make the world adjust to you

Zafira shows what can be achieved with clever thinking. All that dynamic driving experience, interior comfort and built-in seven-seater flexibility – but with sharp styling, cool interior finishes and impressive safety features.

This brochure covers Expression, Life, Exclusiv, Design, Elite, SRI and SRi with Exterior Pack models only. Some of the vehicles shown in this brochure include options and accessories available at extra cost. And not all of the features described are available on every model. So please check the Equipment section for further details. From time to time, we also offer alternative Zafira models such as Special Editions, featured in their own separate literature or found on the Vauxhall website www.vauxhall.co.uk

Please see back cover for more details.
Fed up with boxy looking MPVs? Here’s a welcome change. A seven-seater compact people carrier that’s definitely got the X-factor. With its radical, tapered roofline, dynamic front grille and bumper shapes, chrome headlight surrounds and great alloy wheel designs too, family travel has never been so attractive.
something for everyone

Yet another dilemma solved. Brilliant family transport and great to drive too – whether you’re just one or seven-up. The dynamic Zafira chassis combines precise, secure roadholding with built-in technological innovation. And Vauxhall’s advanced engine technology means efficient, multi-valve engines – as flexible and responsive as they are economical and environmentally aware.
Zafira’s design themes move effortlessly from outside to inside with a driver-friendly facia and high quality interior finishes throughout. And while it’s easy for the driver to get comfortable, this is a car designed to make travel easy for the whole family. So it’s light and spacious, comfortable and clever – wherever you’re sitting.
This is what versatility looks like. And it’s all down to clever design – Flex7° seating, adaptable luggage space and plenty of smart storage ideas for all your essential travelling kit.
Talk about personalised travel arrangements! The optional Zafira panoramic roof gives you four tinted glass roof panels – with separate, electrically-operated sunblinds – and a five-compartment, central overhead console. So there’s always somewhere to put your mobile phone, personal music player, sunglasses or hand held games console.
We all share a responsibility to look after our world. That’s why Vauxhall has been at the forefront of green automotive initiatives for many years. Most recently, we have been researching ways of developing new cars that are more efficient than ever before. The forthcoming Vauxhall Ampera* is an Extended-Range Electric Vehicle (E-REV) that can drive up to 50 miles on battery power alone and over 300 miles utilising an on-board electric generator system. And of course, we are always looking to reduce vehicle CO₂ emissions and the Zafira 1.7CDTi 16v ecoFLEX models have among the lowest CO₂ emissions of any seven-seat MPV.

But our commitment to your continuing peace of mind goes even further. We have dramatically reduced manufacturing emissions, and our new models use more recycled materials and more recyclable parts than ever before.

We also offer free and easily accessible, environmentally friendly, end-of-life vehicle disposal through our partners Autogreen Ltd.

That way, we reduce our environmental impact in every phase of every vehicle’s life cycle. Because your world is our world, too.

*For more information on Vauxhall Ampera please visit www.vauxhall-ampera.co.uk
Zafira’s lowest emission ecoFLEX engines clearly demonstrate that environmental awareness can be achieved without compromising performance and driveability. Improved fuel economy speaks for itself but lower CO₂ emissions also save you money on Vehicle Excise Duty (VED) and company car taxation. See the table to the right for more details.

**Petrol engines.** Zafira’s twin-cam 1.6i 16v VVT and 1.8i 16v VVT Euro 5 engines feature multi-point sequential fuel injection and utilise Double Continuous Variable Cam Phasing (DCVCP), which provides most of the available torque across a wide rev band. The result? More power, lower fuel consumption and improved CO₂ emissions.

**ecoFLEX diesels.** Zafira’s two turbo diesel ecoFLEX models – a 1.7CDTi 16v (110PS) and 1.7CDTi 16v (125PS) have CO₂ emission figures of only 134g/km. Not only do they save you money with lower Vehicle Excise Duty (VED) charges and benefit in kind company car tax (see table opposite), but they do so without compromising the excellent driveability and performance Zafira is renowned for.

