Driving dynamics

Interactive Driving System-plus (IDS-plus).

There was a time when computer controlled damping was future technology for most drivers. Now it's available on Astra as part of the Interactive Driving System with Continuous Damping Control. Basically, it senses changes in the vehicle dynamics and automatically adjusts the damper rates – in real time – bringing you confident cornering behaviour and sharper handling with reduced body roll.

The Sport switch.

Performance to suit your mood. It's like having two cars in one, each with its own unique character and instant switching between the two. Push the button for quicker throttle response and sharper steering, plus sportier gear changes on automatic models.

Driving dynamics

Intelligent ABS.

Most people appreciate the benefits of our standard Anti-lock Braking System (ABS) – and four-wheel disc brakes on most models – but Astra takes things even further. Cornering Brake Control (CBC), Electronic Brakeforce Distribution (EBD) and Emergency Brake Assist (EBA) make the car even easier to control and stop in emergency cornering and braking conditions.

You'll find more information and details of availability for all the features covered on this page in the Equipment and Technical Data section starting on page 52.

Whether it's a wet roundabout or a greasy road – one day you might meet a slippery surface that catches you out. That's the day you'll be glad you specified our latest ESP-plus system, which applies corrective braking to help you regain control.
You have your own opinions about style, but we think you'll appreciate Astra's dynamic looks. The five-door hatchback, spacious estate and three-door Sport Hatch have all had style updates. All you have to do is choose.
OPEN YOUR EYES
And your heart will follow.
RELAX. It's your own personal space.
SIT BACK.
Take a different perspective.

The optional XENON Sport Hatch panoramic sunroof and Sport bucket seats are an eye-catching combination, designed to heighten the driving experience. Siting back and gazing at the road ahead is a truly unique driving experience.
PRESS FOR EXCITEMENT.
Two cars in one.
Looking for a little more driving excitement? Press the Sport switch for quicker throttle response and sharper steering, plus sportier gear changes on automatic models. It's like two cars in one, each with its own unique character and instant switching between the two.
RELAX. It’s your own personal space. Astra looks as good inside as out. It seemed logical that outside and inside should be designed by the same team. And of course we think it’s all the better for that. After all, it’s your personal space. So make the most of it.
RELAX.
It's your own personal space.
RESPECT your world.

It is our responsibility to look after our world. That's why our cars don't just stop at the showroom or dealership. We're the first to lead the way on fuel efficiency and look at ways to reduce our carbon footprint. We support pollution prevention initiatives and are committed to producing cleaner vehicles.

We also offer our customers free and easily accessible, environmentally friendly, end-of-life vehicle disposal through our partners Autogreen Ltd. And under our EcoFlex Scrap Allowance* programme, if you buy a selected low-emission Astra model, we'll even offer you £1000 to take your old, higher emission car off the road.

That way, we reduce our environmental impact and preserve the environment for future generations.

*Terms and conditions apply. Please ask your Retailer for details.
The ability to thrill.

Every Astra is exciting to drive, striking a careful balance between ride comfort, agility and occupant safety. How do we do it? Through careful chassis tuning and the availability of electronic control systems, like ABS braking, Sport switch, ESP-plus and IDS-plus with Continuous Damping Control. Many models also benefit from an even more dynamic lowered and uprated sports chassis.
Interactive Driving System-plus (IDS-plus).

There was a time when computer-controlled damping was future technology for most drivers. Now it's available on Astra as part of the Interactive Driving System with Continuous Damping Control. Basically, it senses changes in the vehicle dynamics and automatically adjusts the damper rates—in real time—bringing you confident cornering behaviour and sharper handling with reduced body roll.

Exterior: Two-coat metallic paint is optional at extra cost.
Engines and transmissions

Easytronic® transmission.

Choose the optional Easytronic transmission, available on 1.6i 16v VVT models, and you'll get a five-speed manual gearbox with a fully automatic mode. In manual mode, you simply push the lever forward or back to shift gears up or down. The facia display tells you what gear you're in – 1 to 5, N for Neutral or A for Auto.

Switch to fully automatic mode and it has many of the features of a regular automatic including a kickdown function. There's no clutch pedal so you can drive it on an automatic-only driving licence.

6-speed manual transmission.

1.3CDTi and 1.9CDTi diesels and 1.6i 16v Turbo petrol models come with a six-speed manual gearbox, helping you make the most of their incredible potential.

Efficient diesels.

Common rail fuel injection technology features on all four Astra diesels – the sporty 1.9CDTi (120PS and 150PS), the 100PS 1.7CDTi and the super frugal 90PS 1.3CDTi. Superior performance and economy, with low emissions are guaranteed.

1.6i 16v Turbo.

Available on Astra Design and SRi models only, the range-topping new 1.6 litre Turbo petrol engine, with its turbocharger and intercooler, puts out an incredible 180PS and 230Nm max torque. Yet a high level of flexibility ensures it's equally at ease in traffic or at motorway speeds.

