ISOFIX child seat fixings

Bluetooth® technology. Meriva Club models can be specified with the latest mobile phone technology. Operated via the car’s steering wheel mounted audio controls, the system is easy to use with both voice activation and the latest Bluetooth® wireless connectivity. For further information, please refer to page 49.

Protection Pack:
• Electronic Stability Programme (ESP)

Dog guard.* Specially designed for Meriva, our heavy-duty steel dog guard will help keep your dog secure in the rear of the car and protects the driver and passenger in the event of sudden braking or emergency manoeuvres.

To tow bar and 12N electrics. Tow in confidence with the detachable Meriva tow bar. It won’t get in the way when you don’t need it. But it’s easy to mount when you do. And naturally, it is tested to comply with top European standards. Meriva accessory towing mirrors are also available, of course.

Rear parking sensors. This invaluable parking aid is mounted within the Meriva rear number plate area. Activated automatically when reverse gear is selected, it beeps as you approach an obstruction rising to a continuous tone when it’s approximately 300mm away.

Roof-mounted removable DVD player. This 7-inch screen with wireless headphones and remote control provides the perfect rear seat passenger travel entertainment. It safely clicks into the roof-installed docking station and can even be easily removed for outdoor (with battery) or home (connected to TV) operation.

Child seats. Vauxhall offers a range of child seats, ergonomically styled for comfort and safety. The Baby-Safe (for babies from birth to 13kg), and Kid (15-36kgs) seats are fixed with a standard lap and diagonal seatbelt, while the Duo ISOFIX (9-18kg) can also be attached using the ISOFIX child seat restraint fittings, which are standard on the outer rear seats of all Meriva models. The rigid ISOFIX anchoring mechanism virtually eliminates the dangers of incorrect child seat installation.

Protection Plus Pack.
• Paint and trim protection
• Velour mats
• Mudflaps
• Cargo liner

Travel Pack.
• First aid kit
• Warning triangle
• Spare bulb kit (for AFL headlights)
• Fire extinguisher
• Hi-visibility vest

MERIVA VXR

This is extra-sensory stimulation. Cars with soul and power to make you feel alive, electrified and inspired. A range of driver-focused, performance machines for the road, born on the track.
Who said serious performance and family-style practicality don’t mix? Quite simply, this is the clever and versatile MPV for anyone who loves driving.

Check out the unique VXR styling. Lowered and uprated sports suspension. Not to mention the sensational, turbocharged 180PS 1.6i 16v engine.

Truth is, you won’t find a more rapid car in this class. But then, with Meriva VXR, that’s only half the story.
Meriva’s colour and trim combinations have been carefully selected to complement each other, while reflecting the individual status of each model in the range. Due to the limitations of the printing process, the colours reproduced may vary slightly from the actual paint colour or trim material. Due to this, they should be used as a guide only. Your Vauxhall retailer has a comprehensive display of all our paint samples and trim swatches.

Safety

**Standard Features**
- Driver’s airbag
- Front passenger’s airbag
- Pedal release system (removes potential injury to the driver’s legs and feet during a sudden frontal crash)
- Laminated windscreen
- Blind-spot door locks and anti-jam door design
- Reinforced passenger safety cell
- Side-impact protection beams
- Fuel tank located ahead of near side
- DISTINCT child seat restraint system for outer rear seats (does not include child seat)
- Child-proof locks on rear doors

**Active Angle Braking System (MBS) with Electronic Brakeforce Distribution (EBD)**
- Emergency Brake Assist (EBA) = on page 53
- Height-adjustable front seat head restraints
- Height-adjustable front seatbelts
- Pyrotector front head-loss seatbelt pretensioner system: Tension the seatbelt during the initial stages of a frontal impact
- Anti-submarining ramps in all seats
- Three inertia-reel lap and diagonal rear seatbelts
- Anti-subsidence seat when the child seat is specified
- Electronic theft protection system for audio equipment and remote display
- – Helps prevent occupants sliding underneath the lap belt during a collision
- Reinforced rear seat back: Helps prevent heavy items entering the passenger compartment

**Additional Features**
- Driver’s seat height adjuster
- Freewheeling on all seats
- Anti-smoke night vision protector for front passenger’s airbag
- Front seats power memory system in front passenger’s seat (does not include child seat)
- Temperature sensors on all seats
- Electronic Vehicle Programme (EVP) = see on page 48
- Electronic stability control with two-way intervention