**Six-speed.** Zafira comes with a six-speed manual gearbox as standard on all 1.7CDTi 16v engines. Others come with a five-speed manual as standard.
**Easytronic transmission.** Choose the optional Easytronic transmission – available on the 1.8i 16v VVT petrol versions – and you'll get a five-speed manual gearbox with a fully automatic mode. In manual mode, you simply push the lever forward or back to shift gears up or down. The facia display tells you what gear you're in – 1 to 5, N for Neutral or A for Auto. Switch to fully automatic mode and it has many of the features of a regular automatic including a kickdown function. There's no clutch pedal so you can drive it on an automatic-only driving licence.

| Petrol            | Combined fuel economy (mpg/litres/100km) | CO₂ emissions (g/km) | VED (2011/12)* | Benefit in kind tax band** |  
|-------------------|------------------------------------------|----------------------|----------------|---------------------------|---|
| 1.6i 16v VVT      | 42.2 (6.7)                               | 157                  | £165           | £165                      | 21% |
| 1.8i 16v VVT      | 39.2 (7.2)                               | 168                  | £265           | £190                      | 23% |
| 1.8i 16v VVT Easytronic | 40.4 (7.0)                          | 164                  | £165           | £165                      | 22% |

| Diesel            | Combined fuel economy (mpg/litres/100km) | CO₂ emissions (g/km) | VED (2011/12)* | Benefit in kind tax band** |  
|-------------------|------------------------------------------|----------------------|----------------|---------------------------|---|
| 1.7CDTi 16v (110PS) ecoFLEX | 55.4 (5.1)                        | 134                  | £115           | £115                      | 19% |
| 1.7CDTi 16v (125PS) ecoFLEX | 55.4 (5.1)                        | 134                  | £115           | £115                      | 19% |

*Correct at time of publication (April 2011). **Taxation information for guidance only. Please take professional advice on your own tax position.

**ESP-plus.** Especially useful on wet roundabouts and greasy roads or whenever a slippery surface catches you out. Electronic Stability Programme-plus (ESP-plus), senses if the car starts to slide on a bend and applies corrective braking to the appropriate wheels to help you regain control. For further information please see page 47.

**Interactive Driving System-plus (IDS-plus).** This optional system senses changes in the vehicle dynamics and automatically adjusts the damper rates – in real time. The result is confident cornering and sharper handling with reduced body roll. Pretty smart for a seven-seater compact MPV. For further information please see page 47.

**Sport switch.** Sports performance to suit your mood. Hit the Sport switch and you get a sharper throttle and more responsive steering. With optional IDS-plus you also get sportier chassis dynamics with more body control.
Adaptive Forward Lighting (AFL).
The optional lighting system swivels the headlight beams up to 15 degrees for improved vision as you turn a corner. Above 65mph, it raises the dipped headlight beam slightly, also to increase safety – returning to normal beam automatically as speed is reduced. Turn to page 47 for more detailed information.

Intelligent, reassuring safety and security
Zafira has a strong reputation for safety and security, and with good reason. Every model has a five star EuroNCAP adult occupant safety rating, with six full-size airbags and a chassis that is packed with active safety innovations that help you avoid accidents before they happen. Security features include remote control central deadlocking.
Safety and security

**Anti-lock Braking System (ABS).**
On its own, ABS is a huge benefit in emergency braking, but Zafira goes even further. Emergency Brake Assist (EBA), Electronic Brakeforce Distribution (EBD) and Cornering Brake Control (CBC) all make the car easier to control and stop under extreme cornering and braking.

**ISOFIX Child seat restraint system.**
The rigid ISOFIX anchoring mechanism virtually eliminates the dangers of incorrect child seat installation. You simply click the optional accessory Vauxhall ISOFIX child seat into the mounting points engineered into the Zafira outer rear second-row seats.

**Remote control alarm system.**
Standard on SRi, the ultrasonic security alarm system features forced entry detection, along with tilt, movement and rear glass breakage sensors.

**Six airbags.** Zafira protects you and your family with six full-size airbags as standard on every model. Specially developed to provide maximum protection, every model has twin front airbags, enlarged ‘thorax-pelvis’ front seat side-impact airbags and full-size curtain airbags too.
Keeping everybody happy

Zafira’s Flex7® seating. It’s not just about quantity. It’s about quality too, making everyone feel comfortable – front and rear. Wherever you’re sitting, you’ll be amazed at what Zafira has to offer, whether it’s features like air conditioning and rear seat audio or clever storage space for all your bits and bobs.

Versatile load space.

