A clever family car
from Vauxhall

Looking for a compact MPV that’s easy to park and manoeuvre around town? A car that makes rear passengers of all ages feel as welcome as those in the front – with adjustable rear seats that fit family members of all sizes and their luggage? Check out the latest Meriva models from Vauxhall. With fresh style, lively engine choices and great features throughout, today’s Meriva fits your family’s lifestyle – effortlessly.

Think Meriva. How clever is that?

This brochure covers Meriva Expression, Life, Club and Design models only. Some of the vehicles shown include options and accessories available at extra cost. And not all of the features described are available on every model. So please check in the Equipment section for further details. From time to time, we also offer alternative Meriva models such as Special Editions, featured in their own separate literature or found on the Vauxhall website: www.vauxhall.co.uk.
Stylish.
Compact.
Spacious.

And always fun.

With sharp lines and brilliant detailing, Meriva has bags of visual appeal. And everything is designed to make life that little bit easier, whether you’re loading up at the supermarket, finding a place to park or simply heading off for a great day out.
Extra legroom?
Extra bag room?
Extra flexibility?

Welcome to FlexSpace.
Loads of seating positions.
Loads of ways to make life easier.

And keep the family happy.

Meriva’s FlexSpace® seating system is all about finding simple ways to accommodate every family transport need, however unexpected, without removing the seats. With rear seats that move backwards, forwards – even sideways – and a 40/20/40 split-folding seat back, Meriva can always make room for friends, family and luggage – plus all the children’s bags or buggies. You can even recline the outer rear seats back for a more relaxed seating position.
Feel the light.
Enjoy the view.

And relax.

Superb visibility. A fresher, brighter interior. And a higher seating position. The benefits of Meriva’s tall yet compact styling are clearly evident in every department. And that’s not simply from the driver’s perspective. The advantages include more light. More space. More comfort. And an altogether sunnier outlook. Wherever you’re sitting!
Respect your world.

We all share a responsibility to look after our world. That’s why Vauxhall has always been at the forefront of green automotive initiatives. Most recently, we are looking at ways to further reduce vehicle CO₂ emissions and working on even cleaner, alternative power sources, including zero-emission fuel cell technology.

But our commitment to preserving the environment goes even further. We have dramatically reduced manufacturing emissions, for example, and our new vehicles use more recycled materials and more recyclable parts than ever before.

We also offer free and easily accessible, environmentally friendly, end-of-life vehicle disposal through our partners Autogreen Ltd. And under our EcoFlex Scrap Allowance* programme, if you buy a selected low-emission Meriva model, we’ll even offer you £1000 to take your old, higher emission car off the road.

That way, we reduce our environmental impact in every phase of every vehicle’s life cycle. Because your world is our world, too.

*Terms and conditions apply. Please ask your Retailer for details.
Safety for the whole family.

With a 4-star EuroNCAP adult occupancy rating, you don’t need a family to appreciate Meriva’s many safety features. Every model comes with twin front airbags, front seatbelt pretensioners and side-impact protection beams. All three rear seats are equipped with adjustable head restraints and lap and diagonal seatbelts – the centre belt pulls down from the headlining.
Airbags. Every Meriva features driver and front passenger airbags as standard. Front seat side-impact airbags and full-size curtain airbags are available as part of the optional Protection Pack, along with active-safety front seat head restraints and other important safety features.

**Adaptive Forward Lighting (AFL).** Optional on Meriva Club and Design models this sophisticated halogen lighting system moves the headlight beams up to 15 degrees left or right when you turn the steering wheel, helping improve your vision of the approaching bend. Further explanation can be found in the Technical data section on page 53.

Powerful lighting. Halogen headlights with electric headlight beam levelling are standard on every Meriva. And front fog lights, standard on Design and optional as part of the Club Plus Pack, help you see even more clearly, and arrive safely, in the most demanding of weather conditions.