**Security**

**Standard Features**
- Remote control two-stage central locking (doors, tailgate and fuel flap)
- Child-proof locks on rear doors
- Electronic theft protection system for audio equipment and remote display
- Electronic corner deadlock sensor
- Key back light: audible warning
- Flexible Vehicle Identification Number (VIN): Vehicle lighting: Side, facia, headlights, tail lights and rear door lights on by remote control switch

**Additional Features**
- Welcome lighting
- Illuminated glovebox with lid
- Service-due indicator
- Digital clock with automatic BDS time adjustment
- Four adjustable heating and ventilation outlets on facia
- Multi-function display panel showing time, date, audio information and outside air temperature (with ice warning function)
- Trip odometer
- Digital clock with automatic BDS time adjustment

**Heating and ventilation**

**Standard Features**
- Air bled heater with four-speed fan and illuminated controls
- Interior pillar filter
- Side window demister
- Four adjustable heating and ventilation outlets on facia
- Rear passenger compartment heating outlets on centre console

**Additional Features**
- Interior visor: reducing activated charcoal filter
- Reversing and side mirrors
- Electronic Climate Control (ESC) and Solar Reflect® windscreen

**Facia, instruments and controls**

**Standard Features**
- Key counter: Electronically controlled coolant temperature gauge and fuel gauge
- Trip computer
- Low fuel level warning light
- Service due indicator
- Electronic stability control
- Embedded steering wheel: Instrument panel light: Instrument panel light: dimmer
- Illuminated glovebox with lid
- 12-volt electrical accessory socket in front and rear centre consoles
- Multi-function display panel showing time, date, audio information and outside air temperature (with ice warning function)

**Equipment**

**Standard Features**
- Electrically controlled coolant temperature gauge and fuel gauge
- Trip computer
- Low fuel level warning light
- Service due indicator
- Embedded steering wheel: Instrument panel light: Dimmer
- Illuminated glovebox with lid
- 12-volt electrical accessory socket in front and rear centre consoles
- Multi-function display panel showing time, date, audio information and outside air temperature (with ice warning function)

**Multi-function display panel**

- Standard equipment
- Also available as part of an extra-cost option pack
- Only available as part of an extra-cost option pack
- Optional at extra cost.

Equipment

**Standard features**
- Front door pockets with drinks holders
- Storage box on driver’s side lower facia
- Drinks holders in centre console
- Dusk/Sunroof dimmer switch
- Three foldable passenger assistant handles, rear with integral coat hooks
- Sliding and folding luggage compartment cover
- Illuminated luggage area
- Two interior saloon handles
- Four load restraint
- Lashing eyes
- Storage compartments under luggage compartment base
- Storage bins in sides of luggage compartment
- Load area of protection
- Chrome-effect door handles, handbrake button and gear knob trim

**Additional features**
- Most charcoal trim inserts in face and front doors
- Dark metallic-effect centre console
- Instrument panel contrast trim
- Interior light detection on instrument panel
- Rain sensor
- Parking sensors
- Indirect night lighting and electro-chromatic anti-dazzle rear-view mirror
- Rear reading lights
- Front reading lights
- Chrome-effect trim on instrument surrounds
- Hinged and folding luggage compartment cover
- Gas-pressure dampers
- Twin sunvisors with mirror and document pocket
- Coin holder in centre console
- Storage bins under luggage compartment floor
- Chrome-effect door handles, handbrake button and gear knob trim

**Standard features**
- Front wheel drive
- Five-speed manual gearbox
- Speed-sensing electric power-assisted steering
- Side sliding doors, steering column with front seats swivel
- Power steering
- Electrically operated slide/tilt glass front sunroof and tiltable glass rear sunroof
- Electrically operated rear windows with safety autoreverse and one-touch facility
- Electrically operated front windows with safety autoreverse and one-touch facility
- Dark-tinted Solar Protect® glass
- Rapid front defroster
- Heated rear window with intermittent wash/wipe
- High-level LED centre brake light
- Black body side-protection mouldings
- Body-colour bumpers
- 15-inch Structure wheels with 185/60 R 15 low profile tyres (full-size spare)
- 15-inch steel wheels with 185/60 R 15 low profile tyres (full-size spare)

Audio, navigation and communication

Satellite navigation

Vauxhall’s CD-ROM-driven satellite navigation system is very simple to operate, using either menu-driven options which are easily accessed via the steering wheel-mounted audio controls.