High tech petrols.

Astra comes with a wide range of multi-valve petrol engines, from 1.4 litres right up to the 240PS Astra VXR 2.0 litre turbo. Whatever their size, every one is brilliantly efficient. The well-respected Twinport 1.4i 16v model, for example, features a variable intake manifold for strong performance, high fuel efficiency and low emissions. And the two VVT engines – 115PS 1.6i 16v VVT and 140PS 1.8i 16v VVT – use Variable Valve Timing, allowing them to provide most of the maximum torque across a wide rev band. The result? Incredible flexibility through the gears, high power and low fuel consumption.

Automatic transmission.

1.8i 16v models are available with a four-speed automatic transmission. Design, Elite and SRi 1.9CDTi (120PS) models can be specified with a sophisticated six-speed variant.
Power on demand.

Astra drivers don't miss out on engine choice. Nor power, flexibility and economy for that matter. There are no less than four seriously economical turbo diesels and four efficient petrol engines, including the 1.6i 16v VVT and a hot 180PS 1.6i 16v Turbo. Whichever you choose, you can be sure of strong response coupled with superb flexibility and tough emissions control.

Exterior: Two-coat pearlescent paint is optional at extra cost. Interior: Smoker Pack (retailer-fit only) is optional at extra cost.
Adaptive Forward Lighting (AFL). The optional lighting system swivels the headlight beams up to 15 degrees for improved vision as you turn a corner. Above 65mph, it raises the dipped headlight beam slightly, also to increase safety – returning to normal beam automatically as speed is reduced. Turn to page 71 for more detailed information.
Adult occupant rating

Safety and security

Optional active-safety front seat head restraints. Activated by the weight of the occupant's body being forced back into the seat, the active-safety head restraint moves forwards and upright in the event of a rear impact, helping to reduce whiplash injuries.

Adaptive Forward Lighting (AFL). The optional lighting system swivels the headlight beams up to 15 degrees for improved vision as you turn a corner. Above 65mph, it raises the dipped headlight beam slightly, also to increase safety – returning to normal beam automatically as speed is reduced. Turn to page 71 for more detailed information.

Six airbags. Every Astra front seat comes with front airbags and side-impact airbags – featuring a new 'Thorax-Pelvis' design to protect more of your body in the event of an impact. Most models also come with full-size curtain airbags as standard.

Additional security features. Remote control central deadlocking and an electronic engine immobiliser are standard on every Astra. So is door-to-door illumination, which keeps the dipped headlights and rear lights on for 30 seconds to light your way as you leave a garage or car park.

Keyless entry and start. Simply carry the unique system key fob in your pocket or handbag and the car will automatically unlock as you operate a door or the tailgate. To start the engine, you depress the brake pedal and push the start button on the centre console and to stop the engine simply press the button again. There's more information on page 70.

ISOFIX. Astra's outer rear seats are pre-fitted with rigid ISOFIX child seat fastening brackets, virtually eliminating the dangers of incorrect child seat installation. For maximum safety, you simply click a compatible Vauxhall ISOFIX accessory child seat into the mounting points engineered in the car.
The relaxation that comes with total control.

Astra's light airy interior space was carefully designed to suit real people of all shapes and sizes. The more relaxed you are, the easier it is to focus on the job in hand and enjoy the drive. So we've made it easy to find the perfect seating position, your favourite audio choice – even the quickest way home.

Steering wheel mounted audio controls.

Standard on most Astra models, the ability to control your audio, phone and satellite navigation system from the steering wheel has genuine safety benefits. Many functions can be operated from the right and left buttons and thumb wheels.

Big sounds.

If in-car audio is your thing, look no further. Astra is available with the latest technology including MP3 CD playback and a new auxiliary-in socket so you can play tracks direct from your personal MP3 player. There's also an optional system that includes a CD autochanger. You'll find all the details on page 60/61.

*Please refer to the Vauxhall Car and Accessory Price Guide for a list of phone-specific cradles.
Bluetooth®.

With the optional mobile phone system,* your phone interfaces with the audio unit, for full operation via the steering wheel controls and facia display. Bluetooth® wireless connectivity with voice activation is included. Does not include phone or cradle.

Turn to page 60/61 for more detailed information.

Cruise control.

The easy-to-use, tap-up tap-down cruise control is now available on most Astra models. It allows you to maintain a steady speed without keeping your foot on the throttle. So it's more comfortable on long journeys and easier to keep to speed limits too.

Multi-function trip computer.

Standard on Astra Elite, SXi and SRi models, this invaluable driver information system provides instantaneous and average fuel consumption, fuel consumed, average speed, distance travelled and range based on fuel remaining.

Driver's equipment

Satellite navigation.

You'll never get lost in traffic with optional satellite navigation. It can determine your precise location and guide you to your destination by the best and fastest route. The Traffic Message Channel (TMC) function can even change the route according to breaking traffic news. For more detailed information see page 60/61.

Multi-function display.

