FALL IN LOVE with driving again

Choose Astra for its great style, truly involving chassis, efficient engines and innovative features. Discover how brilliantly it fits the way you live. And rekindle your passion for driving.

This brochure covers Astra Life, Club, Design, Elite, SXi, SRi and SRi Exterior Pack models only. Some of the models shown include options and accessories available at extra cost. Not all of the features described are available on every model. So please check in the Equipment section for further details. From time to time, we also offer alternative Astra models such as Special Editions, featured in their own separate literature or found on the Vauxhall website: www.vauxhall.co.uk
Everyone has their own opinions about style, but we think you’ll appreciate Astra’s dynamic shapes. Whether it’s the five-door hatchback, spacious estate or three-door Sport Hatch, each model has distinctive, individual style. All you have to do is choose.
OPEN YOUR EYES.
And your heart will follow.
SIT BACK.
Take a different perspective.

The optional Astra Sport Hatch panoramic windscreen will change your view forever. Extending over the driver’s head, the effect is stunning and gives you a whole new driving experience.
BE MOVED.
With outstanding versatility.
Astra looks as good inside as out. It seemed logical to us that the team who designed the outside should style the interior too. And we think it’s all the better for that. After all, it’s your personal space. So make the most of it.
RELAX.
It’s your own personal space.
RESPECT your world.

We all share a responsibility to look after our world. That’s why Vauxhall has been at the forefront of green automotive initiatives for many years. We are always looking to reduce vehicle CO₂ emissions, of course, and our ecoFLEX models like the Astra 1.7CDTi 16v (110PS) have among the lowest vehicle CO₂ emissions in the UK.

But our commitment to preserving the environment goes even further. We are working on even cleaner, alternative power sources, including zero-emission fuel cell technology for example. We have dramatically reduced manufacturing emissions, and our new models use more recycled materials and more recyclable parts than ever before.

We also offer free and easily accessible, environmentally friendly, end-of-life vehicle disposal through our partners Autogreen Ltd. And currently initiatives are in place to encourage disposal of older vehicles in return for valuable savings* on newer ones.

That way, we reduce our environmental impact in every phase of every vehicle’s life cycle. Because your world is our world, too.

*Terms and conditions apply. Please ask your Retailer for details.
The ability to thrill.

Every Astra is exciting to drive, striking a careful balance between ride comfort, agility and occupant safety. How do we do it? Through careful chassis tuning and the availability of electronic control systems, like ABS braking, Sport switch, ESP-plus and IDS-plus with Continuous Damping Control. Many models also benefit from an even more dynamic lowered and uprated sports chassis.
Interactive Driving System-plus (IDS-plus). There was a time when computer controlled damping was future technology for most drivers. This is available on Astra as part of the Interactive Driving System plus Continuous Damping Control. Basically, it senses changes in the vehicle dynamics and automatically adjusts the damper rates – in real time – bringing you confident cornering behaviour and sharper handling with reduced body roll.

Electronic Stability Programme Plus (ESP-plus). Whether it’s a wet roundabout or a greasy road – one day you might meet a slippery surface that catches you out. That’s the day you’ll be glad you specified our latest ESP-plus system, which applies corrective braking to help you regain control.

Intelligent ABS. Most people appreciate the benefits of our standard Anti-lock Braking System (ABS) – and four-wheel disc brakes on most models – but Astra takes things even further. Cornering Brake Control (CBC), Electronic Brakeforce Distribution (EBD) and Emergency Brake Assist (EBA) make the car even easier to control and stop in emergency cornering and braking conditions.

The Sport switch. Performance to suit your mood. It’s like having two cars in one, each with its own unique character and instant switching between the two. Push the button for quicker throttle response and sharper steering, plus sportier gear changes on automatic models.

You’ll find more information and details of availability for all the features covered on this page in the Equipment and Technical Data section starting on page 48.
Engines and transmissions

- **Easytronic® transmission.** Choose the optional Easytronic transmission, available on 1.6i 16v VVT models, and you’ll get a five-speed manual gearbox with a fully automatic mode. In manual mode, you simply push the lever forward or back to shift gears up or down. The facia display tells you what gear you’re in – 1 to 5, N for Neutral or A for Auto. Switch to fully automatic mode and it has many of the features of a regular automatic including a kickdown function. There’s no clutch pedal so you can drive it on an automatic-only driving licence.

- **6-speed manual transmission.** 1.3CDTi, 1.7CDTi (110PS) and 1.9CDTi diesels and 1.6i 16v Turbo petrol models come with a six-speed manual gearbox, helping you make the most of their incredible potential.

- **High tech petrols.** Astra comes with a wide range of multi-valve petrol engines, from 1.4 litres right up to the 240PS Astra VXR 2.0 litre turbo. Whatever their size, every one is brilliantly efficient. The well-respected Twinport 1.4i 16v model, for example, features a variable intake manifold for strong performance, high fuel efficiency and low emissions. And the two VVT engines – 115PS 1.6i 16v and 140PS 1.8i 16v – use Variable Valve Timing, allowing them to provide most of the maximum torque across a wide rev band. The result? Incredible flexibility through the gears, high power and low fuel consumption.

- **Excellent engine.** Astra ecoFLEX models feature a 1.7CDTi 16v (110PS) turbo diesel engine and have a CO₂ emissions figure of only 119g/km ensuring eligibility for the lower band C Vehicle Excise Duty charges.