Security. The hard work we’ve put into securing your belongings has also led to low, money-saving Meriva insurance group ratings. Features include an engine deadlock immobiliser, remote control central deadlocking and a visible vehicle identification number.
Driving dynamics. A family car that’s great to drive. Meriva gives you a real feeling of confidence at the wheel – secure in the corners and agile in all conditions. The ride is beautifully balanced – no matter how many people you have on board. And the availability of intelligent chassis features like Dynamic SAfety (DSA) suspension – which enhances stability when braking on surfaces with differing levels of grip on either side of the vehicle – anti-lock brakes and traction control adds the sort of active safety you would expect from Vauxhall.

Tinted rear lights. Extra safety with style. Meriva’s pillar-mounted rear lights increase visibility for following drivers whilst integrating perfectly into the car’s smooth rear styling. High mounting also keeps them out of harm’s way, protecting against accidental parking damage.

ABS. Meriva’s Anti-lock Braking System (ABS) with Electronic Brakeforce Distribution (EBD) and Emergency Brake Assist (EBA) can reduce emergency stopping distances, particularly on slippery roads. It prevents the wheels from locking up and allows drivers to retain steering control.

ESP and Traction Control. Electronic Stability Programme (ESP) helps you maintain control during adverse or emergency conditions. If the car begins to slide, ESP gently applies corrective braking to the appropriate road wheel to help you regain control. Traction Control (TC) helps prevent wheelspin during acceleration. Further explanation can be found in the Technical data section on page 53.
Where driving becomes a real pleasure.

Meriva is not just great fun to drive. Featuring Dynamic SAfety suspension (DSA), ABS, EBD and EBA all fitted as standard, together with the availability of ESP and TC across the range, the chassis spec reads like an A-Z of active safety. You can read more about what they do on the opposite page. Suffice to say that they’re designed to give you greater peace of mind – whatever the road conditions.
Powerful and efficient. Responsive and clean.

Meriva’s engines pack plenty of punch, matched with low fuel consumption and low service requirements too. The range extends to three advanced petrol engines and two super-efficient common rail turbo diesels.
Engines and transmissions

**Engines and transmissions.** Meriva is available with two advanced, common rail, turbo diesel engines. The 1.3CDTi 16v 75PS unit and more powerful 1.7CDTi 16v engine are designed to offer good flexibility, tight emissions control and low running costs.

**Petrol engines.** Meriva is available with a choice of three advanced petrol engines – highly economical 1.4i 16v and 1.6i 16v Twinport units plus a powerful 1.8i 16v. The Twinport variable induction system ensures lively power delivery with high fuel economy and low emissions.

**Easytronic.** Choose the optional Easytronic transmission and you’ll get a five-speed manual gearbox with a fully automatic mode. In manual mode, you simply push the lever forward or back to shift gears up or down. The facia display tells you what gear you’re in – 1 to 5, N for Neutral or A for Auto. Switch to fully automatic mode and it has many of the features of a regular automatic, including a kickdown function. There’s no clutch pedal so you can drive it on an automatic-only driving licence.

**Choice of transmissions.** Meriva can be specified with either a slick, five-speed manual gearbox or, on some models, Vauxhall’s innovative Easytronic transmission. The ratios on five-speed manual versions have been specifically chosen to optimise flexibility and promote ease of driving.
Features

Bluetooth® technology. Meriva Club models can be specified with the latest mobile phone technology, operated via the car’s steering wheel mounted audio controls. Further explanation can be found in the Equipment section on page 49.

Welcome lighting and door-to-door illumination. Meriva’s front, rear and interior lights are activated when the car is unlocked using the remote control unit; they go out when the engine is started, or when the car is locked. On Club and Design models simply flick the main beam headlight stalk upon leaving the car and the dipped headlights and rear lights stay on for 30 seconds, giving you time to make your way from the vehicle in an unlit driveway or car park.