When you’re not using Zafira’s third row seats, there’s no need to remove them completely. Each one folds down separately, flush with the load floor. Add the optional FlexOrganiser® pack, and you’ve got the smartest, most versatile way to manage your load area ever!
**Quality sounds.** Every Zafira features a quality CD player/stereo radio, with steering wheel mounted audio controls on many models. Optional systems add CD/MP3 format, user-friendly satellite navigation with colour display, and our independent rear seat Twin Audio® system* (shown below) where the front and two second-row rear passengers can listen to the radio or a CD independently and at the same time. It comes with separate second-row rear seat audio controls – an on/off switch, independent volume controls for each headset (available as an accessory), switching between CD and radio tuner and a scan function. And it even mutes the rear speakers when the headphones are in use.

*Does not include headsets. Fitted with industry standard 3.5mm audio sockets.

**Air conditioning.** It makes for a fresher interior atmosphere all year round, with chilled air on hot days and faster demisting when it's damp. Move up to Electronic Climate Control (ECC), standard on Elite and optional on many other models and you can maintain the interior temperature to within a single degree.

**Satellite navigation.** You’ll never get lost with optional satellite navigation. It can determine your precise location and guide you to your destination by the best and fastest route. Turn to page 41 for more detailed information.

**Cruise control.** The easy-to-use, tap-up/tap-down cruise control is standard on Elite and optional on most other models. It allows you to maintain a steady speed without keeping your foot on the throttle. So it’s more comfortable on long journeys and easier to keep to speed limits too.

**Mobile phone system with Bluetooth®***. With the optional mobile phone system, your phone interfaces with the audio unit, for operation via the steering wheel controls and facia display. Bluetooth® wireless technology with voice activation is included. See page 41 for more detailed information.

**Multi-function trip computer.** Standard on Zafira Design, Elite and SRi this invaluable driver information system provides instantaneous and average fuel consumption, fuel consumed, average speed, distance travelled and range based on fuel remaining.

**Please refer to the online Vauxhall Car and Accessory Price Guide for a list of phone-specific cradles.**
**EXPRESSION AND LIFE**

Standard features include:
- Anti-lock braking system
- Power-assisted steering
- Twin front airbags
- Electronic Stability Programme-plus (ESP-plus) with traction control
- Front seat side-impact airbags
- Full-size curtain airbags
- Driver’s seat height adjuster
- Electric door mirrors
- Electric front windows
- Remote control central deadlocking
- Steering wheel adjustable for reach and rake
- Air conditioning (Life models only*)
- CD player/stereo radio (CD 30)
- 12-volt auxiliary power socket located in luggage compartment
- Black roof rails (Life models only)

Vauxhall options and accessories are all about choice – selecting your new car, then personalising it to suit yourself. There’s a choice of factory-fitted options and a huge range of retailer-fit accessories. You can also choose styling products from the VXR range as well as auto design specialist Irmscher International. Available individually or in special packs at great prices. You’ll find further information on the following pages or just ask your Vauxhall retailer for more details.

Inspired by our racing heritage, VXR styling products come with all the same experience, knowledge and passion for style and performance. They put the accent firmly on quality and exclusivity, with a winning edge. And they add flair, personality and excitement to every Zafira model. VXR styling products are available as a factory-fit option pack or accessories fitted by your Vauxhall retailer.

**VXR Styling Pack.** Breathe some extra style into your Zafira with a front lower spoiler, side sills, rear roof spoiler* (above) and rear lower skirt. These items are also available separately as retailer-fit accessories.

*Standard on SRi.*
Options and option packs

**INDIVIDUAL OPTIONS INCLUDE:**
- Adaptive Forward Lighting (AFL)
- Interactive Driving System (IDS) with Continuous Damping Control (CDC)
- Mobile phone system with Bluetooth‡
- Twin Audio‡‡
- Satellite navigation system/CD player with MP3 format/auxiliary-in socket/stereo radio/colour graphic information display (CD 70)
- Alloy wheels
- Front and rear parking distance sensors

**OPTION PACKS INCLUDE:**

- **Life/Exclusiv Plus Pack.**
  - 16-inch 10-spoke alloy wheels
  - Front fog lights

- **Seat Comfort Pack One.**
  - Driver’s seat tilt and lumbar adjustment

- **Seat Comfort Pack Two.**
  - Front passenger’s seat height, tilt and lumbar adjustment

- **Leather Pack.**
  - Leather seat facings on front and second row seats. Third row trimmed in Morrocana.
  - Electrically heated sports front seats with tilt and lumbar adjustment
  - Front passenger’s seat height adjuster