All Astra audio information is displayed remotely on the separate multi-function display, which also shows the time, date and outside air temperature – with an ice warning. Specify the optional CD 70 stereo radio/MP3 CD/satellite navigation system and the display is upgraded to colour.

Seat comfort.

Astra drivers are individuals in every sense. So every model has reach and rake adjustable steering. All drivers' seats are height adjustable. And the sports seats, available as part of the Leather Pack, feature tilt, lumbar adjustment and additional lateral support.

25

*Please refer to the Vauxhall Car and Accessory Price Guide for a list of phone-specific cradles.

Rear parking distance sensor.

Available on virtually every model, this clever early warning system helps safeguard your car and pedestrians. When activated, the system beeps as you approach an obstruction, changing to a continuous tone when the object is 300mm away.

Versatility

Spacious load area.

The wide Astra estate load platform offers up to a generous 470 litres of luggage space, extending to 1550 litres with the rear seats lowered. When you need to pack people and luggage into your Astra, the 60/40 split-folding rear seat back gives you maximum flexibility. Turn to page 67 for further information on the Astra estate loadspace.

FlexOrganiser® Pack.

Sort your luggage space with this clever storage system comprising twin, horizontal rails plus a flexible arrangement of nets and dividers. It's further enhanced with a range of accessories – a side rail strap, divider, side net pocket and storage box.

Load restraint features.

The optional vertical load-restraining net (part of the Convenience Pack) provides a practical safety solution protecting the occupants from moving loads.

Retractable load area cover.

The easy to operate cover hides your luggage away from prying eyes.

Flexible load space.

If you're looking for space, we've got it. A cavernous load area that's as perfect for your business as it is for home and family. Plenty of practical features including a 60/40 split-folding rear seat and a particularly low loading height. And options such as a vertical load-restraining net and a 12-volt accessory socket – great for your accessory coolbox!
Full-length sunroof.

More light, more sunshine, more fresh air. The optional electric slide/tilt glass sunroof, available on Astra five-door hatchback and estate, extends virtually the entire length of the roof. The front section opens far wider than a typical sunroof. It comes with an interior blind and there's even a multi-position pre-set facility.

Comfort equipment

Air conditioning and Electronic Climate Control (ECC).

From chilled air on hot days to quicker demisting on damp days, air conditioning makes for a fresher interior environment all year round. Move up to ECC and you can maintain your preferred interior temperature to within a single degree.

Panoramic windscreen.

Choose the optional panoramic windscreen on your Astra Sport Hatch model for a whole new driving experience. It's far more than just a windscreen, it's a window on the world, extending way back over the front seats, with heat-absorbing glass. The effect is like nothing you've experienced. There's also a full-length shading system with twin pull-out sunblinds should you need it.

Sensing features.

Headlights that switch on automatically when it gets dark. Wipers that swing into action the moment they sense rain on the windscreen. A rear-view mirror that 'dips' when it detects glare from the car behind. All these features are available within the Astra range.

26
The ability to control your environment.

Wherever you're travelling, ultimate interior comfort comes down to total control of your own personal space. In Astra, you can choose more natural light, or more fresh air. You can adjust your interior temperature to the last degree. You can even let the car look after the headlights and windscreen wipers.
The flexibility to manage your non-stop lifestyle.

If you're looking for further space and flexibility to accommodate a non-stop lifestyle, here's the answer. The Astra estate. All the same driving excitement. All the comfort, safety and security. Looks that are every bit as dramatic. In fact, everything you love about Astra, with all the loadspace and versatility you'll ever need.
Cruise control.

Options and accessories

Vauxhall options and accessories are all about choice – selecting your new car, then personalising it to suit yourself. There’s a choice of factory-fitted options and a huge range of retailer-fit accessories. You can also choose styling products from the VXR range as well as auto design specialist Irmscher International.

You’ll find further information on the following pages or just ask your Vauxhall retailer for more details.
Irmscher alloy wheels. They're the perfect way to personalise your Astra. With a huge range to choose from (style illustrated is Stila), and sizes from 15 to 19 inches, you're sure to find one to suit your style and budget. And don't forget to ask about our accessory wheel locking kits too.

Developed in conjunction with auto design specialists Irmscher International, Astra styling accessories perfectly complement the vehicle's lines, as well as being manufactured to the same exacting standards as the car itself. For availability details of these features, please refer to the Vauxhall Car and Accessory Price Guide.

Inspired by our hugely successful racing team, VXR styling products reflect their experience, knowledge and passion for style and performance. Available on Astra as factory-fit option packs or accessories fitted by your Vauxhall retailer, the VXR range adds flair, personality and excitement to your car.

Model illustrated (left) also features optional 18-inch five-spoke alloy wheels.

Astra VXR Styling Pack One.

- Front lower spoiler
- Rear lower skirt
- Rear roof spoiler
- Side sills
- Aerial adaptor

Rear roof spoiler. Available separately as well as part of the Astra VXR Styling Pack One, this stylish rear roof spoiler is designed to perfectly complement each model's rear roof line.