- **Efficient turbo diesels.** Common rail fuel injection technology features on all five Astra diesels – the sporty 1.9CDTi (120PS and 150PS), the 1.7CDTi (100PS and 110PS) and the 90PS 1.3CDTi. Superior performance and economy, with low emissions are guaranteed.

- **1.6i 16v Turbo.** Available on Astra SRi Sport Hatch and SRi 5-door hatchback models only, the range-topping 1.6 litre Turbo petrol engine, with its turbocharger and intercooler, puts out an incredible 180PS and 230Nm of torque. Yet a high level of flexibility ensures it’s equally at ease in traffic or at motorway speeds.

- **ecoFLEX engine.** Astra ecoFLEX models feature a 1.7CDTi 16v (110PS) turbo diesel engine and have a CO₂ emissions figure of only 119g/km ensuring eligibility for the lower band C Vehicle Excise Duty charges.

- **Automatic transmission.** 1.8i 16v models are available with a four-speed automatic transmission. Design, Elite and SRi 1.9CDTi (120PS) models can be specified with a sophisticated six-speed variant.
Power on demand.

Astra drivers don't miss out on engine choice. Nor power, flexibility and economy for that matter. There are no less than five seriously economical turbo diesels and four efficient petrol engines, including the 1.6i 16v VVT and a hot 180PS 1.6i 16v Turbo. Whichever you choose, you can be sure of strong response coupled with superb flexibility and tough emissions control.
The confidence of all-round safety and security.

Whichever model you choose, you can be assured of high levels of safety and, as you would expect, our security features look after your belongings as carefully as our safety features look after you.
Safety and security

Active-safety front seat head restraints. Every Astra front seat comes with front airbags and side-impact airbags – featuring a ‘Thorax-Pelvis’ design to protect more of your body in the event of an impact. Most models also come with full-size curtain airbags as standard.

Adaptive Forward Lighting (AFL). The optional lighting system swivels the headlight beams up to 15 degrees for improved vision as you turn a corner. Above 65mph, it raises the dipped headlight beam slightly, also to increase safety – returning to normal beam automatically as speed is reduced. Turn to page 67 for more detailed information.

Six airbags. Six airbags. Every Astra front seat comes with front airbags and side-impact airbags – featuring a ‘Thorax-Pelvis’ design to protect more of your body in the event of an impact. Most models also come with full-size curtain airbags as standard.

ISOFIX. Astra’s outer rear seats are pre-fitted with rigid ISOFIX child seat fastening brackets, virtually eliminating the dangers of incorrect child seat installation. For maximum safety, you simply click a compatible Vauxhall ISOFIX accessory child seat into the mounting points engineered in the car.

Additional security features. Remote control central deadlocking and an electronic engine immobiliser are standard on every Astra. So is door-to-door illumination, which keeps the dipped headlights and rear lights on for 30 seconds to light your way as you leave a garage or car park.

Keyless entry and start. Simply carry the unique system key fob in your pocket or handbag and the car will automatically unlock as you operate a door or the tailgate. To start the engine, you depress the brake pedal and push the start button on the centre console and to stop the engine simply press the button again. There’s more information on page 66.

Active-safety front seat head restraints. Optional on most models and activated by the weight of the occupant’s body being forced back into the seat, the active-safety head restraint moves forwards and upright in the event of a rear impact, helping to reduce whiplash injuries.
The relaxation that comes with total control.

Astra’s light airy interior space was carefully designed to suit real people of all shapes and sizes. The more relaxed you are, the easier it is to focus on the job in hand and enjoy the drive. So we’ve made it easy to find the perfect seating position, your favourite audio choice – even the quickest way home.

**Big sounds.** If in-car audio is your thing, look no further. Astra is available with the latest technology including MP3 CD playback and an auxiliary-in socket so you can play tracks direct from your personal MP3 player. There’s also an optional system that includes a CD autochanger. You’ll find all the details on page 56/57.

**Steering wheel mounted audio controls.** Standard on most Astra models, the ability to control your audio, phone and satellite navigation system from the steering wheel has genuine safety benefits. Many functions can be operated from the right and left buttons and thumb wheels.
**Bluetooth®.** With the optional mobile phone system,* your phone interfaces with the audio unit, for full operation via the steering wheel controls and facia display. Bluetooth® wireless connectivity with voice activation is included. Does not include phone or cradle. Turn to page 56/57 for more detailed information.

*Please refer to the online Vauxhall Car and Accessory Price Guide for a list of phone-specific cradles.

**Satellite navigation.** You’ll never get lost in traffic with optional satellite navigation. It can determine your precise location and guide you to your destination by the best and fastest route. The Traffic Message Channel (TMC) function can even change the route according to breaking traffic news. For more detailed information see page 56/57.

**Multi-function display.** All Astra audio information is displayed remotely on the separate multi-function display, which also shows the time, date and outside air temperature – with an ice warning. Specify the optional CD 70 satellite navigation system and the display is upgraded to colour.

**Seat comfort.** Astra drivers are individuals in every sense. So every model has reach and rake adjustable steering. All drivers’ seats are height adjustable. And the sports seats, available as part of the Leather Pack, feature tilt, lumbar adjustment and additional lateral support.

**Rear parking distance sensor.** Available on virtually every model, this clever early warning system helps safeguard your car and pedestrians. When activated, the system beeps as you approach an obstruction, changing to a continuous tone when the object is 300mm away.

**Multi-function trip computer.** Standard on Astra Design, Elite, SXi and SRI models, this invaluable driver information system provides instantaneous and average fuel consumption, fuel consumed, average speed, distance travelled and range based on fuel remaining.

