Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of going to press (May 2004).

Vauxhall vehicles are equipped with components manufactured by various General Motors operating units and outside suppliers. In line with Vauxhall’s policy of continuous product improvement, the Company reserves the right to change specifications and make modifications to the vehicles described and illustrated at any time. Any such modifications will be notified to Vauxhall retailers at the earliest opportunity; please consult your local retailer for the latest information.

The specifications detailed within this brochure are not necessarily applicable to alternative models such as Special Editions. Details of any such models will be contained in specific literature or found on the Vauxhall website.

The colours reproduced in this brochure may vary slightly from the actual paint colour or trim material due to the limitations of the printing process.

Please note that Vauxhall retailers are not the agents of Vauxhall Motors Limited and are not authorised to bind the Company by any specific or implied undertaking or representation.

It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted accessories.

As part of Vauxhall’s policy of environmental care, this brochure is printed on paper manufactured using Elemental Chlorine Free pulps from specially farmed, sustainable timber resources.

VX220. PURE EXHILARATION.

When was the last time you drove a car just for the sheer thrill of it? Because VX220 is that sort of car. Combining a state-of-the-art composite bodyshell with a lightweight, aluminium chassis. Near-perfect weight distribution, double wishbone independent suspension, 17-inch alloy wheels and race-bred brakes confirm the credentials.

VX220. Totally dedicated to pure performance driving.
VX220. TOTAL PERFORMANCE.

Some will choose the VX220 for its ability to hit 60mph from standstill in just 4.7 seconds. Others will be attracted by its awesome cornering and high-speed stability. Whatever the reasons, they’re all the right choice. Because they’re all part of the same package. VX220. A pure performance car. The ultimate driving experience.
VX220 has an incredibly lightweight extruded aluminium chassis, with a long wheelbase for high-speed stability. A mid-mounted engine means perfectly balanced weight distribution. And a low 140mm ride height with a wide track reduces roll under cornering.

The all-independent suspension – tubular steel, unequal length double wishbones, front and rear – is specifically tuned with Bilstein monotube dampers. And pin-sharp, high-ratio steering with no power assistance ensures a very direct connection with the road.

While Bosch supply the Anti-lock Braking System (ABS), the 288mm diameter ventilated discs are coupled with AP Racing and Brembo aluminium brake calipers for high performance and low unsprung weight. Bridgestone produce 17-inch Potenza tyres with a special VX220 compound – 175/55 at the front, and 225/45 at the rear.

VX220 CHASSIS DYNAMICS. THINK AGILITY. THINK BALANCE.

A fast road chassis demands purity of purpose and a total commitment to driving excitement.
High performance is a serious proposition. So a full-size driver’s airbag, body-lock seatbelt pretensioners, ABS braking and a high-level centre brake light are just a sample of VX220 safety features.

Road car chassis that are among the lightest and stiffest ever produced do not happen overnight. We begin with aluminium extrusions, heat treated for added strength and anodised for outstanding corrosion resistance. Then we bond them together with high-tech epoxy adhesives. Why? Because if we weld them, it could marginally affect the accuracy of the suspension geometry.

For all-round safety, the chassis has an incredibly strong perimeter frame with deep side members and an integral roll-over bar. Frontal impacts are absorbed by a separate composite crash structure bonded to the aluminium chassis. We didn’t put side-impact door beams in the doors – the beams are the doors. And if the exhaust silencer doubles up as part of the rear crash protection, think of the weight it saves. Just two more examples of VX220 intelligent thinking.

If you want the best in lightweight, strong, corrosion-free panels, you really need fibre-reinforced composite construction using Resin Transfer Method technology. So that’s exactly how we do it. And again, the main body tub is bonded to the chassis for incredible torsional rigidity and lateral load stiffness.

VX220 CHASSIS TECHNOLOGY: INTELLIGENT THINKING.
You don’t make 60mph in under five seconds without serious engine technology, and VX220 does not disappoint. It’s not just the turbocharger and air-cooled intercooler either. This two-litre motor comes with an alloy multi-valve cylinder head and a specially designed exhaust system. There’s the latest Motronic ME 1.5.5 engine management and multi-point, sequential, dual spray fuel injection, direct ignition and electronic drive by wire throttle control. So yes, it is quick. So quick, in fact, that it comes with a gear shift-up light to help drivers extract maximum performance from the five-speed Getrag gearbox without having to watch the rev counter.

