EVERY STREET’S CATWALK

With modern lines and undeniable style, Vauxhall Tigra demands your attention. On the move, its genuine poise and visual attitude can’t help but make an impression, wherever you go. Roadster or coupé, Tigra Air, Exclusiv or the exciting new Sport Rouge model. It’s all about the look.

This brochure covers Tigra Air, Sport Rouge and Exclusiv models only. Some of the vehicles shown include options and accessories available at extra cost. A full list of options and accessories is available in the brochure or Vauxhall website: www.vauxhall.co.uk. From time to time, we also offer limited edition Tigra models, such as Special Editions. Details in your local Vauxhall Damastor or visit the Vauxhall website: www.vauxhall.co.uk.

THREE HOT MODELS  
TWO GREAT LOOKS  
ONE SIMPLE DECISION

Tigra now comes in three great styles – including the new Sport Rouge option with its unique red fabric-covered hard top. And every model has two brilliant looks – sporty roadster and stylish coupé. So the only real decision is 'top up or top down'. And that one's easy. Tigra's retractable steel hard top can be raised or lowered in 20 seconds, so you can change your mind as often as you like – and still look fantastic.

The only real decision is: top up or top down. And that one's easy. Tigra’s retractable steel hard top can be raised or lowered in 20 seconds, so you can change your mind as often as you like – and still look fantastic.
Tigra has a spacious, stylish interior where everything feels right, works well and looks brilliant – especially you! There’s a tiltable steering column and the sports seats have six-way adjustment – with leather trim standard on the Exclusiv model. The steering wheel has audio remote controls and the windscreen, side windows, and mirrors are electrically operated. It all adds up to total control and complete comfort.

We all share a responsibility to look after our world. And Vauxhall has been at the forefront of green automotive initiatives for many years. Most recently, we are looking at new ways to further reduce vehicle CO2 emissions and are working on cleaner, more efficient alternative power sources, including zero-emission fuel cell technology.

But our commitment to preserving the environment goes even further. We have dramatically reduced manufacturing emissions, for example. Our designers aim to use more recycled materials and improve parts recyclability wherever possible. And we also offer free and easily accessible, environmentally friendly end-of-life vehicle disposal through our partner Autogreen Ltd.

That way, we reduce our environmental impact in every phase of every vehicle’s life cycle. Because your world is our world, too.

LOOK DEEPER
THERE'S MORE TO DISCOVER

Looks get you far, but talent gets you further. Beneath Tigra's cool exterior lies a brilliant chassis tuned for high stability, impressive grip and superb ride comfort. The speed-sensitive, power-assisted steering and sporty, low profile tyres give you a real sense of control.
Looks get you far, but talent gets you further. Beneath Tigra’s cool exterior lies a brilliant chassis, tuned for high stability, impressive grip and superb ride comfort. The speed-sensitve, power-assisted steering and sporty, low profile tyres give you a real sense of control.
Retractable hard top. Tigra’s electrically retractable hard top is best appreciated in action. In one smooth, smart movement, your cool coupé becomes a sensational roadster. And it’s so easy. Simply press the button. The boot lid opens ‘backwards’ and the two-piece hard top glides back almost vertically into the body just behind your seat. Want to time it? Just under 20 seconds. And, for safety reasons, you can stop the process at any time by simply taking your finger off the button. If the sun goes in, the same pushbutton operation lifts and seals the roof just as quickly and easily, leaving you completely protected against the weather and far more secure, of course.

WANT TO TRAVEL IN SPACE? LOOK INSIDE

When the sun is out, we all want roadsters. When it’s not, we don’t. That’s why Tigra caters for both scenarios. And still makes loads of space for plenty of bags and shopping – roof up or down.

Loadspace. Talk about clever. The Tigra power-operated boot lid opens one way when you retract the hard top and another when you want to load your luggage. The boot space is roomy too, providing an incredible 320 litres of boot space with the roof up and as much as 189 litres when it’s lowered.

Rear storage area. An opaque as the boot is, there are still times when it’s easier to stash your stuff inside the car. Handy then, that Tigra has another, deep storage compartment behind the seats, with as much as 23 litres more storage space for travel bags, shopping you name it.