- **Panoramic Roof Pack**.
  - Four glass roof panels
  - Roof mounted storage console for front and rear passengers
  - Alloy-effect roof rails
  - Heat-reflective windscreen

- **FlexOrganiser® Pack.**
  - 3D storage net
  - Side net pocket
  - Four side rail hooks
  - Four side rails

- **Towing Pack.**
  - Detachable tow bar†
  - Trailer stability programme
  - Hill Start Assist (HSA)
  - Tyre deflation detection system
  - Cruise control

- **Keyless entry and start.** Simply carry the unique system key fob in your pocket or handbag and the car will automatically unlock as you operate a door or the tailgate. To start the engine, you depress the brake pedal and push the start button on the centre console and to stop the engine, simply press the button again.

- **Panoramic Roof Pack**.
  - Requires adaptor for UK electrics.

†Requires adaptor for UK electrics.
‡Please refer to the online Vauxhall Car and Accessory Price Guide for a list of phone-specific cradles.
‡‡Does not include headsets. Fitted with industry standard 3.5mm audio sockets.

**NOT AVAILABLE IN CONJUNCTION WITH OLYMPIC WHITE EXTERIOR COLOUR.**

**DELETES SUNGLASSES HOLDER WHERE FITTED.**

"Please refer to the online Vauxhall Car and Accessory Price Guide for a list of phone-specific cradles."
Genuine Vauxhall accessories are the right choice for your Zafira. Whatever you’re into, there’s certain to be a Vauxhall accessory with your name on it; all fitted by trained Vauxhall professionals. We’ve only featured a small selection of what’s available here, so please check with your Vauxhall retailer for accessory availability information or visit our website at www.vauxhall.co.uk

**Base carrier.** The Vauxhall roof rack system begins with a base carrier. It comprises two T-track bars which support a wide range of attachments from Thule including bicycle carriers and a choice of high-capacity roof boxes (available separately). Each carrier is supplied with locks for security.

**Dog guard with space divider grid*.** Designed to fit Zafira models, the heavy-duty steel dog guard helps keep your pet secure and protects passengers in the event of sudden braking. The space divider grid (sold separately) allows luggage to be stored on one side, and the dog to travel on the other.

**Floor mats.** A range of floor mats including rubber, velour and deluxe velour are available for your Zafira. Each come with their own fixing points which help keep them firmly in place. The rubber mats are available as a front pair or set of four rears whilst all other variants are supplied in sets of six.

**Rear parking distance sensors.** Activated automatically as you select reverse, this clever system beeps faster the closer you get to an obstruction, changing to a continuous tone at 300mm away.

*The space divider grid can only be used in conjunction with the dog guard. N.B. Dog guard requires fitting kit (retailer-fit only) if vehicle is not equipped with the optional factory-fit vertical load restraining net.

**FURTHER ACCESSORIES AVAILABLE INCLUDE:**
- Thatcham approved alarm system
- Cargo liner
- Mudflaps
- Headlight protectors
- Electrically chilled 12-litre cool bag
- Thule bike carrier
- Thule alloy ski carrier
- Tow bar
- Anti-slip mat
- Steering wheel security bar
- Child seats
- Privacy shades
- Alloy wheels
VAUXHALL ACCESSORY PACKS

Vauxhall accessory packs bring together a selection of essential accessories at great prices, helping you to protect your car and equipping you for roadside emergencies.

Protection Pack.
- Velour mats
- Mudflaps
- Cargo liner

Safety Pack.
- First aid kit
- Warning triangle
- Hi-visibility vest

Styling

Developed in conjunction with auto design specialists Irmscher International, Zafira styling accessories perfectly complement the vehicle’s lines, as well as being manufactured to the same exacting standards as the car itself.

- Irmscher sports silencers.
  For distinctive looks (with chrome-plated tailpipes) and a sportier exhaust note, these split oval design tailpipes are the perfect choice for your Zafira.

- Irmscher alloy wheels.
  They’re the perfect way to personalise your Zafira. With a huge range to choose from (style illustrated is Stila), and sizes from 16 to 19 inches, you’re sure to find one to suit your style and budget. And don’t forget to ask about our accessory wheel locking kits too.