Audio and Sat Nav. If quality sounds are high on your agenda, you won’t be disappointed by Meriva. Choose Life or Club and you get a quality radio/CD player with steering wheel controls as standard. Select Design and you’re also treated to our ingenious rear seat Twin Audio® system and a CD player capable of playing MP3 CD files. Optional infotainment systems include our new auxiliary-in socket so you can play tracks directly from your personal MP3 player, a CD autochanger and the very best in satellite navigation too. Turn to page 48/49 for more feature information and availability details.

Perfect seating position. With a six-way adjustable driver’s seat – including height adjustment – and a tiltable steering column on Design models, it’s easy to find the perfect seating position. Club and Design models also feature a folding front armrest.

Air-con and ECC. Air conditioning provides chilled air on hot days, faster demisting on damp days and a more pleasant atmosphere throughout the year. Move up to Electronic Climate Control (ECC) for a more consistent control of the interior temperature.
How do you like to drive?

Meriva puts the driver firmly in control. To begin with, the six-way adjustable driver’s seat – including height adjustment – plus a tiltable steering column (standard on Design, optional at extra cost on Life and Club) ensure the perfect driving position. And the driver environment is packed with clever ideas to make driving easier and more enjoyable.
Enjoy the luxury of comfort and convenience.

Meriva is a great car to travel in because it’s just as comfortable in the back as in the front. And there are many clever features designed to make every journey a pleasure.

Twin Audio®. Meriva’s independent rear seat Twin Audio® system – standard on Design, optional on Club – comes with a single headphone set and separate rear controls. There’s an on/off switch, the ability to change between CD and radio tuner and a scan function. So front and rear passengers can listen to the radio or a CD totally independently and at the same time. It even mutes the rear speakers when in use. Up to two headphone sets can be accommodated with independent headphone controls for each. Additional headphone sets and alternative earhook headphones (shown left) are available as accessories.
Clever storage solutions. Meriva is packed with practical storage ideas. Depending on which model you choose, you’ll find features like a stowage net and underseat storage tray for the front passenger, a driver’s sunglasses holder, coin and drinks holders, luggage hooks and more.

Underfloor storage. All Vauxhall cars will keep your luggage under cover and out of sight, but the Meriva luggage compartment also features two side storage bins and an underfloor storage area, with three compartments including a special one designed for a warning triangle (not supplied).

Fold-out tray tables. Meriva’s practical tray tables, with their integrated drinks holders – standard on Design models – provide a handy surface for a variety of uses. They also come with net pockets for both front seat backs – perfect for magazines and other rear passenger belongings.

Fold-flat front passenger seat. Select the optional fold-flat front passenger seat and you can make room for even more luggage – enough for loads of up to 2400mm in length with both front and rear nearside seats folded. The seat back even doubles as a handy table top – ideal for those impromptu picnic stops. Turn to page 54 for more details of Meriva’s loadspace dimensions and luggage capacities.
Decide who you are.

And choose your Meriva.

No two families are identical. And no two Meriva drivers will want exactly the same blend of model, engine and equipment. That’s why we’ve made Meriva choice as flexible as possible. With four feature-packed trim levels – plus the sensational Meriva VXR – five power units and a huge array of options, option packs and accessories, Meriva offers a model to suit all families – and all budgets.

Expression is our entry model – superb value and remarkably well equipped. Life takes this successful recipe and adds just that little bit more. Club is our upwardly mobile model – clearly aspirational in its outlook. While Design models more than live up to their name – capturing everything that’s great about Meriva with an added injection of style.
EXPRESSION

Standard features include:
- Anti-lock Braking System (ABS)
- FlexSpace® flexible rear seats
- Twin front airbags
- Three rear seat head restraints and lap and diagonal rear seatbelts

Options and accessories

Vauxhall options and accessories are all about choice – selecting your new car, then personalising it to suit yourself. There’s a choice of factory-fitted options and a huge range of retailer-fit accessories. You can also choose styling products from the VXR range as well as auto design specialist Irmscher International. You’ll find further information on the following pages or just ask your Vauxhall retailer for more details.
VXR Styling Pack One. Breathe some extra style into your Meriva with a front lower spoiler, side sills, rear roof spoiler (see below) and rear skirt. All of these items are also available separately as retailer-fit accessories. Design model illustrated also features optional 16-inch alloy wheels available at extra cost.