**Cruise control.** The easy-to-use, tap-up tap-down cruise control is available on most Astra models. It allows you to maintain a steady speed without keeping your foot on the throttle. So it’s more comfortable on long journeys and easier to keep to speed limits too.
Full-length sunroof. More light, more sunshine, more fresh air. The optional electric slide/tilt glass sunroof, available on Astra five-door hatchback and estate, extends virtually the entire length of the roof. The front section opens far wider than a typical sunroof. It comes with an interior blind and there's even a multi-position pre-set facility.

Sensing features. Headlights that switch on automatically when it gets dark. Wipers that swing into action the moment they sense rain on the windscreen. A rear-view mirror that ‘dips’ when it detects glare from the car behind. All these features are available within the Astra range.

Panoramic windsreen. Choose the optional panoramic windscreen on your Astra Sport Hatch model for a whole new driving experience. It’s far more than just a windscreen, it’s a window on the world, extending way back over the front seats, with heat-absorbing glass. The effect is like nothing you’ve experienced. There’s also a full-length shading system with twin pull-out sunblinds should you need it.

Air conditioning and Electronic Climate Control (ECC). From chilled air on hot days to quicker demisting on damp days, air conditioning makes for a fresher interior environment all year round. Move up to ECC and you can maintain your preferred interior temperature to within a single degree.
The ability to control your environment.

Wherever you’re travelling, ultimate interior comfort comes down to total control of your own personal space. In Astra, you can choose more natural light, or more fresh air. You can adjust your interior temperature to the last degree. You can even let the car look after the headlights and windscreen wipers.
The flexibility to manage your non-stop lifestyle.

If you’re looking for further space and flexibility to accommodate a non-stop lifestyle, here’s the answer. The Astra estate. All the same driving excitement. All the comfort, safety and security. Looks that are every bit as dramatic. In fact, everything you love about Astra, with all the loadspace and versatility you’ll ever need.
Spacious load area. The wide Astra estate load platform offers a generous 470 litres of luggage space, extending to 1550 litres with the rear seats lowered. When you need to pack people and luggage into your Astra, the 60/40 split-folding rear seat back gives you maximum flexibility. Turn to page 63 for further information on the Astra estate loadspace.

Flexible load area. If you’re looking for space, we’ve got it. A cavernous load area that’s as perfect for your business as it is for home and family. Plenty of practical features including a 60/40 split-folding rear seat and a particularly low loading height. And options such as a vertical load-restraining net and a 12-volt accessory socket – great for your accessory coolbox!

Load restraint features. The optional vertical load-restraining net (part of the Convenience Pack) provides a practical safety solution protecting the occupants from moving loads.

Retractable load area cover. The easy to operate cover hides your luggage away from prying eyes.

FlexOrganiser® Pack. Sort your luggage space with this clever storage system comprising twin, horizontal rails plus a flexible arrangement of nets and dividers. It’s further enhanced with a range of accessories – a side rail strap, divider, side net pocket and storage box.
Relax and enjoy THE DRIVE with Astra, it’s all about choice.
Standard features include:
• Driver’s, front passenger’s and front seat side-impact airbags
• Anti-lock Braking System (ABS)
• CD player/stereo radio (CD 30)
• Air conditioning*
• Driver’s seat height adjuster
• Electronic engine deadlock immobiliser
• Steering column adjustable for reach and rake
• Electrically operated front windows
• Service interval monitor
• Body-colour door mirrors
• Remote control central deadlocking
• Multi-function display panel
• Electro-hydraulic power-assisted steering
• Ellipsoid headlights

*Non air-conditioned models available on 1.4i 16v, 1.6i 16v VVT Hatchback and 1.3CDTi 16v.

**Hatchback models only.

Please note: Insurance groups relate to both the previous 20 group rating and the new 50 group rating.
CLUB
5-door Hatchback | Estate

Standard features include:
• Driver’s, front passenger’s and front seat side-impact airbags
• Anti-lock Braking System (ABS)
• Steering column adjustable for reach and rake
• Electrically operated front windows
• CD player/stereo radio (CD 30)
• Remote control central deadlocking
• Service interval monitor

- Front fog lights

Please refer to the online Vauxhall Car and Accessory Price Guide for a list of phone-specific cradles.
Vauxhall accessories are the right choice for your Astra. Whatever you’re into, there’s certain to be a Vauxhall accessory with your name on it, all fitted by trained Vauxhall professionals. We’ve only featured a small selection of what’s available here. The Vauxhall Car Accessory Brochure gives further details.

**Fixed and detachable tow bars.**
Tow in confidence with either the fixed or detachable Astra tow bar. Tested to European standards, each tow bar can be connected to a choice of electrics – 12N, 12N/12S or 13-pin. Accessory towing mirrors are also available (not illustrated).

**Base carrier and roof box.**
The Vauxhall roof rack system begins with a base carrier, comprising two T-track roof bars which support a wide range of attachments. These include a choice of high capacity roof boxes, each one lockable and easy to fit.

**Rear parking distance sensors.**
Activated automatically as you select reverse, this clever system beeps faster the closer you get to an obstruction, changing to a continuous tone at 300mm away.

**Floor mats.** A range of floor mats including rubber, velour and deluxe velour are available for your Astra. Each come with their own fixing points which help keep them firmly in place. Supplied in sets of four.

**Dog guard*.** Keep your pet secure in the back of the car and protect the driver and passengers too with our heavy-duty steel dog guard. Custom designed to fit Astra estate models.