Sports silencer with trapezium stainless steel tailpipe. Just one of a wide range of accessory sports silencers available for your Astra hatchback, Sport Hatch or estate, this stylish choice from VXR Styling adds a distinctive, sporting look, and a great sound too.
Available individually or in special packs at great prices, Astra options can make life better in so many ways. Simply make your choice when you order your new car and it'll be fitted at the factory for you. You'll find further information on availability in the Equipment section. Or you can ask your Vauxhall retailer.

- 225/40 R 18 ultra-low profile tyres
- Sport switch
- Electronic Stability Programme-plus (ESP-plus)
- Lowered and uprated sports suspension
- Adaptive Forward Lighting (AFL)
- Front fog lights

**ASTRA VXR**

This is extra-sensory stimulation. Cars with soul and power to make you feel alive, electrified and inspired. A range of driver-focused, performance machines for the road, born on the track.
Vauxhall accessories are the right choice for your Astra. Whatever you're into, there's bound to be a Vauxhall accessory with your name on it, all fitted by trained Vauxhall professionals. We've only featured a small selection of what's available here. The Vauxhall Car Accessory Brochure and Car and Accessory Price Guide give further details or check out our website at www.vauxhall-accessories.com.

**Tow bar and 12N electrics.**

To tow in confidence with the detachable Astra tow bar. It won't get in the way when you don't need it. But it's easy to mount when you do. And naturally, it is tested to comply with top European standards. Astra accessory towing mirrors are also available (not illustrated).

**Base carrier and roof box.**

The Vauxhall roof rack system begins with a base carrier, comprising two T-track roof bars which support a wide range of attachments. These include a choice of high capacity roof boxes, each lockable and easy to fit.
Accessories

Rear parking distance sensor.
This invaluable parking aid is available as an accessory, mounted within the Astra rear bumper. Activated automatically when reverse gear is selected, it beeps as you approach an obstruction changing to a continuous tone when it's 300mm away.

Dog guard*.
Keep your pet secure in the back of the car and protect the driver and passengers too with our heavy-duty steel dog guard. Custom designed to fit Astra estate models.
*May require additional fitting kit.

Travel Pack.
• First aid kit
• Warning triangle
• Hi-visibility vest

VAUXHALL ACCESSORY PACKS
Vauxhall accessory packs bring together a selection of essential accessories at great prices, helping you to protect your car and equipping you for roadside emergencies.

Protection Pack.
• Velour mats
• Mudflaps
• Cargo liner

Child seats.
Vauxhall offers a range of child seats, ergonomically styled for comfort and safety. The Baby-Safe (for babies from birth to 13kg), and Kid (15-36kg) seats are fixed with a standard lap and diagonal seatbelt, while the Duo ISOFIX (9-18kg) can also be attached using the ISOFIX child seat restraint fittings, which are standard on the outer rear seats of all Astra models. The rigid ISOFIX anchoring mechanism virtually eliminates the dangers of incorrect child seat installation. Astra is also compatible with Vauxhall's new Top Tether system, designed to stop the top of ISOFIX child seats moving forward in a frontal collision. For further information, please ask for a copy of the Vauxhall Accessories Child Seat brochure available from your Vauxhall retailer.
Options and option packs

- Sports Pack:
  - 17-inch 10-spoke alloy wheels (steel space-saver spare)
  - 225/45 R 17 ultra-low profile tyres
  - Sport switch
  - Electronic Stability Programme-plus (ESP-plus)
  - Lowered and uprated sports suspension (standard on Sport Hatch models)

*Please refer to the Vauxhall Car and Accessory Price Guide for a list of phone-specific cradles.

- Cruise control.
- Easytronic transmission.
- Electrically operated slide/tilt sunroof.

ASTRA VXR

This is extra-sensory stimulation. Cars with soul and power to make you look alive, electrified and inspired. A range of driver-focused, performance machines for the road, born on the track.
Irmscher alloy wheels. They’re the perfect way to personalise your Astra. With a huge range to choose from (style illustrated is Stila), and sizes from 15 to 19 inches, you’re sure to find one to suit your style and budget. And don’t forget to ask about our accessory wheel locking kits too.

Developed in conjunction with auto design specialists Irmscher International, Astra styling accessories perfectly complement the vehicle’s lines, as well as being manufactured to the same exacting standards as the car itself. For availability details of these features, please refer to the Vauxhall Car and Accessory Price Guide.

Inspired by our hugely successful racing team, VXR styling products reflect their experience, knowledge and passion for style and performance. Available on Astra as factory-fit option packs or accessories fitted by your Vauxhall retailer, the VXR range adds flair, personality and excitement to your car.

Model illustrated (left) also features optional 18-inch five-spoke alloy wheels.