Irmscher Styling Pack. Treat your Meriva to the Irmscher Styling Pack which consists of body colour front lower spoiler, side sills, rear roof spoiler and rear lower skirt. Vehicle illustrated also features sports silencer with twin rectangular tailpipes and 17-inch Delta alloy wheels.

Irmscher alloy wheels. With a huge range of styles – including Signa (left), Stila (right) and Delta (on vehicles) – and sizes to choose from, you’re sure to find one to suit your chosen look and budget. Don’t forget to ask about accessory wheel locking kits too.

Styling

Developed in conjunction with auto design specialists Irmscher International, Meriva styling accessories perfectly complement the vehicle’s lines, as well as being manufactured to the same exacting standards as the car itself. For availability details of these features please refer to the Vauxhall Car and Accessory Price Guide.
Available individually or in special packs at great prices, Meriva options can make life better in so many ways. Alloy wheels, air conditioning, satellite navigation – there’s a huge range to choose from. Simply make your choice when you order your new car and it’ll be fitted at the factory for you. You’ll find further information on availability in the Equipment section. Or you can ask your Vauxhall retailer.
**Protection Pack:**
- Electronic Stability Programme (ESP)
- Traction control
- Full-size curtain airbags
- Front seat side-impact airbags
- Active-safety front seat head restraints
- Front seat occupancy detection
- ISOFIX child seat fittings

**Bluetooth® technology.** *Meriva Club models can be specified with the latest mobile phone technology, operated via the car’s steering wheel mounted audio controls. Fully integrated into the car’s audio system, it is easy to use, with both voice activation and the latest Bluetooth® wireless connectivity. Further explanation can be found in the Equipment section on page 49.

*Phone and cradle not included.

**Fold-flat front passenger seat.**
Select the optional fold-flat front passenger seat and you can stretch the maximum interior load length from 1568mm to an extraordinary 2400mm. The folded seat back can even double as a handy table top – ideal for those impromptu picnic stops.

**Dual sunroof.** Meriva’s always been about treating all passengers the same. Choose the optional electrically operated slide/tilt glass front sunroof and tiltable glass rear sunroof and both front and rear seat passengers will get their fair share of the sun.

**Alloy wheels.** These optional 16-inch alloy wheels add an extra touch of style to Design models.

**INDIVIDUAL OPTIONS INCLUDE:**
- Tiltable steering column
- Air conditioning
- Halogen adaptive forward lighting
- CD 70 stereo radio/CD with MP3 format/auxiliary-in socket/satellite navigation with monochromatic graphic information display
- CDC 40 stereo radio/CD autochanger with MP3 format and monochromatic graphic information display
- CD 30 MP3 stereo radio/CD with MP3 format/auxiliary-in socket
- Rear seat Twin Audio® system with single headset (deletes auxiliary-in socket)

*Phone and cradle not included.

**Protection Pack:**
- Electronic Stability Programme (ESP)
- Traction control
- Full-size curtain airbags
- Front seat side-impact airbags
- Active-safety front seat head restraints
- Front seat occupancy detection
- ISOFIX child seat fittings

**Bluetooth® technology.** *Meriva Club models can be specified with the latest mobile phone technology, operated via the car’s steering wheel mounted audio controls. Fully integrated into the car’s audio system, it is easy to use, with both voice activation and the latest Bluetooth® wireless connectivity. Further explanation can be found in the Equipment section on page 49.

*Phone and cradle not included.

Select the optional fold-flat front passenger seat and you can stretch the maximum interior load length from 1568mm to an extraordinary 2400mm. The folded seat back can even double as a handy table top – ideal for those impromptu picnic stops.

**Dual sunroof.** Meriva’s always been about treating all passengers the same. Choose the optional electrically operated slide/tilt glass front sunroof and tiltable glass rear sunroof and both front and rear seat passengers will get their fair share of the sun.