Safety and security

Additional safety features. For maximum protection, Tigra has a reinforced passenger cabin with side-impact beams. In a frontal impact, our unique pedal release system helps protect your feet and legs, and ‘anti-submarining’ seat ramps help prevent you sliding underneath the lap belt.

Airbags. Tigra features driver, passenger and twin side-impact airbags. These are backed by a body-lock seatbelt pretensioner system, which tightens the seatbelt during the early stages of an accident. Meanwhile, vehicle stability control (ESC) ensures that the vehicle remains stable in the face of adverse road conditions.

ESP and traction control. The optional Electronic Stability Programme (ESP) helps you maintain control during adverse or emergency conditions. If the car begins to slide, ESP gently applies corrective braking to the appropriate road wheel to help you regain control. Traction control helps prevent wheelspin during acceleration.

Rollover protection. Tigra is well-prepared with a reinforced windscreen surround and extra body strengthening. The high-strength aluminium style hoops just behind the seats provide additional protection in the head area.

Additional security features. A remote control ultrasonic alarm system is just part of a long list of available security features. Others include an engine deadlock immobiliser, remote control deadlocking and door-to-door illumination, which helps you find your way from an unlit garage or car park.
Safety and security

**Additional safety features.** For maximum protection, Tigra has a reinforced passenger cabin with side-impact beams. In a frontal impact, our unique pedal release system helps protect your feet and legs, and ‘anti-submarining’ seat ramps help prevent you sliding underneath the lap belt.

**Airbags.** Tigra features driver, passenger and twin side-impact airbags. These are backed by a body-lock seatbelt pretensioner system, which tightens the seatbelt during the early stages of an accident, and seatbelt force limiters, which reduce the force in the chest area, if necessary, in the event of a frontal collision.

**ESP and traction control.** The optional Electronic Stability Programme (ESP) helps you maintain control during adverse or emergency conditions. If the car begins to slide, ESP gently applies corrective braking to the appropriate road wheel to help you regain control. Traction control helps prevent wheelspin during acceleration. Page 38 of the Equipment section explains things in more detail.

**ABS.** Tigra’s Anti-lock Braking System (ABS) with Electronic Brakeforce Distribution and Emergency Brake Assist can reduce emergency stopping distances, particularly on slippery roads. It prevents the wheels from locking up and allows drivers to retain steering control in emergency braking situations.

**Rollover protection.** Tigra is well-prepared with a reinforced windscreen surround and extra body strengthening. The high-strength aluminium style hoops just behind the seats provide additional protection in the head area.

**High security.** A remote control ultrasonic alarm system is just part of a long list of available security features. Others include an engine deadlock immobiliser, remote control central deadlocking and door-to-door illumination, which helps you find your way from an unlit garage or car park.

**Look after yourself. Here’s how Tigra cares.** Here’s one roadster that combines high body and chassis integrity with a long list of extensive safety features. The result? A high 4-star EURO NCAP (New Car Assessment Programme) safety rating. Sexy and sensible. That’s Tigra.

Air conditioning. Standard on Tigra Exclusiv and optional on all other Tigra models, air conditioning provides chilled air on hot days, faster demisting on damp days and a more pleasant driving environment the whole year round.

Windbreak. However fast you’re moving, you can always look as good as you feel with the Tigra windbreak, which significantly reduces wind buffeting from behind. Standard on Tigra Exclusiv and Sport Rouge, it’s also optional on Air models as part of the Travel Pack, together with a retaining net for the storage area behind the seats.

Electric seat heating. Making life that little more comfortable on cold wintry mornings, electrically heated sports seats are standard on Tigra Exclusiv and available as part of the optional Leather Pack on Tigra Sport Rouge. The Smoker Pack illustrated is an extra cost retailer-fit accessory.

Cruise control. Optional as part of the Plus Pack, along with a multi-function trip computer, this practical, easy-to-use feature allows you to maintain a steady speed without keeping your foot on the throttle. So it’s more comfortable on long journeys and easier to keep to speed limits too.

Leather trim. Now we’re talking luxury. Choose Tigra Exclusiv or the optional Leather Pack on Sport Rouge models, and you’re into the upmarket look and feel of charcoal leather seat facings and head restraints. Exclusiv models also feature unique silver stitching. Both leather seat designs include electric heating for the sports seats.