**Floor mats.** A range of floor mats including rubber, velour and deluxe velour are available for your Astra. Each come with their own fixing points which help keep them firmly in place. Supplied in sets of four.

**FURTHER ACCESSORIES AVAILABLE INCLUDE:**
- Thatcham approved alarm system
- Cargo liner
- Mudflaps
- Headlight protectors
- Electrically chilled 12-litre cool bag
- Premium bicycle carrier
- Side loading bicycle carrier
- Alloy ski carrier
- Anti-slip mat
- Steering wheel security bar
- Privacy shades
- Child seats
- Alloy wheels

*May require additional fitting kit.
VAUXHALL ACCESSORY PACKS

Vauxhall accessory packs bring together a selection of essential accessories at great prices, helping you to protect your car and equipping you for roadside emergencies.

Protection Pack.
- Velour mats
- Mudflaps
- Cargo liner

Sports silencer. For distinctive looks (with chrome-plated tailpipes) and a sportier exhaust note, these split oval design tailpipes are the perfect choice for your Astra. The rear bumper sports insert (also shown right) is available separately.

Safety Pack.
- First aid kit
- Warning triangle
- Hi-visibility vest

Irmscher alloy wheels. They’re the perfect way to personalise your Astra. With a huge range to choose from (style illustrated is Stila), and sizes from 15 to 19 inches, you’re sure to find one to suit your style and budget. And don’t forget to ask about our accessory wheel locking kits too.

Cross hatch grille. Being different is easy with the cross hatch front grille from Irmscher. Featuring an aluminium upper strip with a laser-etched ‘Irmscher’ logo it adds style and individuality.

Developed in conjunction with auto design specialists Irmscher International, Astra styling accessories perfectly complement the vehicle’s lines, as well as being manufactured to the same exacting standards as the car itself. For availability details please ask your Vauxhall retailer.
This is extra-sensory stimulation. Cars with soul and power to make you feel alive, electrified and inspired. A range of driver-focused, performance machines for the road, born on the track.
“IT’S GOT THE LOOKS, AND ITS EXHILARATING WILD SIDE AND SHEER PACE MAKE MOST OF ITS RIVALS FEEL A Bit STEADY IN COMPARISON.”

EVO MAGAZINE – JULY 2007

Interior features include:
- Recaro sports front seats
- Keyless entry and start
- Unique VXR gear knob
- Alloy pedals
- Air conditioning
- VXR alloy-effect door sill covers
- Three-spoke leather-covered sports steering wheel with VXR logo

Exterior features include:
- 18-inch alloy wheels (right)
- 19-inch alloy wheels with anthracite inner, optional at extra cost (far right)
- VXR honeycomb sports front grille and air dam/bumper
- VXR side sills, rear bumper and roof spoiler
- VXR trapezoidal centre exit exhaust tailpipe

DISCOVER 6.2 SEC
0-60 MPH
Let’s get straight to the point. No ifs or buts. Astra VXR is a hot hatch. Think 240PS and 320Nm with 0–60mph in 6.2 seconds. Think 2.0i 16v turbo, six-speed gearbox and the low, flat ride of a genuine performance car. And on top of all that – drop-dead styling that went straight from concept car to showroom without any compromise. If you’ve got buttons, Astra VXR will press them. Hard.

For more information on the Astra VXR please ask your Vauxhall retailer for a copy of the latest VXR range brochure.
Colour your world with excitement.

Funny thing colour. It reflects our personality. Cheers us up and brings us together. And gives us a real opportunity to express our creativity. So what’s it going to be?

Olympic White – solid

Power Red – solid

Technical Grey – metallic

Due to the limitations of the printing process the colours reproduced may vary slightly from the actual paint colour or trim material. As a result they should be used as a guide only. Your Vauxhall retailer has a comprehensive display of all our paint samples and trim swatches. Vehicle illustrated is a non-specific model.
Exterior colours

- Green Spirit – metallic
- Panacotta – pearlescent
- Sovereign Silver – metallic
- Ultra Blue – pearlescent
- Silver Lightning – metallic
- Black Sapphire – pearlescent
- Metro Blue – metallic
- Oriental Blue – pearlescent
  Sport Hatch only
Interior trims

- Alpha cloth, Charcoal
- Twist cloth, Charcoal
- Silver Alpha cloth/Morocana, Charcoal
- Leather trim, Saddle Brown

## Safety

### Standard features
- Driver’s airbag
- Front passenger’s airbag
- Front seat side-impact airbags
- Electronic park/brake pedal safety interlock on models with automatic transmission
- Energy-absorbing steering column
- Pedal release system
- Reduces potential injury to the driver’s legs and feet during a severe frontal impact
- Laminated windscreen
- Side-impact protection beams
- Integral protective side door padding
- Reinforced passenger safety cell
- ISOFIX child seat restraint system for outer rear seats (does not include child seat)
- Secures ISOFIX child safety seats to the vehicle itself virtually eliminating the dangers that can result from improper installation
- Child-proof locks on rear doors
- Anti-lock Braking System (ABS)
- Electronic Brakeforce Distribution (EBD)
- Cornering Brake Control (CBC) – see D1 on page 66
- Emergency Brake Assist (EBA)
- Increases applied brake force in emergency braking situations
- Height-adjustable front and outer rear seat head restraints
- Pyrotechnic front body-lock seatbelt pretensioner system
- Tightens the seatbelt during the early stages of a frontal impact
- Front and outer rear seatbelt force limiters
- Reduces potential upper body injuries during a frontal impact
- Height-adjustable inertia-reel front seatbelts
- Centre lap and diagonal inertia-reel rear seatbelt
- Anti-submarining ramps in all seats
- Help prevent occupants sliding underneath the lap belt during a collision

