BACK WITH A BITE.

VIVA is entirely different to anything you might recall of the old Viva.

Stylish and compact, yet surprisingly roomy, VIVA brings you clever design and big car features with small car efficiency at an incredibly affordable price.

There’s smart technology too. City Mode steering – for tight inner city manoeuvres – and lights that show the way around corners come as standard. There’s even the option of lane departure warning to keep you on track.

VIVA features also include cruise control, electronic climate control and no less than six airbags. And, with options like an electric glass sunroof and heating for the front seats and steering wheel, it can handle all varieties of British weather.

Add a punchy, super-efficient 1.0 litre engine that’s great for the city as well as the open road and you’ll find that VIVA gives you a truly smart run for your money.

So come and discover VIVA. It may share a name with the old Viva, but the rest is simply history.

INNOVATIVE FEATURES AND LUXURY OPTIONS

EXCEPTIONAL STANDARDS.

When we designed VIVA, our approach was simple: more is more. Driving this car, you’re surrounded by smart technology for your safety and convenience, with additional options to make life even more comfortable.

1. **Cruise control with speed limiter.** Takes the effort out of motorway drives and keeps you inside the speed limit. Ideal for safely negotiating those inevitable roadwork speed restrictions.

2. **Five doors, loads of room and clever design inside.** Gives you quick and simple access for five people with plenty of storage options.

3. **Fog lights with cornering light function.** When you indicate or make a sharp turn, the cornering lights turn on automatically to light your way. So you stay safe and sound on those dark nights.

4. **City Mode.** Lightens the steering to make tight, low speed turns easier when you’re parking. Add the optional rear parking distance sensors and you won’t believe how easy it is to park and manoeuvre into those tight parking spaces.

5. **Lane departure warning*.** Lets you know if you start drifting out of your lane without signalling first to help keep you on the straight and narrow.

6. **Heated door mirrors.** Essential for those frosty early morning starts. Add the Winter Pack* for a heated leather steering wheel and seats for a toasty welcome.

*Optional at extra cost.

// Optional rear parking distance sensors help you park confidently with sensors to warn of objects behind