Astra VXR Styling Pack One.
• Front lower spoiler
• Rear lower skirt
• Rear roof spoiler
• Side sills
• Aerial adaptor

Rear roof spoiler. Available separately as well as part of the Astra VXR Styling Pack One, this stylish rear roof spoiler is designed to perfectly complement each model’s rear roof line.

Sports silencer with trapezium stainless steel tailpipe. Just one of a wide range of accessory sports silencers available for your Astra hatchback, Sport Hatch or estate, this stylish choice from VXR Styling adds a distinctive, sporting look, and a great sound too.

Styling
Model illustrated features Irmscher front lower skirt extensions, side sills, aluminium-effect fuel flap cover, sports silencer with dual branched split oval design chrome-plated tailpipes, rear bumper sports insert, ‘Irmscher’ badge, rear roof spoiler and 19-inch GT Star alloy wheels.

ASTRA VXR

Let’s get straight to the point. No ifs or buts. Astra VXR is Vauxhall’s hottest hatch... ever. Think 240PS and 320Nm with 0-60mph in 6.2 seconds. Think 2.0i 16v turbo, six-speed gearbox and the low, flat ride of a genuine performance car. And on top of all that – drop-dead styling that went straight from concept car to showroom without any compromise. If you’ve got buttons, Astra VXR will press them. Hard.
Colour your world with excitement.

Funny thing colour. It reflects our personality. Cheers us up and brings us together. And gives us a real opportunity to express our creativity. So what's it going to be?

- Glacier White – solid
- Royal Blue – solid
- Power Red – solid

Due to the limitations of the printing process the colours reproduced may vary slightly from the actual paint colour or trim material. As a result they should be used as a guide only. Your Vauxhall retailer has a comprehensive display of all our paint samples and trim swatches.
SRi

Standard features include:
• Air conditioning
• Anti-lock Braking System (ABS)
• CD 30 MP3 stereo radio/CD player with MP3 format
• Auxiliary-in socket
• Sports front seats with driver's lumbar adjustment

### Equipment

- Driver's sunglasses holder.
- Aluminium pedals.
- Electro-chromatic anti-dazzle rear-view mirror.

### Seating and upholstery

#### Standard features
- Driver's and front passenger's seats with reach and recline adjustment
- Driver's seat height adjuster
- 60/40 split-folding rear seat back

#### Additional features
- Exp. Life Club Design Elite SXi SRi SRi XP
  - Alpha cloth seat trim
  - Silver Alpha cloth seat trim with Morrocana-trimmed side bolsters
  - Silver Alpha seat trim
  - Leather seat facings (includes heated front seats with variable temperature settings)

- Front passenger's seat height adjuster
- Sports front seats
- Lumbar adjustment for driver's seat
- Tilt adjustment for driver's seat
- Lumbar adjustment for front passenger's seat
- Tilt adjustment for front passenger's seat

### Additional interior features

#### Standard features
- 12-volt auxiliary power socket within centre console
- Chrome-effect internal door handles
- Glovebox divider
- Fleece velour carpet
- Front door pockets
- Fully carpeted luggage area
- Carpeted rear seat back
- Load restraint lashing eyes
- Retractable luggage compartment cover (estate only)
- Drinks holder between front seats

#### Additional features
- Exp. Life Club Design Elite SXi SRi SRi XP
  - Satin stone-effect centre console
  - Charcoal-effect inserts on facia and doors
  - Satin stone-effect inserts on facia and doors
  - Matt chrome-effect inserts on facia and doors
  - Piano black-effect centre console
  - Matt chrome-effect centre console and inserts on facia and doors
- Aluminium pedals
- Twin sunvisors incorporating illuminated driver's and front passenger's vanity mirrors with covers
- Electro-chromatic anti-dazzle rear-view mirror
- 12-volt auxiliary power socket located in luggage compartment (estate only)
- Vertical load-restraining net (estate only)
- Load area sill protection (estate only)
Five-speed Easytronic transmission.

**Mechanical**

- Standard features
  - Electro-hydraulic power-assisted steering
  - Lightweight MacPherson strut front suspension and torsion beam rear suspension with gas-pressure dampers
  - Catalytic converter

**Additional features**

- Five-speed manual gearbox (1.4i 16v/1.6i 16v VVT/1.8i 16v VVT/1.7CDTi 16v)
- Six-speed manual gearbox (1.3CDTi 16v (90PS)/1.9CDTi (120PS)/1.9CDTi 16v (150PS)/1.6i 16v Turbo)
- Easytronic five-speed transmission (1.6i 16v VVT only)
- Six-speed automatic transmission (1.9CDTi (120PS) only)
- Four-speed automatic transmission (1.8i 16v VVT only)
- Lowered and uprated sports suspension
- Sport switch – see D4 on page 71
- Interactive Driving System-plus (IDS-plus) with Continuous Damping Control (CDC) – see D5 on page 71