## Security

### Standard features
- Remote control central deadlocking (doors, tailgate, fuel filler flap)
- Visible Vehicle Identification Number (VIN) plate
- ‘Key left in ignition’ audible warning
- Freewheeling door locks
- Electronic engine deadlock immobiliser
- Electronic theft protection for audio equipment
- Locking wheel bolts for alloy wheels (where fitted)
- Driver’s internal central locking switch
- Door-to-door illumination
- Keeps the headlights and rear lights on for 30 seconds after the car doors are locked

### Additional features

| Keyless entry and start – see D3 on page 66 |      |      |        |       |     |     |        |
| Remote control ultrasonic security alarm system |     |     |        |       |     |     |        |
### Heating and ventilation

**Standard features** • Air blend heater with four-speed fan • Side window demist vents and adjustable face-level air vents • Interior pollen filter

- = Standard equipment.
- = Optional at extra cost.
- = Only available as part of an extra-cost option pack (see page 54 for details).
- = This bodystyle is available with this trim level.
- = SRi XP = SRi with Exterior Pack.

1 = ESP-plus is switchable on Design models fitted with optional Sports Pack and SR models.
2 = Standard on 1.9CDTi (120PS)/1.9CDTi 16v (150PS) models. Also available as part of an extra-cost option pack.
3 = Standard on 1.9CDTi (120PS) models.
4 = Front and rear reading lights are also included.
5 = Non air-conditioned models available on 1.4i 16v/1.3CDTi 16v (90PS) 5-door hatchback/estate and 1.6i 16v VVT manual 5-door hatchback.
### Seat Adjustment
- **Driver’s and front passenger’s seats with reach and recline adjustment**
- **Driver’s seat height adjuster**
- **60/40 split-fold rear seat back**

### Additional Seating Options
- **Life Club Design Elite SXi SRi SRi XP**
  - Alpha cloth seat trim
  - Twist cloth seat trim
  - Silver Alpha cloth seat trim with Morroccana-trimmed side bolsters
  - Silver Alpha seat trim
  - Leather seat facings (includes heated front seats with variable temperature settings)
  - Front passenger’s seat height adjuster
  - Sports front seats
  - Lumbar adjustment for driver’s seat
  - Tilt adjustment for driver’s seat
  - Lumbar adjustment for front passenger’s seat
  - Tilt adjustment for front passenger’s seat

### Additional Interior Features
- **Life Club Design Elite SXi SRi SRi XP**
  - 12-volt auxiliary power socket within centre console
  - Chrome-effect internal door handles
  - Fleece velour carpet
  - Front door pockets
  - Fully carpeted luggage area
  - Carpeted rear seat back
  - Load restraint lashing eyes
  - Retractable luggage compartment cover (estate only)
  - Drinks holder between front seats

### Additional Equipment
- **Life Club Design Elite SXi SRi SRi XP**
  - Matt chrome-effect centre console
  - Piano black-effect centre console
  - Charcoal-effect inserts on facia and doors
  - Matt chrome-effect inserts on facia and doors
  - Maze chrome-effect inserts on facia and doors
  - Glovebox divider
  - Driver’s sunglasses holder
  - Twin sunvisors incorporating illuminated driver’s and front passenger’s vanity mirrors with covers
  - Electro-chromatic anti-dazzle rear-view mirror
  - 12-volt auxiliary power socket located in luggage compartment (estate only)
  - Vertical load-restraining net (estate only)
  - Load area sill protection (estate only)
**Equipment**

**Standard features** • Electro-hydraulic power-assisted steering • Lightweight MacPherson strut front suspension and torsion beam rear suspension with gas-pressure dampers • Catalytic converter

**Additional features**

- **12** Standard on 1.9CDTi 16v (150PS) models. Not available with Easytronic transmission.
- **17** 16-inch spare wheel/tyre supplied if ordered in conjunction with Sports Pack. Not available in conjunction with Premium Pack.
- **18** 16-inch spare wheel/tyre supplied. Not available in conjunction with 18-inch alloy wheels.
- **19** = 5-door hatchback and estate models only.
- **20** Fitted to all Sport Hatch models and in conjunction with optional AFL on 5-door hatchback and estate models.
- **21** Panoramic windscreen deletes driver’s sunshades holder, illuminated driver’s and front passenger’s vanity mirrors and ultrasonic function from alarm system. Not available in conjunction with Sight and Light Pack, mobile phone system with Bluetooth® or Olympic White exterior paint. Roof panel is coloured black.

**Notes:**

- ● = Standard equipment.
- ○ = Optional at extra cost.
- SRi XP = SRi with Exterior Pack.

8 = Available on Sport Hatch and 5-door hatchback only. Not available in conjunction with Panoramic windscreen.

11 = Standard on all Sport Hatch models.

12 = Standard on 1.9CDTi 16v (150PS) models. Not available with EasYtronic transmission.

22 = Only available on 1.9CDTi 16v (150PS) Sport Hatch models. Not available with Power Red exterior colour.

23 = Only available in conjunction with Seat Comfort Pack One.