Audio and Sat Nav. The CD 30 MP3 stereo radio/CD player (standard on Sport Rouge and Exclusiv – optional on Tigra Air) features an ‘auxiliary-in’ connection so you can now play MP3 tracks direct from your own MP3 player as well as from a CD. The optional CD 70 system adds even more functionality including variable navigation with a monochrome graphic information display. The optional CDC 40 unit features a radio/CD player with a six-disc CD autochanger and a monochrome graphic information display. Steering wheel mounted audio controls are, of course, standard on all Tigra models.

OPTIONS AND ACCESSORIES

Vauxhall options and accessories are all about choice – selecting your new car, then personalising it to suit yourself. There’s a choice of factory-fitted options and a huge range of retailer-fit accessories. You can also choose styling products from the VXR range as well as auto design specialist Irmscher International. You’ll find further information on the following pages or just ask your Vauxhall retailer for more details.

VXR Styling Pack One.

Tigra Exclusiv model illustrated features VXR Styling Pack One (consisting of front lower spoiler, side sills, rear lower skirt and boot lip spoiler). The items are also available separately as retailer-fit accessories.

Inspired by the hugely successful VXRacing team, Vauxhall VXR styling products come with all the same experience, knowledge, and passion for style and performance. They put the accent firmly on quality and exclusivity, with a winning edge. And they add flair, personality and excitement to every Tigra model. VXR styling products are available as factory-fit option packs or accessories fitted by your Vauxhall retailer. Please refer to the Vauxhall Car and Accessory Price Guide for availability details of the full Vauxhall VXR range.

Developed in conjunction with auto design specialists Irmscher International, Tigra styling accessories perfectly complement the vehicle’s lines, as well as being manufactured to the same exacting standards as the car itself. For availability details of these features – please refer to the Vauxhall Car and Accessory Price Guide.

Irmscher Styling Pack.

Tigra Exclusive model illustrated features Irmscher Styling Pack One (consisting of body-colour front lower skirt extensions, rear wing spoiler and sports silencer with twin round tailpipes and an Irmscher chrome-effect badge and keyring). Vehicle illustrated additionally features stainless steel door handle covers, carbon-effect panels for the rear bumper and 17-inch Sport Star alloy wheels (left) or 17-inch Delta alloy wheels (above). All available as extra-cost retailer-fit accessories.

Irmscher Styling Pack. Treat your Tigra to the Irmscher Styling Pack which consists of body-colour front lower skirt extensions, rear wing spoiler and sports silencer with twin round tailpipes and an Irmscher chrome-effect badge and keyring. Vehicle illustrated additionally features stainless-steel door handle covers, carbon-effect panels for the rear bumper and 17-inch Sport Star alloy wheels (left) or 17-inch Delta alloy wheels (above). All available as extra-cost retailer-fit accessories.
Available individually or in special packs of great prices, Tigra options can make life better in so many ways. Alloy wheels, infotainment upgrades, air conditioning – there’s a huge range to choose from. Simply make your choice when you order your new car and it’ll be fitted at the factory for you. You’ll find further information on availability in the Equipment section or you can visit your Vauxhall retailer.

Individual options:
- Five-speed Easytronic transmission
- Air conditioning (standard on Exclusiv)
- Electronic Stability Programme (ESP)
- Automatic seat occupancy detection for passenger’s airbag
- Rear parking distance sensor
- 17-inch five-spoke alloy wheels with 205/45 R17 tyres (standard on Exclusiv with Anthracite inner)
- Remote control ultrasonic security alarm system (standard on Sport Rouge and Exclusiv)
- CD 50 stereo radio/CD with MP3 format (standard on Sport Rouge and Exclusiv)
- AUX-in socket
- CD changer with six-disc
- CD changer with MP3 format

Leather Pack (Sport Rouge only):
- Leather seat facings and head restraints
- Electrically heated sports seats

Plus Pack:
- Cruise control
- Multi-function trip computer
- Graphic information display

CD 70 stereo radio/CD with MP3 format/auxiliary-in socket/satellite navigation with monochromatic graphic information display.

Protection Pack:
- Velour mats
- Windbreak

Travel Pack:
- First aid kit
- Warning triangle
- Hi-visibility vest

Protection Pack:
- Velour mats
- Windbreak

Travel Pack (standard on Sport Rouge and Exclusiv):
- Windbreak
- Retaining net for storage area behind seats

Headlight protectors. They’re fitted in moments, yet provide real protection for your headlights against chips and cracks. Take one for your Tigra. They’re available in a standard format and carbon fibre-effect.