### Traction and handling

- **ESP-plus and Sport switch**
- **Gas-assisted tailgate struts**
- **Two-coat metallic or pearlescent paint**
- **Optional AFL on 5-door hatchback and estate models**
- **Available on Sport Hatch and 5-door hatchback only.**
- **SRi with Exterior Pack.**
- **Optional at extra cost.**
- **Includes uprated sports suspension, sports steering, ESP-plus and Sport switch.**
- **Standard on 1.6i 16v Turbo/1.9CDTi 16v (150PS) models.**
- **Not available with Easytronic transmission.**
- **Not available with Easytronic transmission.**
- **Not available in conjunction with Panoramic windscreen.**
- **Not available in conjunction with Sight and Light Pack, mirrors and ultrasonic function from alarm system.**
- **Not available in conjunction with Premium Pack.**
- **Not available in conjunction with Premium Plus Pack.**
- **Not available with Premium Pack.**
- **Not available with Premium Plus Pack.**
- **Panoramic windscreen (Sport Hatch only)**
- **Rear parking distance sensor**
- **Two-coat metallic or pearlescent paint**
- **Black roof rails (estate only)**
- **Electrically operated slide/tilt full-length glass sunroof**
- **Folding key (one supplied)**
- **Electrically operated rear windows with safety autoreverse**
- **Foldable door mirrors (wide-angle on driver's side)**
- **Twin electrically adjustable/heated and electrically door mirrors (wide-angle on driver's side)**

### Dimensions

- **Height**: 1500 (680)
- **Width**: 1400 (690)

### Notes

- **Weights and towing data**
- **Any optional equipment or accessories**
- **Maximum towing weights**
- **Intermittent facility and flick-wipe**
- **Gas-assisted tailgate struts**
- **Twin electrically adjustable/heated and electrically door mirrors (wide-angle on driver's side)**
- **Panoramic windscreen (Sport Hatch only)**
- **Rear parking distance sensor**
- **Two-coat metallic or pearlescent paint**
- **Black roof rails (estate only)**
- **Electrically operated slide/tilt full-length glass sunroof**
- **Folding key (one supplied)**
- **Electrically operated rear windows with safety autoreverse**
- **Foldable door mirrors (wide-angle on driver's side)**
- **Twin electrically adjustable/heated and electrically door mirrors (wide-angle on driver's side)**

Equipment

Sight and Light Pack
- Rain-sensitive windscreen wipers
- Electro-chromatic anti-dazzle rear-view mirror
- Automatic lighting control

VXR Styling Pack One
- Body-colour front lower spoiler/rear lower skirt/rear roof spoiler (standard on SRi) and side sills
- Aerial adaptor

Sports Pack
- 17-inch 10-spoke alloy wheels with 225/45 R 17 tyres
- Uprated sports steering
- Sport switch
- Electronic Stability Programme-plus
- Lowered and uprated sports suspension

Leather Pack
- Leather seat facings
- Electrically heated sports front seats with tilt and lumbar adjustment
- Indirect door night lighting
- Height-adjustable centre rear seat head restraint
- Front passenger's seat height adjuster

Protection Pack
- Full-size curtain airbags
- Active-safety front seat head restraints

FlexOrganiser® Pack (estate only)
- Divider net
- Four side rails
- Elasticated bag with four clips

Dimensions

Interior dimensions
see table below

Estate loadspace dimensions
millimetres (inches)
- Maximum load floor length (rear seats up) 1085 (42.7)
- Maximum load floor length (rear seat back down only) 1819 (71.6)
- Maximum load floor length (rear seat back down and cushion folded) 1699 (66.9)
- Maximum luggage area height 862 (33.9)
- Tailgate aperture height 766 (30.1)
- Tailgate aperture width 1058 (41.6)
- Rear floor width 1088 (42.8)
- Loading height from ground level 591 (23.3)

Luggage capacities*
litres (cu. ft.)
- Sport Hatch 5-door hatch Estate
  - Rear seats up – to top of rear seat back 312 (11.0) 350 (12.4) 470 (16.6)
  - Rear seats folded – to roof 1070 (37.8) 1265 (44.7) 1550 (54.7)

* = Measured using the ECIE method.

**Important:**

The results given relate to the particular car tested; inevitably there are differences between individual cars of the same model. In addition, some cars may incorporate particular modifications. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption; therefore the results do not express or imply any guarantee of the fuel consumption attainable.

Dynamic route guidance – alerting the driver visually or verbally. TMC can also offer information, delivered to the driver either via the RDS used for broadcasting real-time traffic information, or through the Vauxhall's satellite navigation systems. The mobile phone system can be further enhanced. Now fully integrated into the audio and communication system, it also features Bluetooth® audio/voice.

**Satellite navigation**

CD 70 satellite navigation system uses Satellite (Global Positioning System) and speed sensor to determine your precise location and guide you to your destinations. Positioning System) satellites, linked to a comprehensive CD-ROM mapping system, are easily navigated by either the steering wheel audio controls or the multi-function button on the radio. Certain functions can also be controlled by voice activation.