---

**Plus Pack**

- 16-inch 10-spoke alloy wheels with 205/55 R 16 ultra-low profile tyres
- Front fog lights

---

**Premium Pack** (Sport Hatch only)

- 18-inch five-spoke alloy wheels with 225/40 R 18 tyres
- Leather seat facings in Saddle Brown
- Electrically heated sports front seats
- Zebrano-effect inserts on facia and doors

---

**Seat Comfort Pack One**

- Driver’s seat with tilt and lumbar adjustment

---

**Seat Comfort Pack Two**

- Front passenger’s seat with height, tilt and lumbar adjustment
- Active-safety front seat head restraints
### Equipment

#### Leather Pack
- Leather seat facings
- Electrically heated sports front seats with tilt and lumbar adjustment
- Height-adjustable centre rear seat head restraint
- Front passenger’s seat height adjuster
- Active-safety front seat head restraints

#### Sight and Light Pack
- Rain-sensitive windscreen wipers
- Electro-chromatic anti-dazzle rear-view mirror
- Automatic lighting control

#### VXR Styling Pack One
- Body-colour front lower spoiler/rear lower skirt/rear roof spoiler (standard on SRi) and side sills
- Aerial adaptor

#### Sports Pack
- 17-inch 10-spoke alloy wheels with 225/45 R 17 tyres
- Uprated sports steering
- Sport switch
- Electronic Stability Programme-plus
- Lowered and uprated sports suspension

#### Convenience Pack (estate only)
- Vertical load-restraining net
- 12-volt auxiliary power socket located in luggage compartment

#### FlexOrganiser® Pack (estate only)
- Divider net
- Four side rails
- Elasticated bag with four clips

Equipment

Steering wheel mounted audio controls.

Satellite navigation
The CD 70 satellite navigation system uses the international network of GPS (Global Positioning System) satellites, linked to a comprehensive CD-ROM mapping system, to determine your precise location and guide you to your chosen destination virtually anywhere in mainland Britain.

Vauxhall’s satellite navigation systems have been widely acclaimed for their ease of use and high level of information. There are three screen styles – pictographic, split-screen pictographic/map and map only. The split-screen facility displays the route as a map, while directional arrows give immediate information about road junctions. The display also allows you to vary the map scale – close-up for town driving or a wider scale for long distances, if required.

The CD 70 also features Traffic Message Channel (TMC), a specific application of RDS used for broadcasting real-time traffic information, delivered to the driver either visually or verbally. TMC can also offer dynamic route guidance – alerting the driver to a problem on the planned route and calculating an alternative route to avoid the incident.

CD 70 standard features
- Split-screen facility displaying directional symbols and route on map
- Audio/voice direction guidance prompt
- Automatic re-routing on request
- CD-ROMs available for all major European countries
- Option of destination entry via partial postcode
- Display of estimated time remaining and distance to destination
- Points of interest, including attractions, petrol stations, airports, hotels, restaurants, etc
- Store up to 100 personal destinations
- Last 10 destinations stored automatically
- Traffic Message Channel (TMC)

Digital Audio Broadcast (DAB) facility
Now widely available in the UK, digital audio broadcasts offer the user a variety of advantages over traditional FM, starting with the digital quality sound which is immune to any hiss or crackle.

You’ll often find a broader range of stations on offer too, many of which are not available on FM, and listening to them couldn’t be easier – you simply select the station, by name, from the displayed list, thus removing the need to retune or look for stations when travelling around. Some stations will even display the artists’ names and song titles on the car’s graphic display, while they’re played.

MP3 CD player
An MP3 is a compressed sound or music file and, due to its small size, it takes up less space on a compact disc, which means that more tracks can be recorded onto a CD. It’s possible to fit almost 10 hours of music onto one CD, and, in a way, turns a single-disc CD/MP3 player into a multi-disc autochanger.

Mobile phone system with Bluetooth®
Vauxhall’s optional factory-fit dual-band mobile phone system has been considerably enhanced. Now fully integrated into the audio and communication system, it also features voice control and will connect wirelessly to phones with Bluetooth® technology.

All the required information is displayed on the graphic information display when a mobile phone is in use. The menus are easily navigated by either the steering wheel audio controls or the multi-function button on the radio. Certain functions can also be controlled by voice activation.

The mobile phone system can be further enhanced by fitting a phone-specific cradle, available as a Vauxhall Accessory. The cradle offers a secure location for your phone, while simultaneously charging the phone’s battery and connecting its antenna to the car’s external aerial. A list of compatible cradles is featured in the online Vauxhall Car and Accessory Price Guide.

Auxiliary-in socket
The auxiliary-in socket allows you to connect your portable MP3 music player directly into the car’s audio system. All you need is your music player and a suitable connecting lead and you can listen to all your favourite tunes through your car’s speaker system.

When using an MP3 player in the car the majority of the controls, such as track selection, remain solely on the player, while only the volume is controlled via the car’s regular audio controls.

NB: Auxiliary-in socket is not available in conjunction with CDC 40 audio units.

Vauxhall's advanced 1.6i 16v and 1.8i 16v VVT (Variable Valve Timing) engines represent the cutting edge of engine design.

By utilising Double Continuous Variable Cam Phasing (DCVCP), our VVT engines develop much of their torque over a broad rpm range, ensuring good performance and flexibility at all engine speeds – reducing the need for frequent gear changes.

Compared to more conventional engines VVT versions develop more power and offer better performance – yet are more economical and boast lower emissions.

The fuel consumption figures shown comply with EC directive 1999/100 to provide a realistic indication of fuel consumption by taking into account everyday driving conditions, such as cold starts, acceleration, braking and even differences in the weight of models with the same engine. Important: the results given relate to the particular car tested: inevitably there are differences between individual cars of the same model. In addition, some cars may incorporate particular modifications. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption; therefore the results do not express or imply any guarantee of the fuel consumption attainable.