Rear parking distance sensors. This invaluable parking aid is mounted within the Tigra rear number plate area. Activated automatically when reverse gear is selected, it warns you as you approach an obstruction, changing to a continuous tone when it is approximately 300mm away.

Vauxhall accessories are the right choice for your Tigra. Whatever you’re into, there’s certain to be a Vauxhall accessory with your name on it. All fitted by trained Vauxhall professionals. We’ve only featured a small selection of what’s available here. The Vauxhall Car Accessory Brochure and Car and Accessory Price Guide give further details or check out our website at www.vauxhall-accessories.com

Equipment

- Matt aluminium style hoops rollover protection.
- Airbag pre-tensioner system – Helps prevent premature deployment of the seatbelt during a frontal impact.
- Anti-submarining ramps in seats – Help prevent occupants sliding underneath the lap belt during a collision.
- Automatic seat occupancy detection for passenger’s airbags.
- Electronic Stability Programme (ESP) with traction control.
- Electronic engine deadlock immobiliser.
- Electronic theft protection for audio equipment.
- Remote ‘Key left in ignition’ audible warning.
- Remote two-stage central locking with security deadlocks.
- Remote control ultrasonic security alarm system.
- Integral protective side door padding.
- Pedal release system.
- Remote display.
- Radio aerial mounted on windscreen surround.
- Remote monochromatic graphic information display.
- Security

- Display panel showing time, date, audio information and outside air temperature (with ice warning function).
- Disc brake with automatic ABS 350 system.
- Electronic deadlocks.
- Lockable glove compartment.
- Separate steering column.

Audio equipment

- Standard features
  - CD 30 MP3 stereo radio/CD player with MP3 format.
  - AM/FM stereo radio with 24 station presets.
  - Remote display.
  - Wheel input.
  - Auxiliary-in socket.
  - Remote control two-stage central locking with security deadlocks.
  - Display panel showing time, date, audio information and outside air temperature (with ice warning function).
  - Electronic engine deadlock immobiliser.
  - Electronic theft protection for audio equipment.

- Options
  - CD 70 stereo radio/CD player with MP3 format.
  - AM/FM stereo radio with 36 station presets.
  - Remote display.
  - Wheel input.
  - AUX auxiliary-in socket.
  - Display panel showing time, date, audio information and outside air temperature (with ice warning function).
  - Electronic engine deadlock immobiliser.
  - Electronic theft protection for audio equipment.

- Security

- Standard features
  - Remote control ultrasonic security alarm system.
  - Remote ‘Key left in ignition’ audible warning.
  - Electronic deadlocks.
  - Lockable glove compartment.
  - Separate steering column.

- Options
  - CD 70 stereo radio/CD player with MP3 format.
  - AM/FM stereo radio with 36 station presets.
  - Remote display.
  - Wheel input.
  - AUX auxiliary-in socket.
  - Display panel showing time, date, audio information and outside air temperature (with ice warning function).
  - Electronic engine deadlock immobiliser.
  - Electronic theft protection for audio equipment.

Additional feature

- Electronic Stability Programme (ESP) applies the braking force to the outside rear wheel, slowing it down and increasing the vehicle’s yaw angle to help the front wheels change direction.

- During the more unusual oversteering situation the vehicle’s yaw angle is excessive due to a slip over a cornering edge or a build up of cornering speed. ESP gently applies corrective braking to the appropriate individual road wheel, controlling the slide and maintaining safe progress.

- ESP will apply a braking force to the inside rear wheel, slowing it down and increasing the vehicle’s yaw angle to help the front wheels change direction.

- ESP will apply the braking force to the inside rear wheel, slowing it down and increasing the vehicle’s yaw angle to help the front wheels change direction.

- ESP, however, will apply the correct braking force to the outside front wheel, which will reduce the yaw angle and bring the vehicle back under control.

- Although countersteering is an effective solution, it is often difficult to judge how much opposite lock to apply. ESP, however, will apply the correct braking force to the appropriate individual road wheel, controlling the slide and maintaining safe progress.

Audio equipment

- Standard features
  - AM/FM stereo radio with 24 station presets.