Equipment is enhanced by fitting a phone-specific cradle, which offers a secure location for your phone, while you can listen to all your favourite tunes through your car's speaker system. A list of compatible models, prices and catalogue numbers is stored automatically in your phone's memory.

Digital Audio Broadcast (DAB) facility has been widely acclaimed for their ease of use anywhere in mainland Britain. Now widely available in the UK, digital audio broadcasts offer the user a variety of channels (TMC), a specific application of channel (TMC), a specific application of channel (TMC) for Astra. There is now a split-screen facility, whereby half of the screen displays the symbols and route on map, while directional arrows give route as a map, while directional arrows give.

Price Guide.

Audio/voice

● Mobile phone system with Bluetooth®.

Note: A list of compatible models, prices and catalogue numbers is stored automatically in your phone's memory.

| Vauxhall's advanced 1.6i 16v and 1.8i 16v VVT (Variable Valve Timing) engines represent the cutting edge of engine design. By utilising Double Continuous Variable Cam Phasing (DCVCP), our VVT engines develop much of their torque over a broad rpm range, ensuring good performance and flexibility at all engine speeds – reducing the need for frequent gear changes.

Compared to more conventional engines, VVT versions develop more power and offer better performance – yet are more economical and boast lower emissions.

**Equipment**

**Sight and Light Pack**
- Rain-sensitive windscreen wipers
- Electro-chromatic anti-dazzle rear-view mirror
- Automatic lighting control

**VXR Styling Pack One**
- Body-colour front lower spoiler/rear lower skirt/rear roof spoiler (standard on SRi) and side sills
- Aerial adaptor

**Sports Pack**
- 17-inch 10-spoke alloy wheels with 225/45 R 17 tyres
- Uprated sports steering
- Sport switch
- Electronic Stability Programme-plus
- Lowered and uprated sports suspension

**Leather Pack**
- Leather seat facings
- Electrically heated sports front seats with tilt and lumbar adjustment
- Indirect door night lighting
- Height-adjustable centre rear seat head restraint
- Front passenger's seat height adjuster

**Protection Pack**
- Full-size curtain airbags
- Active-safety front seat head restraints

**FlexOrganiser® Pack** (estate only)
- Divider net
- Four side rails
- Elasticated bag with four clips

* = Measured using the ECIE method.
MacPherson strut front suspension.

Lightweight torsion beam rear axle.

4-/5-/6-speed Automatic and Easytronic transmission options available.

Vauxhall Assistance and warranties*

- A one-year unlimited mileage manufacturer's warranty
- Second and third year no-fee customer option warranty up to 60,000 miles (from first registration)
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

* = Warranty is only available on vehicles sourced from Vauxhall Motors Ltd. Terms and conditions apply – please see your Vauxhall retailer for details.

Optional transmissions

Five-speed Easytronic transmission – 1.6i 16v VVT models:

Easytronic is a five-speed manual gearbox with a fully automatic mode. In manual mode you simply push the lever forward or back to shift gears up or down, while the facia display tells you what gear you're in. Switch to fully automatic mode and you'll have many of the features of a regular automatic, including kickdown. Since there's no clutch pedal, Easytronic is ideal for effortless town driving.

Four-speed automatic transmission – 1.8i 16v VVT models:

Electronically controlled with an adaptive driving programme, which tailors its gearchanges to match your driving conditions.

Six-speed automatic transmission with Active Select function – 1.9CDTi (120PS) models:

The electronically controlled adaptive driving function can tailor gearchanges to match your driving style, while the winter mode selects a higher than normal gear to reduce the possibility of wheelspin in icy conditions. The Active Select manual mode allows the gearlever to be used like a manual gearbox – you simply push the lever forward or back to change up or down the gears.

Steering

- Electro-hydraulic power-assisted steering

- Turning circle (kerb-to-kerb):
  - Sport Hatch models – 10.84m (35.6ft.)
  - 5-door hatchback models – 10.85m (35.6ft.)
  - Estate models – 11.17m (36.6ft.)

Suspension

Front:

Rear:

- Design 1.6i 16v Turbo and 1.9CDTi 16v (150PS)/SRi/All Sport Hatch models – uprated springs and dampers with lower ride height

- Design/SRi – Interactive Driving System with Continuous Damping Control, optional at extra cost

Brakes

- Anti-lock Braking System (ABS)

- Dual circuit, diagonally split braking system 1.4i 16v Expression/Life 5-door hatch only

- Front ventilated discs: 280mm diameter

- Rear drums: 230mm diameter

- 1.4i 16v (excl. Expression/Life 5-door hatch)

- Front ventilated discs: 280mm diameter

- Rear discs: 264mm diameter

- 1.6i 16v VVT

- Front ventilated discs: 280mm diameter

- Rear discs: 264mm diameter

- 1.8i 16v VVT

- Front ventilated discs: 280mm diameter

- Rear discs: 264mm diameter

- 1.6i 16v Turbo

- Front ventilated discs: 308mm diameter

- Rear discs: 264mm diameter

- 1.3CDTi 16v (90PS)

- Front ventilated discs: 280mm diameter

- Rear discs: 264mm diameter

- 1.7CDTi 16v (100PS)

- Front ventilated discs: 280mm diameter

- Rear discs: 264mm diameter

- 1.9CDTi (120/150PS)

- Front ventilated discs: 308mm diameter

- Rear discs: 264mm diameter

Body

- Aerodynamic drag coefficients:
  - Sport Hatch – Cd 0.32
  - 5-door hatch – Cd 0.32
  - Estate – Cd 0.32

Fuel tank capacity

All models – 52 litres (11.4 gallons).
Standard equipment.