**Alloy wheels.** These optional 16-inch alloy wheels add an extra touch of style to Design models.
Vauxhall accessories are the right choice for your Meriva. Whatever you’re into, there’s certain to be a Vauxhall accessory with your name on it, all fitted by trained Vauxhall professionals. We’ve only featured a small selection of what’s available here. The Vauxhall Car Accessory Brochure and Car and Accessory Price Guide give further details or check out our website at www.vauxhall-accessories.com

**Child seats.** Vauxhall offers a range of child seats, ergonomically styled for comfort and safety. The Baby-Safe (for babies from birth to 13kg), and Kid (15-36kg) seats are fixed with a standard lap and diagonal seatbelt, while the Duo ISOFIX (9-18kg) can also be attached using the ISOFIX child seat restraint fittings, which are standard on the outer rear seats of all Meriva models. The rigid ISOFIX anchoring mechanism virtually eliminates the dangers of incorrect child seat installation. For further information on our complete range of child seats, please ask for a copy of the Vauxhall Accessories Child Seat brochure available from your Vauxhall retailer.

**Premium bicycle carrier.** With a moulded profile that holds the bicycle upright, leaving both hands free to secure it, this innovative carrier fits bikes with a frame tube of 20-80mm diameter. Two carriers may be fitted onto the base carrier, so remember to specify left or right hand fitting.
### Dog guard*
Specially designed for Meriva, our heavy-duty steel dog guard will help keep your dog secure in the rear of the car and protects the driver and passenger in the event of sudden braking or emergency manoeuvres.

*Only fits directly behind front seats with rear seat folded flat.

### Tow bar and 12N electrics
Tow in confidence with the detachable Meriva tow bar. It won’t get in the way when you don’t need it, but it’s easy to mount when you do. And naturally, it is tested to comply with top European standards. Meriva accessory towing mirrors are also available.

### Base carrier and roof box
The Vauxhall roof rack system begins with a base carrier, comprising two T-track roof bars which support a wide range of attachments. These include a high capacity roof box which is lockable and easy to fit.

### Rear parking distance sensors
This invaluable parking aid is mounted within the Meriva rear number plate area. Activated automatically when reverse gear is selected, it beeps as you approach an obstruction changing to a continuous tone when it’s approximately 300mm away.

### VAUGHALL ACCESSORY PACKS
Vauxhall accessory packs bring together a selection of essential accessories at great prices, helping you to protect your car and equipping you for roadside emergencies.

### Travel Pack
- First aid kit
- Warning triangle
- Hi-visibility vest

### Protection Pack
- Velour mats
- Mudflaps
- Cargo liner

### Accessories 35

This is extra-sensory stimulation. Cars with soul and power to make you feel alive, electrified and inspired. A range of driver-focused, performance machines for the road, born on the track.
DISCOVER 7.9 sec
0-60 mph

VXR takes all the experience, knowledge and passion gained from over 110 BTCC wins and crystallises it into a range of high performance road cars. Clinching the 2007 Dunlop MSA British Touring Car Championship (BTCC) driver and manufacturer honours in the final race of the season, Vauxhall became the most successful manufacturer in the modern era, accumulating seven Drivers Championships, seven Manufacturers Championships and four team titles along the way.

*For more information on the Meriva VXR please ask your Vauxhall retailer for a copy of the latest VXR range brochure.*

"POINTLESS? ON THE CONTRARY, I FOUND THE JUXTAPOSITION OF MPV LOOKS AND HOT-HATCHBACK DYNAMICS RIOTOUSLY ENTERTAINING. IT MIGHT BE AN UNLIKELY IDEA, BUT IT’S A HECK OF A GOOD ONE."

*THE INDEPENDENT – FEBRUARY 2007*
Who said serious performance and family-style practicality don't mix? Quite simply, this is the clever and versatile MPV for anyone who loves driving. Check out the unique VXR styling. Lowered and uprated sports suspension. Not to mention the sensational, turbocharged 180PS 1.6i 16v engine. Truth is, you won't find a more rapid car in this class. But then, with Meriva VXR, that’s only half the story.