### Smarter driving tips
- **Drive at an appropriate speed**: Staying within the speed limit increases driver safety, reduces CO₂ emissions and saves fuel. At 70mph you could be using up to 9% more fuel than at 60mph and up to 15% more fuel than at 50mph.
- **Drive smoothly at all times**: Anticipate the ebb and flow of the traffic to avoid harsh acceleration and braking.
- **Reduce your revs**: Change gear earlier to help reduce fuel consumption – try 2500 rpm with petrol engines and 2000 rpm with diesel.
- **Idling is wasting fuel**: If you’re likely to be at a standstill for more than three minutes, switch off the engine to save fuel.
- **Regularly check your tyre pressures**: Under inflated tyres increase CO₂ emissions whilst incorrectly inflated tyres can be unsafe. Always check your handbook for the correct tyre pressure. This will also help to increase the life of your tyres.
- **Remove unnecessary items from the car**: Extra weight increases the engine’s workload, whilst roof racks and bike carriers increase wind resistance. All burn more fuel and increase CO₂ emissions.
**Exterior dimensions** millimetres (inches)

- **Including roof rails**
  - Height: 1496 (58.9)
  - Length: 4290 (168.9)
  - Width: 1753 (69.0)
  - Height excluding door mirrors: 910 (35.8)
  - Length excluding door mirrors: 2614 (102.9)

- **Dimensions**
  - Height: 1415 (55.7)
  - Length: 2033 (80.0)
  - Width: 1615 (63.6)

Dimensions
**Technical data**

**4-/5-/6-speed Automatic and Easytronic transmission options available**

**Vauxhall Assistance and warranties**
- A one-year unlimited mileage manufacturer’s warranty
- Second and third year no-fee customer option warranty up to 60,000 miles (from first registration)
- Vauxhall Assistance for 12 months from first registration
- Six years’ body panel anti-perforation warranty

* = Warranty is only available on vehicles sourced from General Motors UK Limited. Terms and conditions apply – please see your Vauxhall retailer for details.

**Optional transmissions**

**Five-speed Easytronic transmission**
- 1.6i 16v VVT models: Easytronic is a five-speed manual gearbox with a fully automatic mode. In manual mode you simply push the lever forward or back to shift gears up or down, while the facia display tells you what gear you’re in. Switch to fully automatic mode and you’ll have many of the features of a regular automatic, including kickdown. Since there’s no clutch pedal, Easytronic is ideal for effortless town driving.

**Four-speed automatic transmission**
- 1.8i 16v VVT models: Electronically controlled with an adaptive driving programme, which tailors its gearchanges to match your driving conditions.

**Six-speed automatic transmission with Active Select function**
- 1.9CDTi (120PS) models: The electronically controlled adaptive driving function can tailor gear changes to match your driving style, while the winter mode selects a higher than normal gear to reduce the possibility of wheelspin in icy conditions. The Active Select manual mode allows the gearlever to be used like a manual gearbox – you simply push the lever forward or back to change up or down the gears.

**Steering**
- Electro-hydraulic power-assisted steering
- Turning circle (kerb-to-kerb): Sport Hatch models – 10.84m (35.6ft.)
  5-door hatchback models – 10.85m (35.6ft.)
  Estate models – 11.17m (36.6ft.)

**Suspension**
  - Design 1: 1.9CDTi 16v (150PS)/SRi/All Sport Hatch models – uprated springs and dampers with lower ride height
  - Design/SRi – Interactive Driving System with Continuous Damping Control, optional at extra cost

**Brakes**
- Anti-lock Braking System (ABS)
- Dual circuit, diagonally split braking system
- 1.4i 16v Life 5-door hatch only
  - Front ventilated discs: 280mm diameter
  - Rear drums: 230mm diameter
- 1.4i 16v (excl. Life 5-door hatch)
  - Front ventilated discs: 280mm diameter
  - Rear discs: 264mm diameter
- 1.6i 16v VVT
  - Front ventilated discs: 280mm diameter
  - Rear discs: 264mm diameter
- 1.8i 16v VVT
  - Front ventilated discs: 280mm diameter
  - Rear discs: 264mm diameter
- 1.6i 16v Turbo
  - Front ventilated discs: 308mm diameter
  - Rear discs: 264mm diameter
- 1.3CDTi 16v (90PS)
  - Front ventilated discs: 280mm diameter
  - Rear discs: 264mm diameter
- 1.7CDTi 16v (100/110PS)
  - Front ventilated discs: 280mm diameter
  - Rear discs: 264mm diameter
- 1.9CDTi (120/150PS)
  - Front ventilated discs: 280mm diameter
  - Rear discs: 264mm diameter

**Body**
- Aerodynamic drag co-efficients:
  - Sport Hatch – Cd 0.32
  - 5-door hatch – Cd 0.32
  - Estate – Cd 0.32

**Fuel tank capacity**
All models – 52 litres (11.4 gallons).

</table>

* = On 1.8i 16v VVT models with automatic transmission the gross vehicle weight increases by 25kg  ** = On 1.9CDTi (120PS) models with automatic transmission the gross vehicle weight increases by 30kg

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The maximum roof rack loading should not exceed 75kg. The maximum towing weights are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3 at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, maximum noseweight should not exceed 75kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.
Features explained

Anti-lock Braking System (ABS) with Cornering Brake Control (CBC)
D1. Cornering brake control makes the car easier to control in extreme situations, particularly when braking sharply on a bend. It is particularly effective when carrying out emergency procedures, such as avoiding a child’s ball that’s rolled out from the kerb. The system works by sensing the different rotational speeds of the individual road wheels and co-ordinating the level of braking pressure applied to each wheel. CBC is an integral part of Astra’s comprehensive ABS.