Optional at extra cost.

= Only available as part of an extra-cost option pack

= Standard equipment.

= Expression.

- At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing power. Such loads may have a significant effect on fuel consumption and emissions. To estimate towing power at higher altitudes, a reduction of up to 30% should be applied for each 500 metres of increase in altitude.
- Such loads may include luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, the kerbweight plus any optional equipment or accessories. The tailgate is designed for maximum loading. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing power. Such loads may have a significant effect on fuel consumption and emissions. To estimate towing power at higher altitudes, a reduction of up to 30% should be applied for each 500 metres of increase in altitude.
Anti-lock Braking System (ABS) with Cornering Brake Control (CBC)

Cornering brake control makes the car easier to control in extreme situations, particularly when braking sharply on a bend. It is particularly effective when carrying out emergency procedures, such as avoiding a child’s ball that’s rolled out from the kerb. The system works by sensing the different rotational speeds of the individual road wheels and co-ordinating the level of braking pressure applied to each wheel. CBC is an integral part of Astra’s comprehensive ABS.

Electronic Stability Programme-plus (ESP-plus)

ESP-plus provides enhanced yaw compensation during understeer or oversteer. It works by monitoring the front and rear of the car and comparing their respective directions of travel with the input through the steering wheel. If the vehicle starts to slide, ESP-plus applies corrective braking to the appropriate wheel, or wheels, compensating for the slide and helping you regain control more rapidly. ESP-plus offers additional safety in the form of two-way traction control, which helps prevent the driving wheels from spinning, under acceleration, on slippery surfaces.

Keyless entry and start

Available as an option, the keyless entry and start system means that the driver need never remove their key fob from their pocket. When approaching the car, sensors in the front door handles and rear bumper detect the driver’s proximity and automatically unlock the doors or boot when the handle is pulled. When in the car, two internal sensors activate the ignition and release the electronic steering lock, enabling the driver to start or stop the engine by pressing the dashboard-mounted Start/Stop button. As an added safety feature, the engine will only start if the driver presses the foot brake while pushing the Start/Stop button. Upon leaving the vehicle, the driver can lock it by either pressing a button on the key fob like a conventional system, or by simply touching one of the sensors on the external handles of the front doors. Additionally, the system offers excellent theft protection by its use of sophisticated cryptographic algorithms, while a back-up key is also included for emergency use.
The Sport switch, standard on Design 1.6i 16v Turbo and 1.9CDTi 16v (150PS) and all SRi models, improves the responses of both the steering and throttle, giving the driver crisper initial acceleration and sharper, more direct turn-in when cornering.

On vehicles fitted with automatic transmission, the Sport switch also controls the transmission Sport mode.

IDS-plus with Continuous Damping Control (CDC)

The Interactive Driving System (IDS-plus) chassis – available on SRi and Design models – offers the Astra driver an even more sporting driving experience, thanks mainly to the electronic control of the suspension. Pressing the Sport switch activates the CDC function – CDC monitors the roll, pitch and yaw of the car, and changes the rate of damping on each wheel to optimise the handling, selectively stiffening the suspension. This means the vehicle will exhibit a reduced rate of roll and pitch, making it more responsive during direction changes and more settled during the braking/turn-in/acceleration transition when cornering. CDC is a major breakthrough in the Astra segment.

Bi-xenon Adaptive Forward Lighting (AFL)

Adaptive Forward Lighting is a sophisticated new lighting system that allows drivers to see around corners. AFL utilises powerful bi-xenon headlights – which offer up to three times more light output than conventional halogen headlights – to enable the full benefit of the system's advantages to be appreciated. While standard xenon headlights provide only dipped beam lighting (main beam illumination still uses conventional halogen lights), bi-xenon units provide both dipped and main beam from a single lighting unit. The package is completed by high-pressure headlight washers and dynamic beam levelling.

Curving Light

Controlled by a combination of steering wheel movement and sensors for the vehicle's speed and yaw angle, the Curving Light function allows the headlight beam to move up to 15 degrees left or right of the straight ahead position. This ensures the light is always following the trajectory plotted by the front wheels, rather than simply pointing straight ahead.

Motorway Light

At speeds above 65mph, AFL raises the dipped headlight beam to extend the range of vision for increased safety at higher speed. The beam automatically returns to its normal position when the car falls below that speed.