Safety

**Standard features**
- Driver’s airbag
- Front passenger’s airbag
- Pedal release system – Reduces potential injury to the driver’s legs and feet during a severe frontal impact
- Laminated windscreen
- Burst-proof door locks and anti-jam door design
- Reinforced passenger safety cell
- Side-impact protection beams
- Fuel tank located ahead of rear axle
- ISOFIX child seat restraint system for outer rear seats (does not include child seat)
- Child-proof locks on rear doors

- Anti-lock Braking System (ABS) with Electronic Brakeforce Distribution (EBD)
- Emergency Brake Assist (EBA) – See D1 on page 53

- Height-adjustable front seat head restraints
- Height-adjustable front seatbelts
- Pyrotechnic front body-lock seatbelt pretensioner system – Tightens the seatbelt during the early stages of a frontal impact
- Front seatbelt force limiters – Reduce potential upper body injuries during a frontal impact
- Three inertia-reel lap and diagonal rear seatbelts
- Three adjustable rear seat head restraints
- Anti-submarining ramps in all seats – Help prevent occupants sliding underneath the lap belt during a collision
- Reinforced rear seat back – Helps prevent heavy items entering the passenger compartment

Additional interior features

**Standard features**
- Front door pockets with drinks holders
- Storage box on driver’s side lower facia
- Drinks holders in centre console
- Coin holder in centre console
- Three tiltable passenger assist handles, rear with integral coat hooks
- Dipping rear-view mirror
- Twin sunvisors with mirror and document pocket
- Fade up/fade down front courtesy light operated by front door switches
- Hinged and folding luggage compartment cover
- Illuminated luggage area
- Two interior tailgate handles
- Four load restraint lashing eyes
- Storage compartments under luggage compartment floor
- Storage bins in sides of luggage compartment
- Load area sill protection
- Chrome-effect door handles, handbrake button and gear knob trim

Satellite navigation

Vauxhall’s CD-ROM-driven satellite navigation system is very simple to operate, using a range of menu-driven options which are easily accessed via the steering wheel mounted audio controls.

The CD-ROM supplied with the system covers all major link roads and streets in towns and cities across mainland Britain.

Clearly spoken instructions indicate the road you need to take or the lane you need to be in, while directional pictograms, clearly shown on the special monochromatic graphic information display, back-up the spoken commands.

The CD 70 also features Traffic Message Channel (TMC), a specific application of RDS used for broadcasting real-time traffic information, delivered either visually or verbally.

Standard features

- Automatic re-routing on request
- CD-ROMs available for all major European countries
- CD-ROM may be replaced by audio CD after route is selected
- Display of estimated time remaining and distance to destination
- Exact location of vehicle using the GPS (Global Positioning System) and speed sensor
- Choice of four different route types
- Store up to 100 personal destinations
- Last 10 destinations stored automatically

Auxiliary-in socket

The auxiliary-in socket allows you to connect your portable MP3 music player directly into the car’s audio system. All you need is your music player and a suitable connecting lead and you can listen to all your favourite tunes through your car’s speaker system. Using your MP3 music player in the car couldn’t be easier – use it to select the music, as you would normally do, while controlling the volume via the car’s regular volume controls.

MP3 CD player

An MP3 is a compressed sound or music file which, due to its small size, takes up less space on a compact disc, which means that more tracks can be recorded onto a CD. It’s possible to fit almost 10 hours of music onto one CD, and, in a way, turns a single-disc CD/MP3 player into a multi-disc autochanger. Providing you have access to a compatible computer to create the MP3 tracks, you can compress your CD collection and create your own compilations – and you won’t have to drive around with all your original CDs in the car.

