Astra VX-R Arctic Edition
IT’S ALL HERE
IN BLACK AND WHITE

Astra Arctic Edition
ALL THE POWER AND THE LOOKS
HERE, IN BLACK AND WHITE

Think of an Astra VXR. You know the one – 2.0i 16v Turbo with 240PS and 320Nm. 152mph top speed and 0-60mph in 6.2 seconds. Hot VXR suspension, 18-inch alloys and drop-dead good looks.

Now let’s make it even more special. With Olympic White paint and a black roof. Dark-tinted rear glass. Black 19-inch wheels, V-grille, tailgate trim and door mirrors. It all makes positive reading!

- Olympic White paint with black roof and black detailing
- Black 19-inch multi-spoke alloys with 235/35 R 19 ultra-low profile tyres
- Dark-tinted rear glass
- Leather trim and unique VXR detailing
IT’S ALL CLEAR
IN BLACK AND WHITE

Specify the optional panoramic windscreen for your Astra Arctic Edition and live the VXR experience from a whole new perspective.
The Astra VXR interior is already pretty special, thanks to all its VXR-specific detailing – a leather-trimmed steering wheel and gear knob with VXR badges, alloy sports pedals and more. Arctic models add carbon fibre-effect door trim and facia inserts.

The black sports instruments – with stepper motor speedo and tacho – feature translucent rings and red highlights. A cool piano black centre console and steering wheel inserts complete the picture.

Astra VXR Arctic gives you somewhere special to sit – a pair of height-adjustable, figure-hugging, leather-trimmed Recaro sports front seats. They’ll give you all the support you need when the going gets quick. And they look the business too.
SPECIFICATION

Arctic Edition features over Astra VXR

> Leather Pack – comprising leather seat facings/electrically heated Recaro sports front seats/centre rear seat head restraint/front passenger’s seat height adjuster
> Olympic White solid paint