The navigation system is fully integrated into the system covering all major roads and cities in the UK. Clearly spoken instructions indicate the road you need to be in, while directional pictograms, clearly shown on the special menu/screen, give visual information, delivered either visually or verbally.

Standard features

• The CD-ROM may be replaced by a DVD player.

Mobile phone system with Bluetooth®

Available for Meriva Club models only.

Vauxhall’s factory-fitted dual-band mobile phone system has been tremendously enhanced. Now fully integrated into the audio and communication system, it also features voice control and will connect wirelessly to phones with Bluetooth® technology.

All the required information is displayed in the multi-function display when a mobile phone is in use. While the menu can easily be navigated via the steering wheel, audio controls or the multi-function button on the radio, certain functions can also be controlled by voice interaction.

Mounted on the centre console, the phone system base unit can be fitted to suit all Vauxhall models (available as accessories) for many different mobile phones. A plug-in cradle is featured in the Car and Accessory Price Guide.

Contact your Vauxhall retailer for information regarding compatible mobile phones.

Vehicle features

Standard features

• Carinthia Black Sapphire two-coat pearlescent paint.

Optional features

• Mobile phone system with Bluetooth® (does not include phone or cradle).

Sporty 5-door body

• Stereo system in rear seat

Roof-mounted removable DVD player

The DVD player available for Meriva features a seven-inch screen with excellent picture quality and brightness - very important features for in-car use. Mounted in the roof of the vehicle, it’s ideally situated to allow good visibility for all rear seat passengers.

Not only that but it is also removable from the vehicle, offering the advantages of extra security and the ability to continue watching films after the journey has ended – it can even be connected to a TV if required. Included within the DVD player package are two sets of wireless headphones with superior quality and brightness – very important features for in-car use. Mounted in the roof of the vehicle, it’s ideally situated to allow good visibility for all rear seat passengers.

**Technical data**

50kg

1300kg Maximum towing weight

552kg Maximum carrying capacity
**Anti-lock Braking System (ABS)**

When a vehicle is understeering excessively, it displays an unwillingness to change A

**Aerodynamic drag coefficient: Cd 0.32**

53 litres (11.7 gallons)

Low brake fluid level warning light

53

During the more unusual oversteering situation the vehicle’s yaw angle is excessive due to rapid changes in traction between the two axles. If the driver’s corrective steering input is insufficient, the vehicle will drift out of control. The ESP system is designed to counteract this by applying braking force to the inside rear wheel, slowing it down and increasing the rear of the car independently and compare their respective descents. D1. Emergency Brake Assist (EBA)

Emergency brake assist detects the urgency with which the brake pedal is pressed and rapidly increases the pressure to the maximum the system can provide, shortening stopping distances. It also enhances pedal feel.

**Steering**

Rock and ram

**Speed-sensitive electric power-assisted steering**

- 1.4i 16v

- 1.6i 16v

- 1.8i 16v

- 1.9 CDTi 16v

- 2.0 CDTi 16v

**Suspension**

**Front:** Independent: McPherson struts with coil springs and gas-pressure dampers. Anti-roll bar. Dynamic Safety (DSA) suspension – this aids stability when braking on surfaces with differing levels of grip on either side of the vehicle by increasing front wheel cam-in on inside wheel and cam-out on outside wheel.

**Rear:** Torsion tube with compound link, Progressive-rate double conical mini-block springs and gas-pressure dampers.

**Brakes**

- Anti-lock Braking System (ABS)

- Electronic brake force distribution (EBD)

- Brake assist

- 1.4i 16v

1. With all three rear seats in place the backrests of the outer seats can be reclined individually.
2. Fold the centre rear seat down, and the base continues downwards below the level of the outer rear seats.
3. The seats can now be slid inwards, providing generous shoulder room for rear seat passengers.
4. Each rear seat can be individually slid backwards 70mm to provide extra legroom. And each backrest can be reclined a further six degrees (to 29 degrees) to give a truly relaxing travelling environment.
5. Each part of the 40/20/40 rear seat can be folded forward giving a totally flat 1.5 metres long load area.
6. The optional fold-flat front passenger’s seat allows loads of up to 2.4 metres in length to be carried.

### Seating configurations