- Cross hatch grille.
  Being different is easy with the cross hatch front grille from Irmscher. Featuring an aluminium upper strip with a laser-etched ‘Irmscher’ logo it adds style and individuality.
Zafira comes in 10 different exterior colours. And each one suits the car beautifully. Every trim combination – cloth or leather – has been carefully selected to complement whatever colour you choose.

Due to the limitations of the printing process the colours reproduced may vary slightly from the actual paint colour or trim material. As a result they should be used as a guide only. Vehicle illustrated is a non-specific model.

Your Vauxhall retailer has a comprehensive display of all our paint samples and trim swatches.

*Optional at extra cost. Not available on Expression models.
**Leather facings on front and second raw seats. Third row seats trimmed in Morrocana.
†Optional at extra cost.
Safety

**Standard features**
- Driver’s and front passenger’s airbags
- Full-size curtain airbags (front and second-row seating)
- Front seat side-impact airbags
- Pedal release system – Reduces potential injury to the driver’s legs and feet during a severe frontal impact
- Laminated windscreen
- Side-impact protection beams
- Energy-absorbing steering column
- Child-proof locks on rear doors
- ISOFIX child seat restraint system for outer second-row seats incorporating top tether (does not include child seat) – Secures ISOFIX child safety seats to the vehicle itself, virtually eliminating the dangers that can result from improper installation
- Electronic Stability Programme-plus (ESP-plus) with traction control – see D2 on page 47
- Anti-lock Braking System (ABS)
- Electronic Brakeforce Distribution (EBD)
- Cornering Brake Control (CBC)
- Emergency Brake Assist (EBA)
- Pyrotechnic front body-lock seatbelt pretensioner system – Tightens the seatbelt during the early stages of a frontal impact
- Head adjustable head restraints on all seats
- Height-adjustable lap and diagonal seatbelts on all seats

Twin Audio® system

The Twin Audio® system allows the two rear passengers to listen to the same music source (i.e. radio or CD) through personal headphones, independently of one another and each with their own volume controls. They are also free to select CD mode while the front occupants are tuned into the radio (or vice-versa) and make full use of functions like track skip and autosearch.
Satellite navigation

The CD 70 satellite navigation system uses the international network of GPS (Global Positioning System) satellites, linked to a comprehensive CD-ROM mapping system, to determine your precise location and guide you to your chosen destination virtually anywhere in mainland Britain.

Vauxhall’s satellite navigation systems have been widely acclaimed for their ease of use and high level of information. There are three screen styles – pictographic, split-screen pictographic/map and map only. The split-screen facility displays the route as a map, while directional arrows give immediate information about road junctions. The display also allows you to vary the map scale – close-up for town driving or a wider scale for long distances, if required.

The CD 70 also features Traffic Message Channel (TMC), a specific application of RDS used for broadcasting real-time traffic information, delivered to the driver either visually or verbally. TMC can also offer dynamic route guidance – alerting the driver to a problem on the planned route and calculating an alternative route to avoid the incident.

CD 70 standard features

- Split-screen facility displaying directional symbols and route on map
- Audio/voice direction guidance prompt
- Automatic re-routing on request
- CD-ROMs available for all major European countries
- Option of destination entry via partial postcode
- Display of estimated time remaining and distance to destination
- Points of interest, including attractions, petrol stations, airports, hotels, restaurants, etc
- Store up to 100 personal destinations
- Last 10 destinations stored automatically
- Traffic Message Channel (TMC)

Digital Audio Broadcast (DAB) facility

Now widely available in the UK, digital audio broadcasts offer the user a variety of advantages over traditional FM, starting with the digital quality sound which is immune to any hiss or crackle.

You’ll often find a broader range of stations on offer too, many of which are not available on FM, and listening to them couldn’t be easier – you simply select the station, by name, from the displayed list, thus removing the need to retune or look for stations when travelling around. Some stations will even display the artists’ names and song titles on the car’s graphic display, while they’re played.

MP3 CD player

An MP3 is a compressed sound or music file and, due to its small size, it takes up less space on a compact disc, which means that more tracks can be recorded onto a CD. It’s possible to fit almost 10 hours of music onto one CD, and, in a way, turns a single-disc CD/MP3 player into a multi-disc autochanger.

Mobile phone system with Bluetooth®

Vauxhall’s optional factory-fit dual-band mobile phone system has been considerably enhanced. Now fully integrated into the audio and communication system, it also features voice control and will connect wirelessly to phones with Bluetooth® technology.