What else can we say about the 2.0i 16v Turbo that the figures don’t say for themselves? It’s not just the maximum 200PS at 5400rpm. It’s the thundering 250Nm of torque, available right down at 1950rpm – enough to accelerate you from 30–50mph in fourth gear in just 4.0 seconds.

TURBO POWER.
IT’S ALL ABOUT THE FIGURES.

It takes just 4.7 seconds for VX220 to accelerate to 60mph from a standing start. What else do you need to know?
VX220 DESIGN. WHERE STYLE MEETS PURPOSE.

VX220 is a truly stunning design. It’s a lean, purposeful, even aggressive look with hard edges and an aerodynamic stance.
VX220 DRIVER CONTROL.
YOU’RE IN CHARGE.

The VX220 cockpit is designed for instant communication between driver and chassis. A control zone for serious drivers.
The VX220 cockpit was developed to assist the driver in every way. For example, the exclusive Momo steering wheel is leather-trimmed and ergonomically sculpted for high grip. The sports seats come with integral head restraints and firm lateral support to hold you in place under high levels of lateral g-force.

It certainly looks the part, with smart black fabric and a choice of leather trim, exposed aluminium, machined alloy and aluminium effect parts. It comes with important security features like a deadlock immobiliser and remote control alarm. And options include an audio system and central door locking. There’s even space for two weekend bags.

And our favourite feature? That aluminium starter button – mounted high and inviting in the centre of the facia. Turn the key. Push the button. The action starts here.

VX220 INTERIOR FEATURES.
THE PERFECT COMBINATION.

Great looking, lightweight, supportive, informative. The VX220 driver environment is all that and more.

Audio speaker
Remote control alarm and immobiliser
Passenger foot rest, audio system and leather trim are optional at extra cost.
VXR signals the birth of a new era of performance cars from Vauxhall. A range of driver-focused, soul-stirring machines for the road, born on the track. Cars with soul and power to make you feel alive, electrified and inspired. Are you VXR enough?

VXR220. UNADULTERATED, UNCONTAMINATED PERFORMANCE.

Performance-focused chassis. Track-oriented specification. There’s nothing spurious about VXR220. This is VX220 unleashed. Hybrid turbo, free-flow air filter and an uprated suspension and braking system is just one side of the story. 220PS and performance that will see 60mph in 4.2 seconds is the other. Ask your VX220 retailer for a copy of the VXR brochure or visit www.vxr.co.uk for more information.
STANDARD EQUIPMENT

Safety
- Driver’s full-size airbag
- Anti-lock Braking System (ABS)
- Integral side-impact protection
- Integral rollover bar
- Reinforced passenger safety cell with deformation zones front and rear
- Fuel tank located ahead of rear wheels
- Body-colour seatbelt pretensioner system
- Laminated windscreen
- Fixed head restraints

Mechanical
- Mid-engined layout, rear-wheel drive
-/Drop box-speed manual gearbox
- Twin catalytic converters

Seating and upholstery
- Sports seats
- Lumbar adjustable driver’s seat
- Driver’s seat adjustable for reach
- Lumbar adjustable driver’s seat

Audio equipment
- Audio preparation
- Two speakers
- Radio aerial mounted on roll-over bar cover

Audio preparation
- Electronic engine deadlock immobiliser
- Audio equipment
- Black Dixie cloth trim
- Driver’s seat adjustable for reach
- Lumbar adjustable driver’s seat

Exterior and convenience features
- Front fog lights
- Rear fog light
- Hazard warning lights and side repeat indicators
- Lights-on audible warning
- High-level centre brake light
- Dark-style headlight and tail light housings

Exterior styling
- Removable black soft top with storage bag
- Body-colour door mirrors
- Aluminium-effect windscreen surround
- Black front air deflectors
- Body-colour integral rear spoiler
- Two vertically mounted chrome-tipped exhaust outlets

Exterior lighting
- Compact H7 halogen headlights
- Front fog lights
- Reversing light
- Rear fog light
- Hazard warning lights and side repeat indicators
- Lights-on audible warning
- High-level centre brake light
- Dark-style headlight and tail light housings