Electronic Stability Programme-plus (ESP-plus)
D2. ESP-plus provides enhanced yaw compensation during understeer or oversteer. It works by monitoring the front and rear of the car and comparing their respective directions of travel with the input through the steering wheel. If the vehicle starts to slide, ESP-plus applies corrective braking to the appropriate wheel, or wheels, compensating for the slide and helping you regain control more rapidly. ESP-plus offers additional safety in the form of two-way traction control, which helps prevent the driving wheels from spinning, under acceleration, on slippery surfaces.

Keyless entry and start
D3. Available as an option, the keyless entry and start system means that the driver need never remove their key fob from their pocket. When approaching the car, sensors in the front door handles and rear bumper detect the driver’s proximity and automatically unlock the doors or boot when the handle is pulled.

When in the car, two internal sensors activate the ignition and release the electronic steering lock, enabling the driver to start or stop the engine by pressing the facia-mounted Start/Stop button. As an added safety feature, the engine will only start if the driver presses the foot brake while pushing the Start/Stop button.

Upon leaving the vehicle, the driver can lock it by either pressing a button on the key fob like a conventional system, or by simply touching one of the sensors on the external handles of the front doors.

Additionally the system offers excellent theft protection by its use of sophisticated cryptographic algorithms, while a back-up key is also included for emergency use.
Sport switch
The Sport switch, standard on Design 1.9CDTi 16v (150PS) and all SRi models, improves the responses of both the steering and throttle, giving the driver crisper initial acceleration and sharper, more direct turn-in when cornering. On vehicles fitted with automatic transmission, the Sport switch also controls the transmission Sport mode.

IDS-plus with Continuous Damping Control (CDC)
D4. The Interactive Driving System (IDS-plus) chassis – available on SRi and Design models – offers the Astra driver an even more sporting driving experience, thanks mainly to the electronic control of the suspension. Pressing the Sport switch activates the CDC function – CDC monitors the roll, pitch and yaw of the car, and changes the rate of damping on each wheel to optimise the handling, selectively stiffening the suspension. This means the vehicle will exhibit a reduced rate of roll and pitch, making it more responsive during direction changes and more settled during the braking/turn-in/acceleration transition when cornering. CDC is a major breakthrough in the Astra segment.

Bi-xenon Adaptive Forward Lighting (AFL)
Adaptive Forward Lighting is a sophisticated new lighting system that allows drivers to see around corners. AFL utilises powerful bi-xenon headlights – which offer up to three times more light output than conventional halogen headlights – to enable the full benefit of the system’s advantages to be appreciated. While standard xenon headlights provide only dipped beam lighting (main beam illumination still uses conventional halogen lights), bi-xenon units provide both dipped and main beam from a single lighting unit. The package is completed by high-pressure headlight washers and dynamic beam levelling.

Curve light
D5. Controlled by a combination of steering wheel movement and sensors for the vehicle’s speed and yaw angle, the Curve light function allows the headlight beam to move up to 15 degrees left or right of the straight ahead position. This ensures the light is always following the trajectory plotted by the front wheels, rather than simply pointing straight ahead.

Motorway light
D6. At speeds above 65mph, AFL raises the dipped headlight beam to extend the range of vision for increased safety at higher speed. The beam automatically returns to its normal position when the car falls below that speed.
Trust Vauxhall

Protecting the environment
Vauxhall’s commitment to the environment is demonstrated by our products. Many environmental awards, won both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall’s efforts to achieve an environmentally sustainable future, see www.vauxhall.co.uk/recycling

Fleet Customer Services
Our dedicated support services for fleet managers includes factory demonstrators, a three-day test drive programme and information on whole life costs, company car taxation and finance. For further information please call 0807 010 0651.

Buying your car
GMAC offers one of the most comprehensive and competitive ranges of financing plans in the UK. Contact your local Vauxhall retailer for details or call the GMAC customer service centre on 0845 712 3444.

Vauxhall Extended Warranty
For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new car warranty. It covers most mechanical and electrical components. Terms and conditions apply; for further details please contact your local Vauxhall retailer.

Specialist Mobility advice
Motability accredited Vauxhall retailers can provide special mobility help and advice. Blue badge holders are entitled to very favourable discounts on new vehicles. Contact your local Motability accredited Vauxhall retailer or Freefone 0800 731 5267.

In the event of an accident...
Vauxhall Accident Support helps keep you mobile following an accident. Benefits include scene-of-accident advice, message service, assistance with claims and vehicle recovery. For further details call 0800 010 304.

Vauxhall Insurance
Available for new and used Vauxhalls, a Vauxhall Insurance policy offers a unique package designed specifically for Vauxhall drivers. For a highly competitive quotation, call 0844 84 85 840 (Great Britain) or 0845 35 13 410 (N. Ireland). Or just visit our website at www.vauxhall.co.uk

For more information...
For a brochure on any Vauxhall model (up to a maximum of three per caller) or location of your nearest Vauxhall retailer please Lo-call 0845 600 1500.

Servicing and maintenance
The best way to maximise the performance and reliability of your Vauxhall is to have all routine servicing and maintenance carried out at one of around 400 Vauxhall retailers. To find your nearest retailer call 0845 600 1500.

Typical 14.9% APR variable

To apply call 0845 746 2777 or visit www.gmcard.co.uk