- ESP will apply a braking force to the inside rear wheel, slowing it down and increasing the vehicle’s yaw angle to help the front wheels change direction.

- ESP will apply the braking force to the outside front wheel, which will reduce the yaw angle and bring the vehicle back under control.

- Although countersteering is an effective solution, it is often difficult to judge how much opposite lock to apply. ESP, however, will apply the correct braking force to the outside front wheel, which will reduce the yaw angle and bring the vehicle back under control.

- Although countersteering is an effective solution, it is often difficult to judge how much opposite lock to apply. ESP, however, will apply the correct braking force to the outside front wheel, which will reduce the yaw angle and bring the vehicle back under control.
Safety

Standard features • Driver's airbag • Passenger's airbag • Side-impact airbags • Pedestrian release system • Electronic stability programme (ESP) • Anti-lock brakes • Electronic traction control • Electronic brakeforce distribution (EBD) • Tyre pressure monitoring system (TPMS) • Rain-sensing wipers

Electronic Stability Programme (ESP) ESP helps the driver maintain full control of the vehicle during adverse or emergency conditions. ESP technology is designed to monitor both the front and rear of the car independently and compare the perpendicular directions of travel with the driver's steering wheel input. If either the front, or rear or both, wheels have moved off the intended path, ESP may apply a braking force to the inside rear wheel, slowing it down and increasing the vehicle's yaw angle to help the front wheels change direction.

When a vehicle is understeering excessively (understeer) of the vehicle begins to slide, ESP gently applies corrective braking to the appropriate individual road wheel, without losing traction. This braking action if too much opposite lock to apply. ESP, however, will apply the correct amount of braking force to help prevent the rear wheels from locking up.

Equipment

Equi...
Windbreak (as part of Travel Pack).

Equipment

Optional 17-inch alloy wheel.

Alloy-effect gear knob insert.

Additional features

Air conditioning and air recirculation facility

Seating and upholstery

Head restraints and head restraints

Additional interior features

Dual Ellipsoidal (DE) headlights

Wheels and tyres

- 17-inch alloy wheels (steel spare) with 205/50 R 17 ultra-low profile tyres

Standard features

- 17-inch five-spoke alloy wheels with anthracite inner and 205/45 R 17 ultra-low profile tyres

- 17-inch five-spoke alloy wheels with 205/45 R 17 ultra-low profile tyres

- 17-inch five-spoke alloy wheels with 205/50 R 17 ultra-low profile tyres

- 17-inch five-spoke alloy wheels with 205/50 R 17 ultra-low profile tyres

- 17-inch five-spoke alloy wheels with 205/50 R 17 ultra-low profile tyres

- 17-inch five-spoke alloy wheels with 205/50 R 17 ultra-low profile tyres

- 17-inch five-spoke alloy wheels with 205/50 R 17 ultra-low profile tyres

- 17-inch five-spoke alloy wheels with 205/50 R 17 ultra-low profile tyres

**Engine noise levels:**

- 1.4i 16v: 75 (1.4) decibels
- 1.8i 16v: 70 (1.5) decibels

### Vauxhall Assistance and warranties**

- 5 years/100,000 miles manufacturer’s warranty
- 2 years/Unlimited miles manufacturer’s warranty
- 12 months manufacturer’s warranty
- 2 years/Unlimited miles Vauxhall Assistance for 12 months from the registration
- 3 years’ body parts anti-perforation warranty
- *Optional equipment available on vehicles sourced from Vauxhall Motors Ltd. Please also consult Vauxhall Assistance and Warranty leaflet.

### Optional transmission

#### Flow-controlled automatic transmission

- Available as standard on 1.4i 16v and 1.8i 16v models. Easytronic transmission is a flow-controlled automatic gear box with fully automatic mode in normal mode. You simply push the lever forward to lock or unlock the selector. The lever can also be engaged in an automatic mode.

- Transmission is engaged by pressing the button in the facia display tells you what gear you’re in – 1 to 5 for Neutral or Auto. This is a fully automatic mode and is, like the manual, locked to the selector. The lever can also be engaged in an automatic mode.

### Manual/Easytronic

- Manual/Easytronic: A one-speed manual gearbox with a fully automatic mode in normal mode, you simply push the lever forward to lock or unlock the selector. The lever can also be engaged in an automatic mode.