Vauxhall Assistance and warranties*
- A one-year unlimited mileage manufacturer’s warranty
- Second and third year no-cost customer option warranty up to 60,000 miles from first registration
- Vastrahe Assistance for 12 months from first registration
- Roadside breakdown cover for 12 months from first registration
- Roadside breakdown cover for 12 months from first registration
- Roadside breakdown cover for 12 months from first registration

ACCESSORIES

Protection
- Seed cover
- Shower cover
- Floor mats
- Car care kit

Touring
- Hard top kit with storage bag
- Luggage bags – set of two
- Storage pack (net behind seats and leather door sill pockets in lieu of standard pockets)

Styling
- Centre brace – aluminium
- Gear knobs – aluminium
- Gear lever gate – aluminium
- Seatbelt pads

* Please note vehicles shown throughout this brochure may differ from the standard specification and may feature extra-cost options and accessories.

STANDARD EQUIPMENT

Facia, instruments and controls
- Facia-mounted starter button
- Leather-covered, three-spoke Momo steering wheel
- Sports instruments incorporating stepper motor speedometer and tachometer
- Gear shift-up light
- LCD multi-function display including trip computer (fuel level and water temperature)
- Low-fuel indicator
- Instrument panel light dimmer

Heating and ventilation
- Air-conditioned heater with variable speed fan
- Four adjustable dash-top air vents

Interior lighting
- Interior courtesy light operated by door switches

Additional interior features
- Exposed aluminium on chassis and footwell
- Aluminium window winder
- Aluminium-effect door panels
- Aluminium gear lever
- Drilled aluminium pedals with rubber inserts
- Plastic sill covers
- Dipping rear-view mirror
- Drink holder between seats
- Gear light/electrical accessory socket
- Fabric door sill map pocket
- Telephone pocket

Exterior and convenience features
- Triplex glass
- Manually adjustable door mirrors
- Twin-vertical windscreen wiper nozzles
- Two-speed windscreen wiper
- Instrument panel light dimmer

Exterior styling
- Removable black soft-top with storage bag
- Body-colour door mirrors
- Aluminium-effect windscreen surround
- Black front air deflectors
- Body-colour integral rear spoiler
- Two vertically mounted chrome-tipped exhaust outlets

Exterior lighting
- Compact H7 halogen headlights
- Front fog lights
- Reversing light
- Rear fog light
- Hazard warning lights and side repeat indicators
- Lights-on audible warning
- High-level centre brake light
- Dark-style headlight and tail light housings

Vauxhall Assistance and warranties*
- A one-year unlimited mileage manufacturer’s warranty
- Second and third year no-cost customer option warranty up to 60,000 miles from first registration
- Vastrahe Assistance for 12 months from first registration

Exterior dimensions: **milimetres (inches)**

- Width: 1758 (69.1)
- Length: 4409 (173.6)
- Height: 985 (38.8)
- Wheelbase: 2538 (100.1)
- Track front: 1450 (56.9)
- Track rear: 1494 (58.7)

---

**Transmission**
- Manual five-speed manual gearbox
- Hydraulically actuated, asbestos-free, single-plate clutch
- Manual rack and pinion system
- Lock-to-lock: 2.8
- Turning circle: 11.25m (36.9ft.)
- Front track: 1450mm
- Rear track: 1494mm

**Chassis**
- Constructed from epoxy-bonded aluminium extrusions and panels
- Front crash deformation structures formed using closed-mould technology
- Steel rear subframe for engine and rear suspension
- Integral steel roll-over bar

**Body**
- Bonded flush-fitting front and rear screens
- Semi-flush-fitting side windows glass
- Recessed windshield wipers
- Composite body panels

**Electrics**
- Battery: 45Ah
- Alternator: 100A
- Fuel tank capacity: 36 litres (7.9 gallons)

**Wheels and Tyres**
- 5/6.5 x 17 alloy wheels with locking bolts
- 225/45 Bridgestone Potenza tyres

**Brakes**
- Front ventilated disc brakes:
  - 288mm diameter featuring AP Racing callipers
- Rear ventilated disc brakes:
  - 265mm diameter featuring Brembo callipers

- = Leather trim indicated is not available in combination with exterior colour shown.