All the required information is displayed on the graphic information display when a mobile phone is in use, while the menus are easily navigated by either the steering wheel audio controls or the multi-function button on the radio. Certain functions can also be controlled by voice activation.

The mobile phone system can be further enhanced by fitting a phone-specific cradle available as a Vauxhall Accessory. The cradle offers a secure location for your phone, while simultaneously charging the phone’s battery and connecting its antenna to the car’s external aerial. A list of compatible cradles is featured in the online Vauxhall Car and Accessory Price Guide.

Auxiliary-in socket

The auxiliary-in socket allows you to connect your portable MP3 music player directly into the car’s audio system. All you need is your music player and a suitable connecting lead and you can listen to all your favourite tunes through your car’s speaker system.

When using an MP3 player in the car the majority of the controls, such as track selection, remain solely on the player, while only the volume is controlled via the car’s regular audio controls.

NB: Auxiliary-in socket is not available in conjunction with CDC 40 audio units.

* = Correct at time of publication (April 2011)

Fuel consumption and CO₂ emission data complies with the relevant EU regulations. Important: the results given relate to the particular vehicle tested; inevitably there are differences between individual vehicles of the same model. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption.

### Smarter driving tips

- **Drive at an appropriate speed**: Staying within the speed limit increases driver safety, reduces CO₂ emissions and saves fuel. At 70mph you could be using up to 9% more fuel than at 60mph and up to 15% more fuel than at 50mph.
- **Drive smoothly at all times**: Anticipate the ebb and flow of the traffic to avoid harsh acceleration and braking.
- **Reduce your revs**: Change gear earlier to help reduce fuel consumption – try 2500rpm with petrol engines and 2000rpm with diesel.
- **Idling is wasting fuel**: If you’re likely to be at a standstill for more than three minutes, switch off the engine to save fuel.
- **Regularly check your tyre pressures**: Under inflated tyres increase CO₂ emissions whilst incorrectly inflated tyres can be unsafe. Always check your handbook for the correct tyre pressure. This will also help to increase the life of your tyres.
- **Remove unnecessary items from the car**: Extra weight increases the engine’s workload whilst roof racks and bike carriers increase wind resistance. All burn more fuel and increase CO₂ emissions.
Optional transmissions
Five-speed Easytronic transmission – 1.8i 16v VVT models: Easytronic is a five-speed manual gearbox with a fully automatic mode. In manual mode you simply push the lever forward or back to shift gears up or down, while the facia display tells you what gear you’re in. Switch to fully automatic mode and you’ll have many of the features of a regular automatic, including kickdown. Since there’s no clutch pedal, Easytronic is ideal for effortless town driving.

Steering
• Electro-hydraulic power-assisted steering
• Turning circle (kerb-to-kerb)
  All models – 11.10m (36.4ft.)

Brakes
• Anti-lock Braking System (ABS)
• Dual circuit, diagonally split braking system
1.6i 16v VVT
  Front ventilated discs: 280mm diameter
  Rear discs: 264mm diameter
1.8i 16v VVT
  Front ventilated discs: 280mm diameter
  Rear discs: 264mm diameter
1.7CDTi 16v (110/125PS)
  Front ventilated discs: 308mm diameter
  Rear discs: 264mm diameter

Body
• Aerodynamic drag co-efficient: Cd 0.31

Fuel tank capacity
• All models – 58 litres (12.8 gallons)

Suspension
• SRi models – uprated springs and dampers
• SRi – Interactive Driving System with Continuous Damping Control, optional at extra cost – see page 47

• SRi models – uprated springs and dampers
• SRi – Interactive Driving System with Continuous Damping Control, optional at extra cost – see page 47

MacPherson strut front suspension.

* = On models fitted with the optional Easytronic transmission the maximum towing weight for a trailer with brakes is 1300kg.

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The maximum roof rack loading should not exceed 75kg. The maximum towing weights are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, maximum noseweight should not exceed 75kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall retailer.

Keyless entry and start

D1. Available as an option, the keyless entry and start system means that the driver need never remove their key fob from their pocket. When approaching the car, sensors in the front door handles and rear bumper 1 detect the driver’s proximity and automatically unlock the doors or boot when the handle is pulled.

When in the car, two internal sensors 2 activate the ignition and release the electronic steering lock, enabling the driver to start or stop the engine by pressing the facia-mounted Start/Stop button. As an added safety feature, the engine will only start if the driver presses the foot brake while pushing the Start/Stop button.