Mobile phone system with Bluetooth®

Available on Meriva Club models only, Vauxhall’s factory-fit dual-band mobile phone system has been considerably enhanced. Now fully integrated into the audio and communication system, it also features voice control and will connect wirelessly to phones with Bluetooth® technology.

All the required information is displayed on the multi-function display when a mobile phone is in use, while the menus are easily navigated by either the steering wheel audio controls or the multi-function button on the radio. Certain functions can also be controlled by voice activation.

Mounted on the centre console, the phone system base unit can be fitted with phone-specific cradles (available as accessories) for many different mobile phones. A list of compatible cradles is featured in the Vauxhall Car and Accessory Price Guide.

The fuel consumption figures shown comply with EC directive 1999/100 to provide a realistic indication of fuel consumption by taking into account everyday driving conditions, such as cold starts, acceleration and braking. These figures take account of the vehicles kerbweight, ascertained in accordance with the above regulation. Important: the results given relate to the particular car tested. Variations in trim level and equipment may result in slightly higher fuel consumption and CO₂ emission levels than those quoted. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption; therefore the results do not express or imply any guarantee of fuel consumption attainable.

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. To determine total carrying capacity, deduct kerbweight from gross vehicle weight. Note that the figure obtained will include the weight of the driven passengers and any optional equipment or accessories. The maximum roof rack loading should not exceed a total of 75kg.

The maximum towing weights are based on the ability of the car with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, maximum noseweight should not exceed 55kg (50kg on 1.8i 16v models). Always fit Vauxhall towing attachments and accessories available from your Vauxhall retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.

552kg Maximum carrying capacity
Vauxhall Assistance and warranties*
- A one-year unlimited mileage manufacturer’s warranty
- Second and third year no-fee customer option warranty up to 60,000 miles (from first registration)
- Vauxhall Assistance for 12 months from first registration
- Six years’ body panel anti-perforation warranty
* = Warranty is only available on vehicles sourced from Vauxhall Motors Ltd. Terms and conditions apply – please see your Vauxhall retailer for details.

Optional transmission
Five-speed Easytronic transmission: Available at extra cost on 1.6i 16v and 1.8i 16v models. Easytronic transmission is a five-speed manual gearbox with a fully automatic mode. In manual mode, you simply push the lever forward or back to shift gears up or down sequentially. The facia display tells you what gear you’re in – 1 to 5, N for Neutral or A for Auto. Switch to fully automatic mode and it has many of the features of a regular automatic including a kickdown function. There’s no clutch pedal so you can drive it on an automatic-only driving licence. Easytronic also comes with a winter mode, which selects second gear for standing starts in slippery conditions.

Steering
- Rack and pinion
- Speed-sensitive electric power-assisted steering standard on all models
- Turning circle (kerb-to-kerb): 10.42m (34.2ft.)
- Turns lock-to-lock: 3.8 (2.9 on Design with Exterior Pack models)

Suspension
Front: Independent, MacPherson struts with coil springs and gas-pressure dampers. Anti-roll bar. Dynamic SAfety (DSA) suspension – this aids stability when braking on surfaces with differing levels of grip on either side of the vehicle by increasing front wheel toe-in at the wheel with greater grip.

Brakes
- Anti-lock Braking System (ABS)
- Asbestos-free friction material
- Dual circuit, diagonally split, dual rate servo-assisted system
- Low brake fluid level warning light
- Plastic-coated brake pipes

1.4i 16v
Front ventilated discs: 260mm diameter
Rear discs: 240mm diameter

1.6i 16v/1.8i 16v
Front ventilated discs: 280mm diameter
Rear discs: 264mm diameter

1.3CDTi 16v/1.7CDTi 16v
Front ventilated discs: 280mm diameter
Rear discs: 264mm diameter

Body
- Aerodynamic drag co-efficient: Cd 0.31

Fuel tank capacity
- 53 litres (11.7 gallons)
Technical data

Features explained

D1. Emergency Brake Assist (EBA)

Emergency brake assist detects the urgency with which the brake pedal is pressed and rapidly increases the pressure to the maximum the system can provide, shortening stopping distances. It also enhances pedal feel.