### Optional soft/hard tops

1. Black soft top fitted as standard
2. Red, green and blue soft tops available as extra-cost options.
3. Optional body-colour hard top with storage bag.

Please note: leather trim is optional at extra cost. A removable hard top in body colour is also available as an extra-cost option.

---

**Note:**

- Black soft top fitted as standard.
- Leather trim indicated is not available in combination with exterior colour shown.
- = Optional at extra cost.
There are more important things to life than worrying about how to finance and service your VX220, where to go in the event of an accident and how we go about meeting the transport challenges of the future. So when you choose Vauxhall, you can rely on us to safeguard both you and the environment around you, leaving you free to concentrate on the more important business of enjoying your car!

Protecting the environment
At Vauxhall, we take a broader viewpoint than the design, manufacture and selling of cars. We are committed to looking after the environment throughout the lifecycle of the vehicle.

Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient (see www.vauxhall.co.uk/recycling for details). We’re already working to reduce the carbon dioxide emissions from our new cars by 25% by 2008.

Vauxhall was also the first manufacturer to offer a range of Dualfuel LPG/petrol vehicles, supported by a full factory warranty.

Looking to the future, we are also investing heavily in the biggest potential breakthrough of the next decade – the development of the hydrogen fuel cell car.

Customer Care Commitment
Providing drivers with the highest standards of aftersales support, Vauxhall offer a three-year Customer Care Commitment package. Highlights include:

- A one-year unlimited mileage manufacturer’s warranty
- A second and third year no-fee customer option warranty to 60,000 miles from first registration

This warranty is only available on vehicles purchased from Vauxhall Retailers (see terms and conditions apply – please see your Vauxhall retailer for details).

Sureguard protection
Should you wish to enjoy the range of benefits provided by Vauxhall Assurance for a full three years from first registration, then new Sureguard Assurance is for you. If you are a higher mileage driver or plan to keep your vehicle for longer than the standard warranty period, you need the protection of Sureguard Warranty. This provides all the peace of mind of a parts and warranty – including Assistance – for the duration of your cover. Sureguard Warranty and Sureguard Assistance come with the added peace of mind of Sureguard MOT Warranty. For details contact your local Vauxhall retailer or call 0870 752 7020.

Anti-perforation warranty
Your new Vauxhall VX220 comes with a chassis anti-perforation warranty for a period of ten years from the date of first registration.

Buying your car
Convenient to arrange at your Vauxhall retailer, Vauxhall Finance is the affordable way to finance your new car.

Servicing and maintenance
The best way to maximise the performance and reliability of your Vauxhall is to have all routine servicing and maintenance carried out at a Vauxhall retailer. There are 75 specialist VX220 retailers nationwide.

Sureguard extended warranty
Sureguard extended warranty offers peace of mind and relieves the worry of servicing your vehicle after the standard warranty period. The sureguard extended warranty is available to your Vauxhall VX220 for up to 15 years from the date of first registration.

Sureguard protection
Sureguard protection, provided by Vauxhall Assistance for a full three years from first registration, is the basis of Vauxhall’s Customer Care Commitment. This includes roadside assistance, as well as 24-hour accident recovery, delivery of a courtesy car, direct repair costs, and all parts and labour.* Any vehicles purchased from Vauxhall Retailers are covered.

Sureguard extended warranty
Sureguard extended warranty offers peace of mind and relieves the worry of servicing your vehicle after the standard warranty period. The sureguard extended warranty is available to your Vauxhall VX220 for up to 15 years from the date of first registration.

Vauxhall Leasing
As Vauxhall’s own contract hire and fleet management operation, Vauxhall Leasing provides a one-stop-shop for competitive car and van leasing solutions – for business users and private individuals. Working with the Vauxhall retailer network, we combine the support of a national contract with the convenience of a local contact. For further information please see your local Vauxhall retailer or call us on 01926 452 557. Alternatively, visit our website at www.vauxhall-leasing.co.uk

Get The GM Platinum Card and enjoy:
- 0% per annum on purchases and balance transfers for the first five months from account opening.
- 18.9% APR (variable)
- 100 free Rebate Points when you first use your Card – worth £100 off a new Vauxhall
- 75% of the value of your GM Platinum Card purchases as Rebate Points