Upon leaving the vehicle, the driver can lock it by either pressing a button on the key fob like a conventional system, or by simply touching one of the sensors on the external handles of the front doors.

Additionally the system offers excellent theft protection by its use of sophisticated cryptographic algorithms, while a back-up key is also included for emergency use.

| tailgate aperture width | 1136 | 44.7 |
Features explained

Electronic Stability Programme-plus (ESP-plus)
D2. ESP-plus provides enhanced yaw compensation during understeer or oversteer. It works by monitoring the front and rear of the car and comparing their respective directions of travel with the input through the steering wheel. If the vehicle starts to slide, ESP-plus applies corrective braking to the appropriate wheel, or wheels, compensating for the slide and helping you regain control more rapidly. ESP-plus offers additional safety in the form of two-way traction control, which helps prevent the driving wheels from spinning, under acceleration, on slippery surfaces.

IDS-plus with Continuous Damping Control (CDC)
D3. The Interactive Driving System (IDS-plus) chassis – available on SRi and SRi XP models – offers the Zafira driver an even more sporting driving experience, thanks mainly to the electronic control of the suspension. Pressing the Sport switch activates the CDC function – CDC monitors the roll, pitch and yaw of the car, and changes the rate of damping on each wheel to optimise the handling, effectively stiffening the suspension – but selectively. This means the vehicle will exhibit a reduced rate of roll and pitch, making it more responsive during direction changes and more settled during the braking/turn-in/acceleration transition when cornering. CDC is a major breakthrough in the Zafira segment.

Bi-xenon Adaptive Forward Lighting (AFL)
Adaptive Forward Lighting is a sophisticated new lighting system that allows drivers to see around corners. AFL utilises powerful bi-xenon headlights – which offer up to three times more light output than conventional halogen headlights – to enable the full benefit of the system’s advantages to be appreciated. While standard xenon headlights provide only dipped beam lighting (main beam illumination still uses conventional halogen lights), bi-xenon units provide both dipped and main beam from a single lighting unit. The package is completed by high-pressure headlight washers and dynamic beam levelling.

Curve light
D4. Controlled by a combination of steering wheel movement and sensors for the vehicle’s speed and yaw angle, the Curve light function allows the headlight beam to move up to 15 degrees left or right of the straight ahead position. This ensures the light is always following the trajectory plotted by the front wheels, rather than simply pointing straight ahead.

Motorway light
D5. At speeds above 65mph, AFL raises the dipped headlight beam to extend the range of vision for increased safety at higher speed. The beam automatically returns to its normal position when the car falls below that speed.

Electronic Stability Programme-plus (ESP-plus)
Vauxhall Lifetime Warranty
We're so confident in Vauxhall quality and reliability that we are now able to offer a warranty that could last a lifetime. Available to the first owner of all new Vauxhall passenger cars, it's valid for the lifetime of the vehicle up to a maximum of 100,000 miles*. In addition, our warranty also includes Vauxhall Assistance for 12 months from first registration and six years body panel anti-perforation warranty. Full details of Vauxhall’s warranties including terms, conditions and exclusions can be obtained through any authorised Vauxhall Retailer or go to www.vauxhall.co.uk/warranty

*Vauxhall Lifetime Warranty covers lifetime ownership of first car owner, 100,000 mile limit, annual check required. The warranty excludes wear and tear and serviceable items and the vehicle must be serviced in accordance with the manufacturer’s servicing schedule to continue the lifetime warranty. Terms and conditions apply. Offer available to all Vauxhall passenger cars (this offer does not apply to car-derived vans) from 1st August 2010.

Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of going to press (April 2011). Vauxhall vehicles are equipped with components manufactured by various General Motors operating units and outside suppliers. The Company reserves the right to alter specifications and withdraw products from sale without notice. Any such alterations will be notified to Vauxhall retailers at the earliest opportunity; please consult your local retailer for the latest information. The specifications detailed within this brochure are not necessarily applicable to alternative models such as Special Editions. Details of any such models will be contained in specific literature or found on the Vauxhall website. Please note that Vauxhall retailers are not the agents of General Motors UK Limited and are not authorised to bind the Company by any specific or implied undertaking or representation. It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted options and accessories. Please note accessories shown are for illustrative purposes only.