D2. Electronic Stability Programme (ESP)

ESP helps the driver maintain full control of the vehicle during adverse or emergency conditions. ESP technology is designed to monitor both the front and rear of the car independently and compare their respective directions of travel with the driver’s steering wheel input. If either the front (understeer) or rear (oversteer) of the vehicle begins to slide, ESP gently applies corrective braking to the appropriate individual road wheel, controlling the slide and maintaining safe progress.

A When a vehicle is understeering excessively, it displays an unwillingness to change direction as the outside front tyre has become overloaded and begun to slide. In this instance, ESP will apply a braking force to the inside rear wheel, slowing it down and increasing the vehicle’s yaw angle to help the front wheels change direction.

B During the more unusual oversteering situation the vehicle’s yaw angle is excessive due to the outside rear tyre having lost grip. Although countersteering is an effective solution, it is often difficult to judge how much opposite lock to apply. ESP, however, will apply the correct braking force to the outside front wheel, which will reduce the yaw angle and bring the vehicle back under control.

D3. Adaptive Forward Lighting (AFL) – halogen

Optional at extra cost on Club and Design, Adaptive Forward Lighting is a sophisticated new lighting system that allows you to see around corners! Meriva is one of the first cars in its class to offer such technology. Autocar magazine describes it as a ‘must-have’ feature. There are two main functions.

Curving light

Speed-dependent, the system is activated by movements of the steering wheel and allows the headlight beam to move up to 15 degrees left or right of the straight ahead position. This ensures that the main headlight beams are always aimed in the direction you’re about to go – and not necessarily the direction the front of the car is already pointing in!

Cornering light

Employs an additional bulb and reflector which projects a beam of light approximately 90° to the direction of travel. This ‘wide angle’ effect provides enhanced illumination of side roads and junctions. The system is speed dependent.

Seating configurations

1. With all three rear seats in place the backrests of the outer seats can be reclined individually.

2. Fold the centre rear seat down, and the base cantilevers downwards below the level of the outer rear seats.

3. The seats can now be slid inwards, providing generous shoulder room for rear seat passengers.

4. Each rear seat can be individually slid backwards 70mm to provide extra legroom. And each backrest can be reclined a further six degrees (to 29 degrees) to give a truly relaxing travelling environment.

5. Each part of the 40/20/40 rear seat back can be folded forward, giving a totally flat 1.5 metres long load area.

The optional fold-flat front passenger’s seat allows loads of up to 2.4 metres in length to be carried.
Protecting the environment
Vauxhall’s commitment to the environment is demonstrated by our products’ many environmental awards, both through the environmental improvements in our vehicle models and by ensuring cleaner and more efficient production methods.

Buying your car
DMG offers used the most comprehensive and comprehensive range of financing options in the UK. Contact your local Vauxhall retailer for details or call the DMG customer service centre on 0845 906 8615.

Servicing and maintenance
The best way to maximise the performance and reliability of your Vauxhall is to have all routine servicing and maintenance carried out at your local Vauxhall retailer. To find your nearest retailer call 0870 010 0651.

Save up to £2000 on a new Vauxhall with The GM Card

100 Blue Points worth £100 when you use The GM Card for the first time

Buy a rebate on any Vauxhall model (up to £1000 for every £1000 you spend)

Typical 14.9% APR variable

For details contact your local Vauxhall retailer.

In the event of an accident...
Vauxhall Accident Support offers an innovative mobile roadside recovery service following an accident. Benefits include:
- free towing to the nearest Vauxhall retailer
- free nationwide towing
- free breakdown advice and support
- free delivery of a replacement vehicle

Suregard protection
Suregard is available on new and older models to offer the benefits of total protection for your vehicle. For further details contact your local Vauxhall retailer or call 0870 722 7062.

Specialist Mobility advice
Mobility consultants at Vauxhall dealers can provide specialist mobility help to disabled drivers and their families.