### Automatic

- Automatic: A five-speed automatic transmission with a fully automatic mode in normal mode, you simply push the lever forward to lock or unlock the selector.

### Power

- 1.3CDTi 16v: 90PS (66kW) @ 5600rpm
- 1.8i 16v: 125PS (92kW) @ 6000rpm
- 1.4i 16v: 70PS (51kW) @ 4000rpm

### Torque

- 1.3CDTi 16v: 170Nm (125 lb.ft.) @ 1750-2500rpm
- 1.8i 16v: 165Nm (122 lb.ft.) @ 4600rpm
- 1.4i 16v: 104Nm (78 lb.ft.) @ 6600rpm

### Fuel tank capacity

- 45 litres (9.9 gallons)

*Please note: for vehicles with air conditioning (A/C) or not available (in black brackets) gross vehicle weight.

**Fuel/induction system**

- 4 cylinders, 4 valves per cylinder, double overhead camshafts
- Naturally aspirated with vacuum-controlled twinport inlet ports
- Multi-point sequential fuel injection
- Turbocharged with intercooler and common rail fuel injection

**Service interval**

- 20,000 miles or 1 year (whichever occurs sooner)
- * = Warranty is only available on vehicles sourced from Vauxhall Assistance and warranty programmes.

**Suspension**

- Independent MacPherson strut suspensions on all models
- Torsion tube with compound links, progressive-rate double conical mini-block springs and gas-pressure dampers.
- 1.8i 1 SportRouge and Exclusiv models feature a sports chassis.

**Brakes**

- Dual circuit, diagonally split, anti-lock Braking System (ABS) with Electronic Brakeforce Distribution (EBD) standard on all models.
- Plastic-coated brake pipes
- Asbestos-free friction material
- Anti-lock Braking System (ABS) with Electronic Brakeforce Distribution (EBD)
- Torsion tube with compound links, effective damping with spring and gas-pressure dampers.

- 3 year/60,000 miles manufacturer’s warranty.
- 12 months/12,000 miles Vauxhall roadside assistance.

**Technical data**

- 1.8i 16v engine is super-economical.

- 1.3CDTi 16v engine gives 125PS

- 72.4mpg

- Punchy performance

- ECOTEC-4

- 1.4i 16v Manual/Easytronic

- 1 to 5, N for Neutral or A for Auto.

- Electronic power-assisted rack and pinion steering.

- Five-speed manual gearbox with a fully automatic mode.

- Dual circuit, diagonally split, anti-lock Braking System (ABS) with Electronic Brakeforce Distribution (EBD) standard on all models.

- 1110kg kerb weight

- 45 litres (9.9 gallons) fuel tank capacity

- Front and rear disc brakes

- 616mm (24.3”) turning circle (kerb-to-kerb)

- 124g/km CO₂ emissions

- 72.4mpg fuel consumption

- 17%/16% gear change

- Roof up

- Roof down

- Air conditioning: 25kg must be added to both kerbweight and gross vehicle weight.

- Torsion tube with compound links, effective damping with spring and gas-pressure dampers.
The GM Platinum Card is issued by HFC Bank Limited and is available to persons aged 18 years or over and resident in the UK (or 21 and over in the Channel Islands) and is subject to status and conditions. Written quotations are available after application from the GM Platinum Card. Rebate Points are not redeemed on Balance Transfers or Cash Advances. You earn money off a new Vauxhall/SAAB by accumulating Rebate Points under the Rebate Points Programme. Vauxhall Motors Ltd is solely responsible for the operation of the Rebate Points Programme which is subject to the Rebate Points Programme Rules. You can redeem up to 3000 Rebate Points subject to the Model Line Maximum which will vary in amount in relation to different Vauxhall/SAAB vehicle model lines and limited Partner Points. Rebate Points and limited Partner Points are redeemable as discounts on a new Vauxhall/SAAB vehicle and must be redeemed within five years from the date of purchase. Rebate Points may be redeemed using only Partner Retailers. The GM Card is a bankcard name and style of both HFC Bank Limited and Vauxhall Motors Limited. HFC Share is registered in England No. 3117352. Registered Office: North Street, Winkfield, Windsor, Berkshire SL4 4TD is authorised and regulated by the Financial Services Authority.
